nomah while attending the state-wide committee of the 1922 exposition. Mr. Harrah insists that Umatilla county wants a fair and wants to contribute its share toward the enterprise and make it a success.—Oregonian.

Feed Chopped Hay to Sheep
The Cunningham Sheep Co. is following the practice of feeding chopped hay to their bands at Stanfield and Wallawa this year. A big power cutter is used and the capacity of the machine is about 30 tons a day. Box racks are used to haul the chopped product to the feed corrals where it is

distributed to the woolies in big feed troughs. A minimum of waste is encountered by this method, the management finds, and the animals clean the feed up.

Baker Out of Games.
That Baker high school is out of interscholastic athletics for the rest of the school year and will not be able to meet Pendleton in four games of basketball which have been scheduled between the two schools is information which has been received here in a letter from the school authorities of Baker. The reason given for the action of the Baker authorities is that the school board there recently voted to discontinue interscholastic athletics for the rest of this year. Two games were to have been played there January 20-21, and Baker was to have come here for return games on February 17-18.

HERMAN KURTZISCH, Milwaukee, Wis.

"When it comes to eating, working and sleeping I'm like a different man from what I was a short time ago," said Herman Kurtzisch, 406 1-2 Norris Place, Milwaukee, with the Northwestern Life Insurance Co. in relating his experience with Tanlac.
"My whole system was about to give way as a result of two years' constant suffering from stomach trouble and I was so run down and worn out I was hardly able to work. I actually dreaded to eat, as after every meal I suffered so terribly from heartburn, and I was so nervous I got little rest day or night.
"If it hadn't been for Tanlac I'm firmly convinced I would have had to resign my place. It came to my aid in the nick of time and I am strong for it. Tanlac was worth at least fifty times what it cost me."
Tanlac is sold in Pendleton by Thompsons Drug Store and by leading druggists.

FORTUNE IN RADIUM IS UNPROTECTED IN PARIS

PARIS, Jan. 6.—(U. P. S.)—Three million francs' worth of radium, part of which is the gift of America to Madame Curie, is at the mercy of any enterprising thief who considers the precious element worth the taking. The three grams of radium in the Curie Institute are locked in a lead box each night. This lead casket is then locked in an ordinary safe. Editorials in the Paris press suggest that greater precautions should be taken to safeguard the treasure, which has been gotten together with such difficulty.

AMENDMENT TO SENATE RULES IS PRESENTED

WASHINGTON, Jan. 6.—(A. P.)—Senator Borah, of Idaho, presented an amendment to the senate rules to prevent senators from "ducking" votes. He would prevent the recognition of "pairs" between senators when one is absent, unless the absence is due to illness. Under the present customs, a senator desiring to avoid a vote "pairs" himself with another senator so their votes offset one another. When one is absent, the other does not vote.

MOTION PICTURE NEWS

ARCADE TODAY

One of the most remarkable fights ever screened is that between Togo Yamamoto and Charlie Fang in "Paragon Love," the latest Hodgkinson release picture, which will be the chief attraction at the Arcade Theatre today.

Yu-Ching (Togo Yamamoto), having twice broken his word to his fiancée because of his love for the beautiful blind heroine of the story (Mabel Ballin), is condemned to die at the hands of The Hatcherman (Charlie Fang), Chinatown's professional assassin, by peremptory orders from the head of the clan himself. The Hatcherman follows Yu-Ching down a dark alley and it is in this alley that the grueling fight takes place.

SUPER WESTERN FILM AT THE RIVOLI TODAY

"The Fox," Harry Carey's first big Universal-Jewel super feature and story.

Which is the first super-western picture ever screened, is coming to the Rivoli Theatre today.

Harry Carey himself wrote "The Fox." It was adapted to the screen by Lucian Hubbard and filmed under the direction of Robert Thornton. It will make motion picture history by its dramatic force, its picturesque locale, its interesting cast and the fact that regular United States Cavalry was used to furnish atmosphere.

Most of the story was filmed on the Mojave desert, near Red Rock, where a modern army camp was built by Universal to quarter the big outfit necessary to maintain production. Nearby was encamped Second E Troops and the Eleventh United States Cavalry, especially detailed to the production by Maj. Gen. Muir, commanding general of the Ninth Corps Area.

Graphic shots of the regulars going into action with Harry Carey's own fighting squadron of cowpunchers riding on the flanks, breath-snatching views of an explosion that churned up the earth nearly an acre, a tender love story and some of the most magnificent scenery ever captured by the camera, will add to the appeal of the Universal-Jewel super feature and story.
