THREE WEEKS OLD BABY HAS ITS TOOTH PULLED

LONDON, Feb. 27.—(I. N. S.)—A baby three weeks old, has had a tooth removed at a London dental hospital. The doctor who removed the tooth declared it was the youngest patient he had ever had.
Early Plowing Profitable
 Summer fallow plowed early often yields as high as 9 bushels an acre more than land left till May or June before plowing. Careful observance of good farm practices is the surest and cheapest method of increasing crop yields.—O. A. C. Experiment station.
 Federation topped all spring wheats under the high irrigated conditions of the Aberdeen experiment station in 1921. Federation yielded 79.7 bushels an acre, which was 19.4 more than Marquis, 17.4 more than Bluestem and 11.7 bushels an acre better than Dicklow.—O. A. C. Experiment station.
