GILBERT'S RESIDENCE AT ECHO CATCHES FIRE

ECHO, Jan. 21.—The usual excitement prevailed Thursday morning about 11:15 when the fire bell rang. Carl Gilbert's residence was the place of the fire. Mr. Gilbert used a torch to thaw the frozen pipes and while thawing the pipes caused fire to start between the outer and inner walls. The firemen cut a hole in the roof and soon extinguished the blaze. The damage to the building was slight.

Echo experienced another snow-storm Monday and Tuesday. About six inches of fresh snow fell making a total of about nine inches on the ground. The thermometer registered ten degrees below zero on Wednesday morning and the same again Thursday morning.

J. A. Murray, of Pendleton, was here on business connected with the telephone company, Monday.

Rodney Esselstyn has been on the sick list this week and unable to attend school.

Mrs. Mary Pedro came down from Pendleton Monday and spent the night at the H. McCormack home in West-lawn. She went out to her ranch on Butter Creek Tuesday.

Mr. and Mrs. T. M. Gaston recently moved from Stanfield to Echo where they now reside.

Mrs. O. C. Towne, of Illinois, is a visitor at the W. H. Cray home, Mrs. Towne is an aunt of Mr. Cray.

In answer to a telegram from The Dalles Monday, Mrs. W. W. Esselstyn left hurriedly on No. 17 for The Dalles, W. J. Wattenburger accompanied her. Mrs. M. E. Esselstyn (nee Lillian Wattenburger) was ill. Mr. Wattenburger returned home Wednesday and Mrs. W. W. Esselstyn expected to return a day later.

The second luncheon of the Commercial Club will be held today at the Hotel Echo. These luncheons are to be held every two weeks.

I. H. Gobbell, Roy Hale, Allen Mudge and Carl Rhea were in Pendleton Saturday taking civil service examination for the position of post-master at Echo, Mr. Hale is the present incumbent.

F. A. French, of The Dalles, a member of a Masonic committee on instruction, held a special lodge meeting for instruction Thursday evening.

Chas. Thornton, who has been in eastern Washington visiting for some time, returned home the last of the week.

James Bottcher, a highly esteemed and well known resident of this locality, left here Monday for Portland. He expects to visit his daughter, Mrs. George Vogt, while in the metropolis.

J. R. Jordan recently opened a confectionery store and lunch counter in the P. T. George building on Dupont street.

Ralph Saylor, of Butter Creek, was a business visitor in Pendleton Monday.

The series of meetings which began Sunday at the M. E. Church were discontinued Wednesday because of the extreme cold weather Echo is experiencing at the present time. It is thought the meetings will be held later.

STORK VISITS CALIFORNIA EVERY SEVEN MINUTES

SACRAMENTO, Cal., Jan. 21.—(U. P.)—A stork flaps out of the nowhere into California every seven minutes.

This is according to the latest figures for 1920 on the habits of these migratory birds compiled by L. E. Ross, director of the State bureau of these and other equally vital statistics.

In other words births in the Golden state during that year averaged 191 a day, or a total of 71,500 additional native sons and daughters.

Ross has estimated that during the year just past the stork elapsed his flight record by at least half a minute, delivering a newborn Californian every six and a half minutes.

JOHNSON SAYS MAKERS OF BASEBALLS WILL TAKE AWAY OLD JUMP

CHICAGO, Jan. 21.—(U. P.)—The war has been blamed for almost everything, but this is the first time it has been held responsible for the lively ball in the major leagues last season.

That, however, was exactly what Ban Johnson, American league president, declared, in denying reports that magnates had ordered manufacturers to make less active baseballs in 1922. The order wasn't heeded. Preparations already had been made to take the zip of the baseball, he announced. During the war, Johnson asserted, manufacturers were only able to secure an inferior brand of wool yarn with which to wrap the horsehides. Last season, when superior Australian yarn was available manufacturers failed to make allowance for the greater resiliency. This is what put the unusual number of extra base knocks in the batting records, according to Johnson.

Also rubber centres were found to be uneven, he declared, which added considerably to the liveliness of the ball.

