Call Loans Ease Down to New Low.
NEW YORK, Jan. 7.—(A. P.)—The stock market yesterday continued its recent irregular or reactionary course. Dealings diminished visibly, however, and there were only occasional traces of involuntary liquidation.

Such strength as was shown by the stock list resulted mainly from easier money rates. Call loans fell from 4 1/2-5 1/2 per cent at midday. The latter figure represented the lowest quotation in almost six months. Time loan rates also relaxed, 30 and 60 days being made at 4 1/4-4 per cent.

Oil, shippings and motors rebounded one to almost three points from yesterday's final prices, but fell back for the most part in the pressure directed against General Asphalt and various specialties before the close.

American and Baldwin Locomotives, Mercantile Marine preferred, American International and Mexican Petroleum were among the few conspicuously strong issues. Rails were negligible factor, moving within fractional limits. Total sales amounted to 600,000 shares.

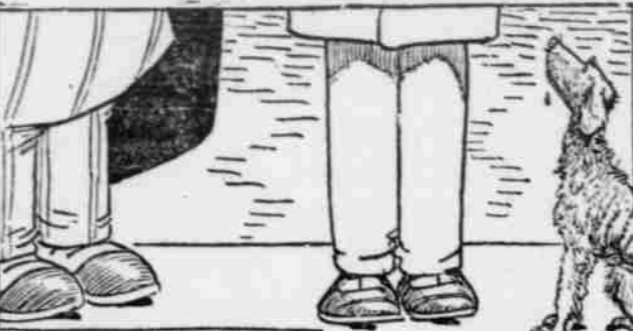

Liberty bonds added to their recent recovery and first mortgage rails strengthened on a substantial investment inquiry, but industrial issues eased and foreign offerings showed no definite trend. Total sales, par value, aggregated \$17,275,000.

Wheat Takes Setback in Price.
CHICAGO, Jan. 7.—(A. P.)—Moderate setbacks in the price of wheat took place yesterday, largely owing to absence of signs of any immediate loosening of accumulations at visible supply points. The market closed weak, 1-2c to 1c net lower, with May \$11.11 to \$11.14 and July \$11.00 to \$11.03 1/4. Corn finished unchanged to 1-1/4c higher; oats a shade off to 1-8c advance and provisions up 2c to 7c.

Much of the selling in the wheat trade, especially during the last part of the day was in the nature of liquidation, confidence on the part of the longs having been given a special jolt by word that seaboard exporters had canceled the purchase of 48,000 bushels. Bulls failed to make any lasting headway, with reports of a better bidding demand or with advices that dry cold weather southwest had caught the crop without adequate snow protection. The day's range of prices, however, was the smallest in some time.

Corn and oats were steadied by a brisk export inquiry for corn and by some export call, too, for oats.

OUTBURSTS OF EVERETT TRUE

Higher quotations on hogs gave firmness to provisions, although business was light.

Trade Quiet With Dealers, Bradstreet Says.
NEW YORK, Jan. 7.—Bradstreet's report says: Post-holiday quiet features trade and industry as a whole, but the influence of counter currents in retail trade and in some of the big industries relieves the situation of some of the usual early-in-year inactivity.

Thus, while results of inventories or preparations for sending salesmen on the road occupy wholesalers, there is some life seen in cotton goods at large primary markets. Wool is active and advancing, though the goods market is quiet and raw silk is strong, with December consumption 18 per cent off from November, but over double last year's.

In retail trade after-holiday sales, coupled with colder weather in some areas, help distribution, heavy wearing apparel, shoes and rubbers being prominent in the latter.

Weekly bank clearings were \$6,716,150,000.

Hogs Up Again ON Chicago Market.
CHICAGO, Jan. 7.—(U. S. Bureau of markets.)—Cattle—Receipts, 4900. Deef steers and bulls active, 15@25c higher; mostly 25c up; choice yearlings, \$9.25; bulk beef steers, \$6.57 1/2; also stock, strong to higher; calves, stockers and feeders about steady.

Hogs—Receipts, 23,000. Active, 25@40c higher than yesterday's average; lights up most; top, \$8.50 for light lights; practical top, \$8.35 on 170 to 180-pound average; bulk, \$7.50 to \$8; pigs, 35@55c higher; bulk desirable, \$8.25@8.50.

Sheep—Receipts, 12,000. Generally strong to 25c higher; fat lamb top, early, \$12.25; some held higher; bulk early, \$11.75@12.25. Fat ewes very scarce; few choice heavies, \$5.25; five cars mixed shearing and killing lambs to yard traders, \$11.25.

In speaking of coliffures, where, oh where, are the little ears which were predicted to show themselves this season.

OFFICE CAT

Glory Be (By Oswald)

The ladies now expose their ears. Which once they chose to cover— They're peeping forth in pink and white. They've left their hirsute hover.

The shapes and sizes vary some. As we anticipated— Some lean out far, or cuddle tight, While some are elongated.

Once more they hear familiar sounds. Of everything around them. We thought them stolen, lost or strayed— We're glad the girls have found them.

Who'll be the first enterprising young lady to attach bells to the flapping buckles of her unbuckled overshoes?—Contributed.

Some Help
"The girls don't seem to be wearing any more as winter gets colder."
"Oh, they put on an extra coat of powder or two."

They say the blond type is rapidly disappearing, but the only thing disappearing we saw about a healthy looking blonde at the cafeteria yesterday was the food on her plate.
