NO HOLDOUTS IN THIS BASEBALL LEAGUE

SAN FRANCISCO, March 31.—(U. P.)—The only baseball league in the world in which there are no holdouts—and no chance for holdouts—has opened at St. Quentin penitentiary.

The San Quentin Prison League is playable for several reasons. In the first place, managers have a very soft time signing up their talent. The League also opens the season, as far as the U. S. A. is concerned. Furthermore, Judge Landis won't have any trouble about preventing the players from barnstorming after the season is over.

Oh, yes, it's the only league in the world where the small boy who gets the ball knocked over the right field wall doesn't get into the grounds free.

There are four teams, most of the players hailing from the native villages the teams are named after: The Sales, the Oaks, the Cubs, and the Tigers.

GOLD LOST PEP

SAN FRANCISCO, March 31.—(U. P.)—Apparently Hymie Gold lost his pep when the New York state boxing commission gave him back his given name, and made him quit using the Irish moniker of "Jimmy Duffy". At any rate, Hymie, or Duffy, the Oakland lad, has been having a tough time in the east since the change. Duffy—let's call him Duffy—refused to come out of his corner in the New York fight after he claimed that Lew Tendler had fouled him three times. The referee did not see it, and hence gave Tendler a technical knockout.

The technicalities were removed on March 29 in Philadelphia, when Bobby Barrett, of Philadelphia, put him to sleep in the third round of a scheduled eight round bout. Hymie Duffy, or whatever his name is, was badly out-pointed from the start. Hymie's friends here, however, are hopeful he'll show up better in his next fights, as they believe he has the stuff.

DOMESTIC HOG GROWING

"The problem of hog production in the northwest is largely that of balancing up with local consumption," says H. A. Lindgren, animal husbandry extension specialist at O. A. C. "Oregon finds it profitable to produce only the number of hogs needed to consume the farm waste."

COLLEGE SPORTS

SAN FRANCISCO, March 31.—(U. P.)—The Stanford-California track meet on April 22 at Berkeley will result in an extremely close score, with the dope favoring Stanford to win.

California enthusiasts have it figured out that California should be able to get a tie out of it, 70 points each, if everything goes according to present form. They are hoping for improvement of several California runners.

However it would appear that Stanford has the decided edge on form.

Hartman appears certain of bringing home two first places for Stanford in the short put and the discs. Hartman's put of 50 feet 3-8 of an inch in the Olympic club meet puts him in a class beyond anything California has to offer, and his mark is the same in the discus throw of 142 feet would also seem to insure him of that event. He may also contrive to take a second or third place in the 100 yard dash. That will depend on what speed he can work up during the preliminary season. At present he is stepping it off in 16 1-5.

California has no one who can touch Flint Hanner in the javelin. Sudden, a Stanford sophomore, also appears certain of a first in the 100 and 220 over Hutchinson, although the races will probably be close. If Kirksey runs, as he is expected to, although he is now put of the race with a game leg, he should easily take the first position, with Sudden probably second.

California looks like the winner in the mile in the two mile, as Stanford has been weak in those departments although new material may develop some surprises.

Falk, of Stanford, should have an easy time in both hurdle events. Merchant and Boren for California would appear to be the best men in the broad jump. In the high jump Mint Howell, California, looks like a winner. Brick Muller, who has sprained his ankle, may be out in time for the meet, but Howell would probably take the first anyway for the Blue and Gold.

Hartman may carry off a second to Hanner in the javelin. In the half mile, both universities are depending on inexperienced men, so the result cannot be predicted. The fight will be between Moore, Pierce, and Bauman, of California, and Daly and McIntosh of Stanford.

Stanford should win the pole vault, according to present dope. California claims a win in the relay, but Stanford enthusiasts are disputing the claim.

SEATTLE, Wash., March 31.—(U. P.)—Three eight-oared varsity racing crews and three freshmen eights are taking the water on Lake Washington daily under the watchful eye and stern commands of Coach Ed Leader, preparing for the Pacific Coast regatta April 22 against the University of California.

Two eights will go against the Golden Gate's finest over the three mile course in an endeavor to win the right to represent the Pacific Coast in the intercollegiate regatta at Poughkeepsie, N. Y., later in the year.

Five members of the 1921 crew, which lost to California by a scant five feet on the Oakland estuary last spring, are back on their slides and are sure of an outlook in this year's contest with the Bruins. Additional weight and onmanship are also available from last year's victorious freshman crew, and in Leader's opinion the crew this year will surpass even last year's aggregation, considered unbeatable until they hit California with an average weight of 175 against last year's 168.

If the weather is fair and the lake calm a new course, crossing the lake and finishing in the Lake Washington-Lake Union canal, permitting thousands of spectators to watch the race, will be used for the regatta April 22. The course affords straight rowing for four miles. If the weather is bad, or the day windy, the old course will be used.

PULLMAN, Wash., March 30.—More than 18 Washington State College track and field athletes are working out daily in the training shed here in preparation for the coming season.

Despite the big turnout, the team at this early date does not look very strong and Coach Bohler will have to develop new men for the weights, pole vault and javelin.

The big squad is being divided into three divisions, rated according to the ability of the men. Assistant Coach Jenne and Captain Rowlee are assisting Coach Bohler with the team.

The veterans of the 1921 team on this year's squad are Captain Rowlee, two mile; Loomis, hurdles; Michel, half mile; W. Love, weights; R. Davis, sprints; Hamilton, javelin; and Washburn, two mile. Promising members of last year's freshman team are Al Hopkins, quarter mile; Scheyers, sprints; Van Winkle, sprints; Manners, hurdles; Trapp, jumps and pole vault; Al Davis, middle distance; Sprague, middle distance; P. Davis, weights; and Hickey, javelin.

Moisture Saved Is Money Earned

"THE best tool I have, to save moisture, is the Culti-Packer. It crushes the clods, packs the soil to make a perfect seed bed, and thus prevents excessive evaporation. The water that evaporates is the water that would have made extra bushels of grain. So the Culti-Packer pays with extra bushels."

"Every time I hitch my Culti-Packer to my Fordson tractor, I tell myself that this is one of the best combinations of tools on my farm. The work is so perfect that I can't help but smile with satisfaction as I drive."

"Thus, the simplest, most durable tool on the farm turns out to be one of the most profitable ones. I'D HATE TO TRY TO FARM WITHOUT A CULTI-PACKER."

That's an experience typical of thousands of Fordson farmers, and it's worth your consideration.

REUNITED THROUGH AD

NEW YORK, March 31.—(U. N. S.)—"It pays to advertise." Mrs. Raymond Day, of Atlantic City, after searching ten years for her mother, from whom she was separated when a child, inserted an advertisement in a New York newspaper. Two days later she received a letter from her mother, Mrs. Mamie Muir Fisher, who resides in Philadelphia. They have been reunited.
