## ANCIENT LADIES HAD THEIR WARPAINT, TOO

LONDON, Jan. 2.—(U. P.)—Women who danced for and with the Pharaohs put on the warpaint just as enthusiastically as the lady of today.

A collection of the vanity-pots of an Egyptian lady of quality, rescued from the tomb which held her mummified corpse has just been brought to London. In it, wonderfully blown glass took the place of the silver toilet accessory of the present time.

Some of the glass pots are beautifully iridescent—due to the inroads made on the pots by the acid in the stibium with which they were filled, and with which the Egyptian beauty painted her eye-lids and eye-brows.

The collection included a henna pot still containing traces of the dye with which feminine Egypt of the period benned her finger nails—as London's smart set is doing this season.

## OFFICE CAT

Pome.

Mary had a little jug  
She corked it up too soon;  
The stuff inside began to work  
And tarted toward the moon.

Do you remember when a telephone was a convenience?

Saying it with flowers doesn't greatly interest the man whose funeral it happens to be.

"My wife and I have been married 12 years and we still hold hands. If we let go we'll kill each other."

Yes, Do.

It's easy enough to be happy  
When the world moves along like a clock,  
But the man that's worth while  
Is the guy who can smile  
With a hole in the toe of his sock.

There was an Englishman on the train. He would jump off every time the train stopped and run ahead to the baggage car and ask if his trunk was all right. The baggage man finally got sore and said to him, "You ought to be an elephant instead of a jackass, then you would have your trunk in front of you all the time."

## NEW YORK NEEDS BOOSTERS.

NEW YORK, Jan. 2.—Mayer Hyman has suggested the organization of a "Boosters' Club," to include all the city newspapers, for the purpose of advertising New York city.

I knew a man that was so stingy he married an armless woman to keep from buying the ring—he used to stop the clock at nights to keep from wearing out the works. He would look over his glasses to keep from wearing them out. He used to take long steps when he walked to save his shoes. When he sent his hired man into the orchard to gather cherries he would keep him whistling all the time so he couldn't eat any of the fruit. He took his food in capsules to save his teeth. He lost his pocketbook with twenty dollars in it. A fellow found it and returned it a week later. He charged the fellow interest on the money while he had it.

## "HOOSH CIGAR" APPEARS.

COLUMBUS, Ohio, Jan. 2.—(I. N. S.)—The hoosh perfecto has made its appearance here. Ostensibly a foil-wrapped cigar, the owner pulls off the foil, draws a cork and—presto, he imbibes a slug of hoosh.

Lawyer—"So you want a divorce from your wife. Aren't your relations pleasant?"  
Client—"Mine are, but hers are the most unpleasant lot I ever met."

THE LARGEST CLOTHING DEPARTMENT STORE ORGANIZATION IN THE WORLD

## Buying With the Assurance Your Right!

Davy Crockett used to say, "Be sure you're right, then go ahead." Economy is not a matter of saving; it's spending money to the best advantage. You can add materially to the effectiveness of your buying by patronizing a store where the utmost is given for the least expenditure.

The J. C. Penney Company names its price—the same for all! Peter is never robbed to pay Paul. In paying the price, you know you are getting the same square deal as your neighbor.

Money has an earning power and paying cash enables you to save a percentage of the losses sustained in doing a credit business.

Carrying home your own purchases saves you the increase in prices that is added to cover the cost of delivery—horses, automobiles, their upkeep, delivery men!

And added to these important savings is the purchasing power of this Nation-wide institution—an organization of 312 stores in 25 states. You can "go ahead" at a J. C. Penney Company store with full assurance that "you're right."
