## WOMAN TOO WEAK TO WALK

Now Works Nine Hours a Day—Lydia E. Pinkham's Vegetable Compound Restored Her Strength

Union Village, Vt. — "I was weak and nervous and all run-down. I could not walk across the floor without resting and I had been that way for weeks. I saw your advertisement in the paper and after taking one bottle of Lydia E. Pinkham's Vegetable Compound I felt the good it was doing me and I took seven more in all. Before I finished I was able to work nine hours a day in a steam laundry. I cannot say too much in favor of your medicine. I trust all sick and suffering women will take it. It has been two years since I took it and I am strong and well."  
—Mrs. L. A. GUMANN, Union Village, Vermont.

This is only one of such letters we are continually publishing showing what Lydia E. Pinkham has done for women, and whether you work or not Mrs. Gumann's letter should interest you. Many women get into a weak, nervous run down condition because of ailments they often have. Such women should take Lydia E. Pinkham's Vegetable Compound at the first sign of trouble. Good health is necessary and this splendid medicine will help you to keep it.

## HOME DEMONSTRATION IDEAS FOR HOUSEWIVES

- Methods of Removing Stains
- Blood—1. Wash in cold water until stain turns brown, then rub with naphtha soap and soak in warm water.
- 2. Rub with common soap, then soak in water to which a teaspoon of turpentine has been added.
- 3. If the goods is thick apply a paste of raw starch to the stain. Renew paste from time to time until stain disappears.
- Chocolate—Sprinkle with borax and soak in cold water.
- Coffee—Spread stained surface of the cloth over bowl or tub. Pour boiling water through the stained part of the cloth. Pour the water from a height so as to strike the stain with force.
- Cream—Wash in cold water, then with soap and water.
- Fruit and Wine Stains—Treat with boiling water as for coffee.
- If the stain resists the boiling water treatment, soak the stained part of the cloth for a few minutes in a solution made from equal parts of javelle water and boiling water. Rinse thoroughly with boiling water to which a little diluted ammonia water has been added. Repeat if necessary.
- Grass Stains—1. Soak in alcohol.
- 2. Wash with naphtha soap and warm water.
- 3. If the fabric has no delicate colors and the stain is fresh, treat with ammonia water.
- 2. Soften old grease spots with turpentine, oil, or lard before washing the cloth.—V. D.