MRS. DODGE OWNS PEARLS
DETROIT, Jan. 21.—(U. P.)—Howard Thoomer, executor of the Dodge estate, today admitted Mrs. Grace Dodge to be the present owner of Catherine the second of Russia, pearl necklace, for which \$825,000 was paid, and not a million and a half as was first reported.

AGED FAMILY BROKEN
LOUISVILLE, Ky., Jan. 21.—A family of seven children, the oldest 94 and the youngest 72 years old, was broken by the first death of a member when "Aunt Jennie" Holbrook, the oldest one died at her mountainhome in Letcher county recently. She was a member of the Webb family, and was said to be a descendant of Daniel Boone, the Kentucky pioneer. Her three brothers are 92, 90 and 85 years old. The sisters are younger.

BROADCASTING WIRELESS STATION.

PITTSBURGH, Jan. 21.—(U. P.)—Station KDKA, the largest radio telephone broadcasting station in the world, has done more to make radio telephone popular than any agency of wireless in operation. Before this broadcasting station was started by the Westinghouse Electric & Manufacturing company at East Pittsburgh, Dec. 22, 1920, radio telephony had been a source of amusement to a comparatively few radio amateurs. Today one out of every six homes in Pittsburgh, has a receiving station, and homes in all parts of the country are receiving the KDKA program nightly. In addition, Westinghouse has started three other broadcasting stations. Station WJZ at Newark, N. J., Station WJZ at Springfield, Mass., and station KYW at Chicago.

TWENTY-FIVE HEROES ARE GIVEN CARNEGIE MEDALS FOR ACTS OF BRAVERY

Eleven Heroes Lost Lives and Relatives Will Receive Pensions, 4 Silver Medals Given

PITTSBURGH, Pa., Jan. 21.—(I. N. S.)—At the eighteenth annual meeting of the Carnegie Hero Fund Commission held here this afternoon 25 acts of heroism were recognized. In

four cases silver medals were awarded; in 21 cases bronze medals. Eleven of the heroes lost their lives, and to the dependents of eight of these pensions aggregating \$7,320 a year were granted; to the dependents of one of these and of three others who lost their lives the sum of \$3,500 was granted to be applied as the commission may sanction. One of the heroes sustained injuries and he was granted disablement benefits in the sum of \$500 to reimburse him for his loss. In addition to these money grants in five cases awards aggregating \$8,000 were appropriated for educational purposes, payments to be made as needed and approved, and in nine cases awards aggregating \$9,000 were made for other worthy purposes. Payments in the one-sum cases will not be made until the beneficiaries' plans for the use of the awards have been approved by the commission.

Following is one of the awards:
DAVID C. LIFF,
R. D. 3, Mt. Sterling, Ohio.

Bronze medal—Liff, aged fifty-seven, stationary engineer, saved Charles G. and Eugene R. Davis, aged four and three, respectively, and attempted to save Orecella M. Davis, aged one, from burning, Era, Ohio, January 1, 1919. Charles, Eugene and Orecella were in a bedroom of their one-story

house when the house took fire. Liff entered a hall at the rear of the house although smoke rolled out through the doorway and flames licked the ceiling, and reached the bedroom door, which was just inside the hall door. The bedroom was almost filled with dense smoke, and the walls were burning. Stooping under the smoke, Liff ran four feet to Charles, took him to the rear door and pushed him outside. He returned to the bedroom, stooped lower as he ran sixteen feet to the opposite side of the room to Eugene and took him to the rear door. Bits of burning paper and rags from the ceiling fell constantly. Liff re-entered the bedroom for Orecella but inhaled some smoke and ran outside. He again entered, and not being able to see through the smoke, crawled about seven feet to the bed containing Orecella. As he reached the bed part of the ceiling, which consisted of burlap and several layers of paper, fell on him, confounding him, and he quickly left the house. Orecella was burned to death. Eugene and Charles were slightly burned. Liff was slightly burned on his head and hands.

An average yield of 23 1-2 bushels per acre of flax was secured from a 250 acre field in the Winnipeg district by C. E. Howe.

If there is no kindergarten in your community the National Kindergarten Association, 2 West 40th Street, New York City, will furnish information and advice as to how one may be secured.
