## BAMBINO EXPECTED TO HOLD DOWN FIRST BASE FOR YANKEES IN 1922

**Swat King Slows up on Low Ones and Grounders in His Field Position Huggins Says**

BY HENRY L. FARRELL,  
United Press Staff Correspondent,  
NEW YORK, Jan. 12.—Baby Ruth is slated to play first base next season for the New York Yankees.

New York will not be surprised to see the Swat King switched from patriarch of the sun garden to the doorman of the American League champions' infield.

Miller Huggins, manager of the club, has not committed himself officially, but he has let it be known that he has been considering the change for some time.

First base will not be a strange berth to the slugging sultan as he played the position with the Boston Red Sox. Late in the season last year, the big Bambino put in about ten minutes every day on the first corner during fielding practice and he likes the position.

While he was a capable left fielder, the Barn showed a weakness in getting low drives and ground balls. He was too heavy for the position and he maintained that he didn't get enough work chasing flies to keep down his girth.

If Huggins gets Bob Peck from the Detroit Tigers or any other first class Gardner, the change is almost sure to come.

With Roger Peckinpaugh gone from the club, Huggins is expected to get more results from Ruth, Meisel and the entire team. This is not meant to infer that Peck was a rebel against his manager or any kind of a disturber, for he is anything but that. However, Peck was too popular with the club, the anti-Huggins clan made Peck their adopted leader and persistently campaigned for the removal of the mite manager and the installation of the popular shortstop as their manager.

The issue came to a head during the last western trip of the club last season. Huggins was told up for two weeks in a hospital and Peck was acting manager. The club went like a house afire and did not lose a game for Peck.

Huggins and Peck did not have the same managerial policy and when Huggins returned to the club the Chinese and Japanese delegations players claimed that they could win sending their respective governments the pennant only by following Peck's compromise proposals on the settlement. The shortstop remained out of the moment of the railway deadlock. If the controversy, however, had given his railway settlement is reached at the very best to Huggins, trying at the agreement over the withdrawal of troops will be easily reached.

AMERICAN EFFORTS SUCCESSFUL

WASHINGTON, Jan. 12.—(U. P.)—American efforts were successful in preventing splitting of the arms conference on the Shantung question. Negotiations today resulted in the Chinese and Japanese delegations agreeing to follow the railway settlement. The shortstop remained out of the moment of the railway deadlock. If the controversy, however, had given his railway settlement is reached at the very best to Huggins, trying at the agreement over the withdrawal of troops will be easily reached.

### RIVOLI TODAY NEW DEAN PICTURE STIRS EVERY EMOTION

Love, hate, anger and joy all find outlet in the gripping story "Conflict," which will bring the beautiful Priscilla Dean to the Rivoli Theatre today.

Priscilla Dean fans, who have been anxiously awaiting the stars latest picture, after having enjoyed "Reputation" so thoroughly, will be more than repaid for their patient vigil. This Universal-Jewel production is supreme in its detail and technicalities, a great deal of time having been spent on finding desirable locations for the North Woods scenes. That they are true in every detail will be readily observed even by the most expert woodsmen.

"Conflict" presents a cast worthy of note, including, as leading man, Herbert Rawlinson, one of the best known players of the screen. Edward Connelly, Hector Sars, Martha Mattox, L. C. Shimmy, Sam Allen, Capt. C. E. Anderson, Milton Brown, and Bill Giffie.

Stuart Paton, the well-known director of "Reputation," also directed this picture. Many of the most important sequences of the narrative were taken in British Columbia, where accurate scenes in the logging industry were obtained. The atmospheric background of the story is said to be startling in its exactness.

Dynamiting a log jam was one of the exciting incidents of the expedition. It was faithfully caught by the camera and will give a mighty thrill to players.

### GOMPERZ OPPOSES RUSSIANS
