HOME DEMONSTRATION IDEAS FOR HOUSEWIVES

To Set Color.
Sometimes a fabric fades a decided tendency to fade even under the best washing conditions. It is always well if there is any doubt about fading to test a small piece of the cloth before washing it. If the color fades, then an attempt should be made to set it. With most colors, the dyer uses chemical substances which cause a firmer bond between the color and the cloth. Such substances are called mordants. The process of setting a color may sometimes be satisfactorily by used by the housekeeper to strengthen weak colors. The household mordants are: vinegar, sugar of lead, and alum used in the following proportions: To one gallon of water add 1-2 cup cold vinegar, or 2 cups salt, or 1 tablespoon alum, or 1 tablespoon sugar of lead (poison).
Vinegar is best for pinks. Small pieces of cloth set; be tested in each of the above solutions and a choice made after the test. The cloth, the color of which is to be made fast, should be left in the mordant solution over night and may be left in for several days with good results. It should be thoroughly dried before being washed. Even with relatively strong colors, soaking a fabric over night in a brine solution before washing it for the first time may render it far less susceptible to fading influences than it otherwise would be. The effect of dye, however, is said not to be lasting. Colored goods are often rinsed in a dilute salt solution just before drying them. D.

NAZARENE REVIVALIST PREACHES ON PROPHECY

By J. T. LA ROSE.
The special series of sermons on world conditions in the light of prophecy are now being delivered by Evangelist Pritchett at the Nazarene church, are creating considerable interest. The evangelist spoke at the morning hour on the Seven Thousand Year Period of Time, from Eternity to Eternity. Man's Probationary Period. Using for his text 2 Peter Third chapter and 8th verse. Interpreting the text to imply that God was teaching us that the six days of creation and the seventh day a Sabbath of rest was symbolic of the seven thousand years of man's probationary period. Six thousand years of labor and toil, sin and trouble, symbolized by the six days of creation. The seven thousand years which is the Sabbath of Ages the last age, the kingdom age, symbolized by the seventh day of rest. The seven thousand years, according to the bible are divided into four separate ages, known as the antediluvian age closing with the flood 1649 years from creation. The Jewish Age, from the flood to the first advent of Christ 3561 years. The gentile age, the age in which we are now living, which is now coming to a close ending with apostasy and judgment, with the overthrowing of earthly kingdoms and the assumption of their rules, followed by the last age, the kingdom age, which is to be immediately ushered in.
There were two professions in the morning sermon. The evangelist spoke Sunday evening on the "Signs of the Times," indicating that the end of the gentile world or age was near. Using a number of scriptures in prophecy foretelling the conditions which would exist in the religious world, the political world, at the time of the end. The message was very convincing and the earnestness of the speaker convinced his audience that he believed his message.

DIVORCE RING OUT; EACH STONE MEANS HUBBY DISCARDED

SAN FRANCISCO, Jan. 9.—Business was slow with James Dolan, jeweler, what with hard times and all. Until—he designed the divorce ring. Now he has a line of divorcees waiting at his counter to be fitted with the latest fad in jewelry.
The divorce ring is worn on the third finger of the left hand and supplants the wedding band. It is jeweled according to the number of successful legal battles for separation. One jewel for each divorce. The ring is gold and mounted with a broken Cupid's bow.

BLAMES MOTHER-IN-LAW.

LOS ANGELES, Cal., Jan. 9.—(U. P.)—Ray Grove shot and killed his pretty young wife and then attempted to commit suicide as the result of a love quarrel. He left a note blaming his mother-in-law's "master mind" for the fatal deed. He will probably die. The couple came here recently from Seattle. A year old baby survives them.

1921 RACE BETTING SLUMPS MILLIONS

BALTIMORE, Jan. 9.—(U. N. S.)—A slump of millions in the betting at the four one-mile race tracks in Maryland during 1921 over the preceding year was noted recently by track authorities. It was estimated that "plungers" on the four tracks bet \$24,500,000 less during 1921 than in the racing seasons of 1920.
The State of Maryland, through its \$6,000 a day license fee and a 15 per cent tax on net revenue of the four tracks, will obtain approximately \$700,000 from the track owners. In addition to this Baltimore County will receive \$72,000 from Pimlico track for an extra tax of \$2,000 per racing day.
During the entire 1921 racing season of ninety three days it is estimated that \$39,500,000 was bet through the pari-mutuel systems. The full racing season of 1920 almost equaled this amount, when \$38,700,000 was bet on the horses. The whole 1920 season, however, saw approximately \$64,000,000 change hands on the results of races at the four Maryland tracks.

The Bare Truth of the Matter

Chicago claimed to have the finest array of "perfect backs" in the world. "What!" exclaimed Gothamites, "we'll show 'em!" And so girls with beautiful backs are being measured and photographed at the Cobak Theater, New York, to gain evidence disputing the claim of the Windy City.
