Attend Every Day of This Great Sale.

Yours is the Saving.

INSANITY FROM LIQUOR GROWING IN GERMANY

BERLIN, Jan. 6.—(A. P.)—The number of cases of insanity attributed to the excessive use of alcohol has increased in Germany to such an extent that some writers view the situation with alarm and discuss the advisability of restricting the use of intoxicants. All illness due to use of alcohol have

increased 100 per cent in the last year over the average for the war years, according to official statistics. Such authorities, denying that the use of alcohol has greatly increased, attribute the present situation to the weakened stamina of the German people.

JEWES HOLD BACK.

KOYNO, Lithuania, Jan. 6.—(A. P.)—Quotas of about 50 persons, prospective immigrants to the United States, are waiting every morning at the opening hour outside the passport office of the American consulate here, which commenced work on November 7. The number is growing daily, and it is understood that a steamship company here which has direct lines from the Baltic ports to America has already booked 2,000 passages in advance. The majority of applicants appear to be women, while it is particularly noticeable that Jewish immigrants, contrary to expectations, seem for some reason to be holding back, at least for the present.

CUT THIS OUT—IT IS WORTH MONEY

DON'T MISS THIS. Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. "Try the drug store first," and Koepfens, the drug store that serves best, for Prescriptions.

IF THE PROFITEERS RUN TRUE TO FORM

EUROPE HAS PROPOSAL FOR SUPER POWER LINE

PARIS, Jan. 5.—(A. P.)—The linking of groups for the principal countries of the world into huge high power transmission systems from which electrical energy sufficient to provide a large portion of commercial and transport needs could be taken is one of the problems which the International Electrical Conference in Paris had under discussion.

The meeting brought together delegates from 12 countries including the United States and Canada. Electricity as a means of moving trains, ocean steamships and turning the wheels of industry is about to come into its own, according to the delegates and the only thing that prevents tremendous developments in electric energy is the present high cost of materials and the expense attached to changing from steam and other methods to electricity.

Nations had enough potential electrical energy in their waterways to eventually abandon the use of coal, experts at the conference said, but only government financing could provide sufficient funds to harness this dormant power. The American delegates surprised the European experts when they outlined the extent to which electricity is made to work for the American people. The invasion of the American home by such labor saving devices as electric stoves, dishwashers, irons, etc., amazed many of the delegates who represent countries where as yet electricity has not figured in the home except in supplying light. The conference studied methods for the standardization of equipment necessary in connecting the various highpower transmission systems.

With such an international power arrangement as suggested France may in the near future supply electrical energy to the Balkan states and points as distant as Poland and Russia.

The delegates were surprised at the progress made in electrical development in France since 1918. The use of French rivers in generating electrical energy will eventually place France second to none in the manufacture of electricity in the opinion of the delegates.

HONOR RUSSIAN AUTHORS

MOSCOW, Jan. 6.—(A. P.)—The Soviet government continues to honor the great authors of Russia. The 40th anniversary of the death of Dostoevski, considered by some Russians as greater than Tolstoi, has just been observed; also the 11th anniversary of the death of Tolstoi.

DIZZY—WRECKED HIS AUTOMOBILE

"Two years ago my stomach trouble got so bad that I was almost constantly filled with gas. This made me very dizzy at times. Last Fall I was almost overcome by one of these dizzy spells while driving my car, and ran it into a telephone pole, badly wrecking the car. A friend recommended May's Wonderful Remedy for my trouble. Since taking the first dose I have steadily improved, and feel better now than ever in my life." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—At druggists everywhere.

NO OLD WOMAN NOWADAYS

Modern dress, hair dressers, facial experts and cosmetics all combine to keep woman of all ages young and attractive in appearance. Not until the telltale wrinkles become so deep, the figure stoops, or some ailment or weakness develops to drag a woman down does she really look her age. Every woman owes it to herself and her family to keep herself young in appearance, and happy. When headaches, backache or "the blues" develop or when a woman reaches the trying age from forty-five to fifty, Lydia E. Pinkham's Vegetable Compound may be depended upon to keep her in health as it has so many other women whose letters we are continually publishing in this paper.

GOETHALS MAY REPORT ON COLUMBIA BASIN PROJECT FOR \$25,000

SEATTLE, Jan. 6.—(U. P.)—General Goethals, the Panama canal builder, will come to the state of Washington early in February to investigate and report on the feasibility of the proposed \$220,000,000 Columbia basin irrigation project. A Spokane delegation of chamber of commerce officials brought this information here today.

the Northwest in the interest of the project. Goethals will charge a \$25,000 fee. The state will pay \$15,000. The remainder will be raised in Seattle, Tacoma, Portland and Spokane if Goethals' services are obtained. The Spokane delegation discussed the project at a luncheon today. The Spokane delegation goes to Tacoma this afternoon and will go to Portland Friday.

POLICEMEN ARE CHOSEN.

SALEM, Ore., Jan. 6.—Chief of Police Moffitt announced the names

of the ten men he will recommend for service in the police department during the present year. Confirmation of the appointments will be considered by the city council tomorrow night. The four men to be recommended in addition to the present force include George White, Walter Thompson, Frank Minto and Marion Putnam. The present members of the department who will be recommended for continuance in service include Clyde Ellis, Ralph Davis, Elmer White, O. F. Victor, W. W. Birtchet and Miller Hayden.
