PENDLETON SHOOTERS MAKE PERFECT SCORE

ST. LOUIS CLUBS HOPE TO LAND HIGH UP IN COLUMN THIS SEASON

Everything 'Rosy' in Prospects for Two Aggregations is What Leaders Have to Say.

By K. M. ELISH, International News Service Staff Correspondent.

ST. LOUIS, Mo., Feb. 20.—Unquenchable optimism is the spirit that animates the managers of the two St. Louis major league teams as spring training time draws near. With the commencement of active work scheduled for the end of the month, everything, according to the presiding geniuses of the two clubs is "rosy."

About the biggest job ahead of Branch Riekey, manager of the Cardinals, is cutting down his team to the legal limit of twenty-five players from the wealth of promising material on his reserve roster this year. According to present indications, it looks as if Riekey might have to drop two or three veteran "fixtures" in order to make room for such men as "Del" Gainer, utility man purchased from Milwaukee, and Vick, the star University of Michigan catcher.

If Riekey sticks to his announced determination to keep seven outfielders, three catchers and six infielders throughout the season he will have to be content with only eight or nine hurlers. Doug, Bertie, Haines, Sherdel, Walker, Bailey and North seem certain of retention. That means that the rest of the pitching squad will have to battle for the remaining one or two openings.

Browns Seek Pennant. Quinn is confident that the Browns are going to be a pennant contender this year. Having studied the dope sheets, analyzed the batting and fielding averages and consulted the crystal ball, he has made up his mind that

with only a fair proportion of the breaks, Manager Lee Fohl's team is bound to come out on top.

With Dave Danforth, formerly of Columbus; Wayne Wright, of Louisville; Jim Elliott and "Dutch" Henry, from Orlando, Florida, added to the pitching staff, Quinn figures he has a set of hurlers second to none. He doesn't figure that the Yanks or Indians will be able to outclass the new Brown pitching aggregation, and consequently he can't see anything but brown.

Last year, despite all sorts of hard luck—injuries to Sisler, Gerber, Shocker and Severec—the Fohlites finished third in their race. Given any kind of luck this season, Quinn cannot "conceive" anything short of a pennant for the Browns.

Fohl will have considerably more reserve margin this year than last. There will be Bayne and Vangilder, whom Fohl developed into high-class pitchers last season, while Chick Shorten and Cedric Duerst, from Houston, look good on paper.

SAFETY FIRST DOES NOT STOP CHINESE CRACKERS

LOS ANGELES, Feb. 20.—(I. N. S.)

Although the youth of Los Angeles is prohibited, under city ordinances, from exploding firecrackers on July 4, to celebrate the anniversary of American independence, the local Chinese colony has been ablaze with the volatile pyrotechnics during Chinese New Year, which began January 25, and the celebration of which will continue until February 15.

This was because of a resolution introduced by Councilman Fred C. Wheeler and unanimously adopted instructing the Chief of Police to grant a permit for the fireworks.

Wheeler said that "shooting firecrackers is a part of Chinese religion on New Year's." "It will not cost the city of Los Angeles anything, and it will give the Chinese a good deal of pleasure," he continued.

PERFECT SCORE TURNED IN BY PENDLETON SHOTS

Windy weather made shooting difficult at Collins park yesterday but the best attendance of the year turned out to compete in the Spokesman-Review Registered Club shoot.

The Spokesman-Review Telegraphic shoot, they were John McNurlin 25, Lee Matlock 25, Guy Matlock 25, total 75. This is the first perfect score turned in by the local club this year. In the A. T. A. registered club shoot four men tied for first place John McNurlin, Lee Matlock, Frank L. Ingram, and Guy Matlock each breaking 47 out of a possible 50 targets. The tie will be shot off next Sunday. Following is the individual scores, the first 25 counting in the telegraphic shoot the total 50 counting in the A. T. A. registered club shoot.

HATTON WINS 100-200 DASHES AT PORTLAND

Competing against the strongest swimming talent in Portland, Harold Hatton, local boy who is now starring as a swimmer for the Multnomah Amateur Athletic club of Portland, Saturday night won the City of Portland senior 100 and 200 yard swimming titles at the Aquatic meet held in the Multnomah club tank in that city. Although still eligible as a junior, Hatton was entered and captured first honors in the two events in which he was entered, swimming the 100 yards in 1 minute 2 2/5 seconds and the 200 yards in 2 minutes 24 4/5 seconds, both times being new city and Oregon state records.

