Hogs Up To \$11.75 at Portland

(From The Oregon Journal.)
Hogs were steady, cattle steady and the sheep and lambs situation was about the same at the week's opening of the North Portland market. Total run for the opening was 104 cars, of which 12 cars went direct to outside killers. This is slightly in excess of the run of a week ago.

In the hog alleys \$11.75 sales were again made for prime lights at the Monday morning opening. Total run in the hog alleys was but 1163 head, or less than half of the week ago showing. This gave the market a very good start, but prices were not molested, with the exception of fat pigs and feeder stuff.

General hog market range:
Prime light \$11.50@11.75
Smooth heavy, 230-240 pounds 9.00@10.00

Rough heavy 7.75@ 9.75
Fat pigs 11.50@11.75
Feeder pigs 11.50@11.75
Stags 5.00@ 8.00

Cattle market was steady for the week's opening at North Portland although there was a very liberal increase in the supply as compared with a week ago. There was another sale of selected stuff in the steer division at \$5.25 but the general market did not reach above \$5. In fact in spots the market was considered a fraction off.

General cattle market range:
Choice steers 7.50@ 8.25
Medium to good steers 6.75@ 7.50
Fair to medium steers 6.25@ 6.75
Common to fair steers 5.25@ 6.25

Decreased supply as compared with a week ago was shown in the sheep and lamb division of the North Portland market. There was an unchanged price range at the Monday morning opening. Very little really good stuff is now coming forward.

Bonds Go To New High Level

NEW YORK, March 21.—(A. P.)—A new high for victory 4½s at 100.98, a new maximum for French government 7 1-2s and spirited advances in Mexican governments were the results of yesterday's bond market.

Utilities were active and strong, while numerous domestic rails of the convertible and refunding types again were in demand. New York Central 6s were especially responsive to the strength of the stock.

Reports that a better understanding was impending between Washington and Mexico effected sharp gains in Mexican governments, the 4s rising three points and the 5s 1 1-2 points. The various liberty issues were generally better.

Local traction, especially Interborough refunding 5s, Brooklyn Rapid Transit 7s and Third Avenue adjustments, were appreciably better, as were also Chicago Railway 5s.

Gains among rails and industrials held within moderate limits and utilities, notably American Telephone convertible 6s, were firm to strong.

French government 7 1-2s, French municipals, St. Louis & San Francisco income 6s and most of the liberty division were higher later, but other foreign and domestic issues showed mixed changes.

Recent active and comprehensive operations in the stock market were resumed today. Public participation apparently contributed appreciably to the turnover of approximately 1,175,000 shares.

Investments as well as junior rail shares registered extreme advances of one to three points with independent steels.

Another reaction in foreign exchanges, with acute weakness in the German rate, was offset in part by the continued ease and abundance of local money rates and freer offerings of time funds, particularly merchants paper. In the open market, transactions at a 3 per cent rate ruled.

The reversal in international currencies carried demand bills on London 2 cents under last week's final quotations. French, Italian and Belgian bills were four to six points lower and all the former neutrals, Denmark excepted, eased correspondingly, with a low of 33 3-8 cents a hundred for the German mark, a new low for the year.

JAP IS KILLED

SEATTLE, March 21.—(U. P.)—Police here believe the death of K. Suzuki yesterday was caused by a murderous assault of members of a rival Japanese tong. Police declare the Japanese have long similar to Chinese tongs. They frequently kill each other but usually at lonely spots where the deed is unobserved. The theory at first was that Suzuki, whose body the police found in a lonely alley, had been killed by a Chinese tongman. The police are searching for a Japanese who ran from the alley into a restaurant shouting: "Some one has just killed a man," then disappearing.

AMERICAN TROOPS ON RHINE ORDERED HOME

WASHINGTON, March 21.—(A. P.)—Orders directing the return to the United States by July first of all American troops now on the Rhine was issued today by Secretary Weeks, who announced the order was merely a continuation of the policy previously announced for withdrawing the American forces as early as possible.

SEATTLE, Wash., March 21.—(U. P.)—If the weather is calm, which is seldom, a new course will probably be used on Lake Washington for the California-Washington regatta. The course would allow thousands of spectators to view the race from the canal banks. The new course crosses the lake and ends in the Lake Washington-Lake Union canal. The proposed

course has nearly four miles of straight rowing. A slight swell on the lake, however, would make it impossible to row in the east-to-west direction and require the use of the old course from Leschi to Madrona.

THE COAST GUARDS

The storm and breakers were more furious than ever, the ship was being pounded and battered to pieces, the survivors were clinging to the rigging, helplessly awaiting certain death. It is at such times that the coast-guard shows their quality, for no-one but a coast-guard would venture out in such a tempest and in such a tiny shell, and not always do they return. And we here how awful we feel when business is not the best, wages are not topnotch, there are petty quarrels, everything seems wrong and we feel blue and despondent. It is at such times that it is well and timely to remember our faithful coast-guard, and to quit grumbling, try to be a better neighbor and incidentally save a part, if but a small part, of the income for impending storms which always come.
