These can be shown by the holders to doubting bosses.

28 YEARS AGO

(From the Daily East Oregonian, January 7, 1894.)

Two hundred and forty-eight young people were made victims of cupid's attacks during 1893. That is to say, 248 gave evidence of it by going to Hymen's altar and pledging to "have and to keep" each other so long as they should live. If it be not profane to interject the commercial element into such a matter, it may be interesting to note that the county clerk reaped a nice little harvest in the shape of \$400 in fees.