Hatton has been representing the Multnomah club in the different northwest swimming meets during the past year. He made rapid improvement under Instructor Cody's coaching after going to Portland in February, 1921, and in March won the junior 50 yard championship of Portland. In May, at the Crystal pool in Seattle, Hatton won the Pacific northwest junior indoor title, creating two new northwest junior records in doing so. This season he is competing for the first time as a senior and will be entered in the Oregon state meet which will be held in Portland next month. The Northwest championship in Portland in April; the Willamette river marathon at Portland in July, and will probably make a trip south later in the summer, along with "Haps" Kuehn, winner of the world's fancy diving championship at the Olympic games at Antwerp, Belgium, in 1920, to represent the winged "M" at San Diego, Cal., when the Pacific coast diving and swimming championships are held there. In practice Hatton has come within 1/2 of a second of the 50 yard national junior record of 25 1/5 seconds. He is at present the possessor of seven medals, all of which have been won in competitive swimming.

IGOROTS TOLD BY WOOD NOT TO EAT DOG MEAT

MANILA, Feb. 20.—(I. N. S.)—Governor-General Wood, of the Philippines, believes that a former major-general in the United States army may be a missionary if he so desires. At least he gave the Igorots, until a few years ago head hunters and now consumers of considerable dog flesh, a talk intended to elevate them. His uplift work was near Baguio, a mountain resort.

The Igorot dog market is one of the leading sights of the island of Luzon. Dogs in numbers are brought into the Igorot towns by the black natives, half a dozen canines tied by a string. Their owners are quick to resent the idea that the dogs are not quite edible. The animals are starved several days before an expected feast, then given rice, on which they stuff until their skins will hold no more. The dogs, once fully stuffed, are killed. But they are not quickly killed. Rather they are beaten with sticks, the idea being to break the bones in their legs and other large ones in their bodies. They then are cooked.

What Wood Told Them. The governor, meeting representatives of the press at Malacauing Pal-

ace, the executive's home in Manila, said:

"I went out and gave them a talk. I told them dog eating was improper and that drinking undermines the constitution. The rice terraces in the Philippines we have all seen pictures of were built by these Igorots, but 50 per cent of the rice they raise goes to make liquor. I just did a little preaching."

It was for the Igorots that Representative Santos introduced into the

Philippine legislature a bill some months ago to force the Igorots to wear trousers instead of their G-strings. He said that pictures of the Igorots were being shown in the United States to make people think some Filipinos were wild. He said this prejudiced the independence cause. He planned that the Philippine government buy clothing for the Igorots and keep it on them for as many years as it was necessary for them to get used to it.

MARCHING MINERS TO HAVE TRIAL IN APRIL

CHARLESTOWN, W. Va., Feb. 20.—(I. N. S.)—Judge J. M. Woods, of the Jefferson-Berkeley Circuit Court, has designated April 24 as the date for beginning the trials of the striking

and marching miners of Logan and Kanawha counties, several of whom were indicted for treason, which were transferred to the court house here under change of venue. One hundred and twenty-five of the men will be brought to this county at different times for the trials. A dozen of the men are under indictment for murder in connection with the slaying of a deputy sheriff. The trials will be the most important of the kind held here since John Brown and his fellows were tried here for treason in 1859.

In Men's Clothes

—not the Character of the Men in the Clothes but the Character of the Clothes Themselves!

A DIFFERENCE

THERE is a wide difference in what you get for what you pay when it comes to buying clothing. There are the final touches of finishing which mean so much both to the appearance and the wearing service; there are the carefully inspected woolen fabrics and materials which go into the making that add to the ultimate satisfaction you experience; then there is the skilled workmanship which assures actual fitting garments—garments which properly shape themselves to the figure, giving the lines of custom tailoring.

These are the elements entering into clothing that give a well-defined character of superiority—which make them stand out so prominently when compared with ordinary makes—and it is these elements of character that distinguish the J. C. Penney Company clothing from all others.
