STANFIELD, March 2.—The funeral of Thomas Frederick Richard, only son of Mr. and Mrs. Glen Richard of Condon, was held at the Presbyterian church of this city Sunday with the interment in the local cemetery. Rev. J. E. Passett conducted the service. The deceased died in the Condon hospital after a brief illness. Mr. and Mrs. Richard were residents of Stanfield until a year ago when they moved to a wheat ranch near Condon. Their many friends extend sympathies.

The Study Club met at the home of Mrs. C. A. Hazen Thursday afternoon. The meeting was called to order by the president, Mrs. J. M. Richards. It was voted to give \$70 to the Reedy grade school to apply on the piano fund. The program consisted of a paper on the history of the American Drama by Mrs. W. E. Reeves, and a review by Drinkwater's play "Lincoln," by Mrs. C. W. Connor, both papers very interesting and was enjoyed very much. The club adjourned to meet in two weeks at the home of Mrs. G. L. Dunning for the annual election of officers.

R. J. McMillan and Harry Coleman of the Inland Irrigation Company, returned to Tacoma Saturday. While here they were guests at a couple of parties given in their honor. Mr. and Mrs. E. S. Severance were hostesses for one and Mr. and Mrs. J. H. Knight entertained Friday night in their honor.

### BEEES ARE STRONG.

MODESTO, Cal., March 2.—(U. P.)—The Salt Lake Bees will be a much stronger team this season than last, according to Duffy Lewis, new manager of the team, who has his outfit here for preliminary training. "The Bees will give plenty of opposition to the other clubs of the Pacific coast league this year," said Lewis. "They will be one of the most feared clubs in the league."

While most of the vets have been retained, a number of youngsters have been taken on, and may be seen holding down positions during the season in place of some of the war-horses. The Bees will get a full month of training before the season begins. Lewis hopes to pick up another pitcher or two in the coming month, after the majors have trimmed their squads.

The following men compose the Bee squad:  
Pitchers—Hollie Thurston, Al Gould, Elmer Reizer, Jack Bromley, Lee Owens, Pudy Kallio, Harry Blanner, Ralph Stroud, Harry Terts. Catchers—Joe Jenkins, Butch Eyer, L. E. Edwards, Joe Kamey, Byrd Lynn. Infielders—Paddy Singlin, second base; Oscar Vitt, third base; Hein Sand, shortstop; Jimmy Emond, third base. Outfielders—Joe Wilhoit, Paul Strand, Duffy Lewis.

The Bees will arrange a series of Saturday and Sunday games with semi-pro teams in this vicinity during the training month.

## CHARLEY PADDOCK TO RETIRE FROM TRACK

STANFORD UNIVERSITY, CALIF., March 2.—(U. P.)—"Just once more," may be the slogan of Charley Paddock, world's champion sprinter, who recently announced that he had run his last race on the cinder path, and would henceforth devote his time to journalism and golf.

Coach "Dink" Templeton, of Stanford, has announced that Paddock, in a personal letter, stated that he might consent to run for the University of Southern California in the U. S. C. Stanford meet. He would, in that event, run his last event with his time-honored opponent, Morris Kirksey. In their last race, both Kirksey and Paddock stepped off the 100 in 9.2-5. They were neck and neck at the tape. Kirksey's foot actually being over the line, according to the judges, before the tape was broken by Paddock's chest.

Although Paddock is eligible for a degree at the Southern university, he has not actually taken it, and is eligible for this season's competition under a strict interpretation of the rules. Coach E. Cronwell is making a strenuous effort to have Paddock compete, and it is thought that, as long as he is eligible, he cannot refuse. "Only once, if at all"—is Paddock's only comment to inquiries on the subject.

### FRENCH SELL U. S. SUPPLIES

PARIS, March 2.—(U. P.)—Andre Palsant, under-secretary of state, announced that the French government has to date realized 3,500,000,000 francs from the sale of the vast supplies left behind by the American army and purchased by the French government. The remainder of the stocks are expected to bring 200,000,000 francs, making a total of 4,000,000,000 francs. The government is in the curious position of not knowing until 1933 whether it has made a profit or loss on the huge transaction. It all depends upon the rate of exchange on the dollar on that date. The government bought the stocks from the United States for \$400,000,000 and promised to pay within ten years—in dollars. At the time of purchase the franc was seven to the dollar—or 2,300,000,000 francs.

The interest is five per cent semi-annually, but no interest has yet been paid. If the franc goes down to seven to the dollar by 1933 the government will stand to make about 1,200,000,000 francs on the deal.
