**NEWS NOTES OF PENDLETON**

**Called to Portland.**  
Roy W. Rittner left last evening for Portland where he was called by the serious illness of his sister, Miss Mary Rittner, who recently underwent an operation for appendicitis. A telegram from Portland today says that Miss Rittner is now out of danger. Her sister, Mrs. Anna Storie of this city, has been at her bedside for several days.

**Is Convalescing.**  
Mrs. Clarence Edmonds, who broke her arm recently when she fell on the icy street, is convalescing. She is now able to be out again.

**Class is Finished.**  
The millinery class at Riverside has completed its work, says Mrs. Edith G. Van Deusen, home demonstration agent. Fourteen new spring hats were made by the women.

**May Return Tomorrow.**  
Miss Agnes Crosswell, who has been

at Hot Lake undergoing treatments for injuries caused by a fall is expected to return to Pendleton tomorrow. Miss Crosswell is now well on the road to recovery.

**Willow Creek High.**  
Willow Creek is high and in places overflowing its banks, says J. C. Kuhns, Umatic forest supervisor who returned last evening after a visit to Morrow county. Mr. Kuhns says that train service in that region was uninterrupted, however. He gave talks on range management at agriculture meetings in Morrow county.

only discussion was over the method of financing. Dr. L. U. Temple suggested that 45 men serve as guarantors for a loan of \$4500 but he was assured guarantors were not necessary in order to secure the money. The estimate for rebuilding Happy Canyon is \$3500. However there is considerable sentiment for making the new pavilion better and stronger than the old one.

**Senator Charles Hall**  
Senator Charles Hall, one of the Faithful Fourteen, was the chief speaker of the evening. Senator Hall is a pleasant talker and was listened to with much attention. He declared that one of the foremost needs of Oregon is tax reduction.

**No Wallula Cutoff**  
Senator Roy W. Rittner discussed the proceedings at the agricultural conference at Washington. He scouted the idea asserted by some that the conference was "hand picked," saying that the gathering was truly representative. The speaker praised the work of the farm bloc in congress saying that the rise of the farm bloc is the best thing that has happened in a long time and marks the movement of power westward.

While in Washington Senator Rittner called on the chief of the good roads bureau to ascertain the federal viewpoint as to such schemes as the Wallula cutoff. He found that official does not place first importance on reducing distances between large cities and Rittner gathered the impression that the pressure of the federal roads department in Portland comes from Portland interests and not from Washington.

## RIO GAMESTERS MEET WITH DIFFICULTY IN GETTING BY OFFICERS

### Inspection and Close-up Order Has Been Put Out in Brazil City; Lid Has Been Off.

**PHILIP ANTONI-KEMPFER**  
(United Press Staff Correspondent.)

**RIO DE JANEIRO, Feb. 9.**—The gamester's life in Rio has become very sad. Until very recently the Brazilian capital has been fast becoming a young Monte Carlo. The spirit of gambling was rife. Roulette, baccarat, banker, had probably every other "jogo" ever invented received the attention of a large portion of the population.

But now it is gone, though the spirit of gambling is still here, and there are many protestors. A new law has just been passed providing that "games of hazard" shall be permitted only in health resorts, in which category Rio de Janeiro is not considered as being. This means that the little hall will spin and the chips will clink only in a few of Brazil's seaside and mountain rendezvous where the summer fashion displays itself.

There is some speculation as to whether the games may not be reopened here until the end of this year, for many clubs have already paid to government the tax exacted for the entire year. Thus if the gambling establishments are all closed immediately the government will have some refunding to do. During the first few days of the new year sixteen of the most prominent clubs of the city stopped their gaming tables, and the rest are rapidly doing likewise.

Dr. Luiz Mendes, the "inspector to Jogo," is at present working overtime visiting the various clubs to see that the new law is being carried out. He is usually greatly respected by the proprietors, but sometimes they are reluctant to do his bidding.

When Dr. Mendes arrived at the Derby Club, one of the most select establishments in the city, the doorman of the club attempted to prevent his entrance. An army colonel then intervened on behalf of the porter, and was promptly arrested for his pains. Once inside, Dr. Mendes was politely escorted to the elevator to ascend to the gambling salon. But half way up, between floors, something happened to the lift and it came to a dead stop. Try as he would, the operator was unable to repair the damage for almost two hours, while the irate Dr. Mendes waited in suspension. When finally the elevator did continue its ascent to the salon, the roulette wheels and baccarat tables had mysteriously vanished, and there was no longer gambling in the club.

**Catarrhal Deafness Cannot Be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. Catarrhal Deafness requires constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions.

Detective Sergeant Yarrow told the United Press today. "The stories of horrors in Hollywood's dope dens are the bunk," Yarrow stated.
