Plate Glass Broken.
The big plate glass window on the auto and broke the window. A new broom store was broken Saturday when a bit of rock or broken pavement hurtled against the glass. The pavement on Main street at this point is being taken up in order to permit of the laying of a water main. It is thought a chip from the pavement flipped from under the wheel of an auto and broke the window. A new glass will be necessary.

They Ate Ducks.
The balcony of the Delta was the scene of a very enjoyable duck feed last night at six o'clock when Pete Shaver entertained at a Mallard din-

ner for a number of his masculine friends. Among those who enjoyed the affair were "Eph" Jones, "By" Gum, Ralph Swallo, Dick Daley, Jube Temple, John Dunning and "Peter B." Kyme. The host occupied the chair at the head of the table and presided during the event. Jube Temple poured, and Gumm favored the guests with several selections on the player piano. Kyme enlivened the session with a number of short stories.

They Challenge Grapplers.
Another wrestler has thrown his name into the ring and is willing to take on local men for honors in the person of one Ted Thy. Multnomah A. A. C. star grappler. In a letter received by the East Oregonian, Thy declares that he is now open to matches and he would like to come to Pendleton to meet McCarroll, Singh or Nelson of Walla Walla. He declares he will agree to throw any one of the trio twice in one hour. The wrestling sport shows indications of having come to Pendleton, and it may be that Thy will be included in some of the bills which are being arranged for the coming eight weeks.

Police Grab Suspects.
Two men arrested Sunday by Chief W. R. Taylor and held here in the city jail may prove to be a pair badly wanted by the Portland police. A check-up by the police today leads them to believe. It is thought that the pair had something to do with a safe blowing job in Portland recently. They gave their names here as William Curry and W. E. Trooms. Their records will be checked carefully. Dan Downey was arrested by the police Saturday on a charge of being drunk and disorderly. Several Indians are also held in jail for trials Tuesday morning.

Pheasants Are Starving.
China pheasants are having a hard time of it this winter, especially during the past few weeks since the ground has been covered with ice and snow, and if help is not given the game birds, some sportsmen have expressed the opinion that the pheasants' ranks will be sadly decimated before spring comes. Several birds have been run over by motor cars on the highways due to weakness which makes it impossible for them to elude the cars, according to Manuel Friedly. Others in the fields are so weak that they have lost all fear of mankind. The mantle of ice and snow on the ground has made it impossible for the birds to get feed.

Girls Held in Jail.
Three girls, all claiming to be 17 years old, two of them married, are held in the city jail as a result of arrests made by the police yesterday. The young women are Mildred Hartgrave, of Freewater, Mrs. Anna Maynard, Pendleton, and a Mrs. Winn of Freewater. The arrests were made as the result of a complaint by Mrs. Winn who told the police that the other two girls had appropriated her clothes and were going to La Grande. The Hartgrave and Maynard women were providing funds for local men as a result of their activities in the Spokane Hotel, according to the story told the police by the Winn girl. The preliminary hearing of the trio will be held in police court in the morning.

Grocer Salesman Dies.
William Anderson, for four years in the employ of Gray Bros. grocery store, died last night at his home, 618 Matlock street, as the result of a nervous breakdown. He would have been 39 years old if he had lived until the 22nd of this month. Besides the widow, he is survived by one daughter, Miss Evelyn Anderson. One brother, Halmer Anderson, was at the bedside when death came. The mother and several other brothers of the deceased live in Minnesota, the old home of the Andersons. Mr. Anderson was a member of the Presbyterian church and belonged to the Odd Fellows and the Modern Woodmen of America. Funeral arrangements have not been completed yet, pending word from the relatives in the Middle West.

MAHOGANY, WALNUT AND TEAKWOOD BARS MAY BE CHOPPED INTO FIREWOOD

Under State Law Officials Confiscate Fixtures in Any Establishment Selling Liquor

DETROIT, Mich., Jan. 2.—(A. P.)—Dozens of mahogany, walnut and

teakwood bars, tables and fixtures from saloons razed in the Detroit district since the advent of prohibition, a display of highly polished and costly wood values at upwards of \$300,000, may be chopped into firewood and distributed among Detroit's poor. Of these bars and tables, over which thousands of dollars have been crooked and that in years past have been made to glisten by constant application of towels in the hands of white aproned attendants may be converted into benches for august judges or into pulpits behind which clergymen will stand and voice the arguments for a saloonless world.

While state and city prohibition forces are making up their minds which course to pursue in disposal of

the valuable store of wood, rats and mice are playing havoc with the bars and tables, that have been dumped in a heap near one of the city's police stations.

Under a state law prohibition officials confiscate the fixtures in any establishment found to be dispensing liquor. Lacking a place to store these articles the officials have piled them in a vacant place outdoors, thus creating what the police call the city's "mahogany dump."

Judge William M. Heston of Recorder's court has decreed the collection be cut into fire wood and given to the poor. Others propose the water-soaked pile be salvaged and that the wood be used to make pulpits and judges' benches.

For display purposes the wood is worth a fortune but for firewood it is no better than the more plebian varieties. City officials say that to cut the bars into stave wood would cost more than it would be worth for that purpose. Therefore the proposal of Judge Heston will not be put into effect, for a time, at least.

While a solution is being reached the owner of the property on which the "mahogany dump" is located is frantically urging the officials to "take it away" as he needs the space and also because the "lump" has become the home of scores of rats.
