A wedding which took place three months ago but which was not announced until today is that of Miss Selby Johnson of Pendleton and of E. L. Shuterman, also of this city. The marriage was solemnized November 11 in Pomeroy, Washington, with Rev. F. N. Morton, pastor of the Methodist church, officiating. Guests were Mrs. Morton and Miss Ethel Horrell. Can YOU Save Money?

Andrew Carnegie once said: "The man who does not and cannot save money, cannot and will not do anything else worth while."

Andrew Carnegie amassed a fortune but the FIRST thing he had to do was to save his money. You may not be able to accumulate a fortune, but you can, with the help of a Savings Account, take advantage of opportunities that you otherwise would be compelled to pass by.

Mothers! Rub Children's Chests

Vicks' vapors banish colds and do away with dosing little stomachs.

Treatment of cold troubles with a flannel cloth. At night with Vicks VapoRub is the method now most favored by doctors, nurses and millions of modern mothers.

There's nothing to swallow. For spasmodic croup, whooping cough, common colds, sore throat and tonsillitis you just apply Vicks over throat and chest, rub it in well and cover with a flannel cloth. At night leave the bedclothes loose around the child's neck, and night long Vicks antiseptic, healing vapors are breathed right into the affected air passages.

Vicks is just as good for grown-ups, too—just as effective for catarrh, head colds, asthma, skin itches, cuts, burns, bruises or sprains.

Just rub it on and breathe in the vapors

MISSION BRIDGE HOLDS.
One thing which has brought a smile to the members of the county court is that the bridge at Mission has held so far. It has caused the court a great deal of grief in days gone by. The approach to the bridge has been the weak spot in the construction.

The O. W. R. & N. tracks between Pendleton and Walla Walla in the Wild Horse vicinity, are in places covered by a foot of water, says F. D. Hall, local station agent. Yesterday's morning train to Walla Walla was able to make the trip but since that time trains have been routed via Umatilla. This has caused some delay in the Portland-Pendleton trains. No wash-outs have been reported west of here, Mr. Hall states.

Damage to property in Pendleton has not been lacking. The Tutulla is out of its banks again and the back waters are causing some trouble. On the north side of town the run-off has cut some capers.

Damage to farm lands has not been heavy so far, though some fields have been cut rather badly by the run-off. Other fields have been flooded. The frost is starting to come out of the ground, and mud is now replacing frost and ice to a certain extent.
