### HOME DEMONSTRATION IDEAS FOR HOUSEWIVES

- Rules for Giving Sweets to Children
- Persuade yourself to satisfy your craving for sweets as largely as possible with natural sweets—raisins, prunes, dates, figs, sweet apples, sweet oranges, pears, bananas, honey.
- These contain most valuable mineral salts, as well as sugar.
- Eat no candy between meals.
- If candy is eaten, let it be only one or two pieces eaten at the end of a meal as a dessert. Eat only one dessert with a meal.
- A small amount of sugar, just enough to make it palatable, may be used to sweeten cooked and canned fruit, not enough to "preserve" it. Preserves and jelly should be treated as candy.
- Just a little being eaten occasionally as a part of a meal, as an accompaniment to a nut food, or with cottage cheese, or in a dessert.—V. D.

### FIGHTERS TRAINING FOR BOUT FRIDAY NIGHT

Frankie Webb of Portland is in Pendleton and "rarin' to go" against Buddy Stevens, local boy in the ten round main event of the City Commission boxing card, Friday night at the Alta. Webb and Stevens both held light workouts this afternoon at the Labor hall, Webb working out at 1 o'clock and Stevens at 2:30. They will work out at the same hours tomorrow.

The Portland boy appears to be in first class condition and local fans can expect a good bout when he comes up against Buddy Stevens, who fought him to a draw two years ago. Both boys are anxious to win the match Friday and will extend themselves to the limit.

A match that promises as much interest as the main event is the semi-windup bout between Battling Bob Barnes of Spokane and George Welch of Walla Walla. Welch was on the last card in Pendleton and displayed fast footwork and clever boxing. Barnes stopped Welch last Saturday at Walla Walla and Welch promises to give Barnes a good run Friday. While the bout lasted at Walla Walla it was fast and furious according to those who witnessed it.

Frankie Seal of Pendleton and Charlie Stafford are scheduled to go four rounds in a special event. Seal has been seen in action several times by local fans and has won many friends. Stafford used to be a "Gob" and did some fighting while under the management of "Uncle Sam." A curtain riser is being arranged between Brooks of Pendleton and another local boxer.

### Japanese Influx Not Desirable, Says Brazil Newspaper

PHILIP AQUILA KEMPSTER (United Press Staff Correspondent.)

RIO DE JANEIRO, (By mail)—It is doubtful if the South American countries, particularly Brazil, will ever pass such laws that will open their ports to Japanese immigration on a large scale. It is likewise to be questioned if the Brazilian states, where small Jap colonies are already established, especially Sao Paulo, would be willing to welcome an extensive increase of Nipponese residents. This is the attitude expressed in an editorial published yesterday by "O Estado," of Sao Paulo, a conservative morning newspaper, which is recognized as expressing the views of the general commercial classes in Brazil. The attitude of this paper may be taken as the general one throughout Brazil.

The Japanese question has been brought to the foreground in Brazil by recent dispatches from the United States stating that Japan intends to intensify the flow of her emigration to South America. "O Estado" placed little faith in this statement, saying that the resolutions of Japan in this respect will always be conditional upon the action taken by the various Latin American nations, it being doubtful if these countries would ever consent to the proposed intensification of Japanese immigration, which would inevitably bring social and national problems far more serious than the shortage of workers which they would desire to remedy by this means.

### SPECIAL AGENT IN DEPT. OF JUSTICE REMOVED

WASHINGTON, April 25.—(A. P.)—By direction of the Attorney General, W. O. Watts, special agent to department of justice, was removed today "for disloyalty to the department," after admission that he had furnished Representative Johnson, republican, of South Dakota, with information on which Johnson based his attack on the department in a recent speech in the house.

### HARDLY AN AVERSION!

DENVER, April 25.—(L. N. S.)—Louis Laro, a Greek merchant of Ripley, Tenn., was going to be sure that he had looked the field over thoroughly before deciding upon a mate for himself. Testifying in district court here in a hearing on the suit of Frances Ryan for the estate of a former Denver restaurant proprietor, Laro declared that he had corresponded with 1,500 American girls. The statement came in response to an attempt on the part of Miss Ryan's attorney to show that Laro entertained an aversion to American girls.

## Accused

Edward T. Mercer, 21, sailor of Norfolk, Va., is under arrest at Baltimore following the finding of the mutilated body of his wife, Ruth, 23, in Chesapeake Bay at Ocean View. Mercer says he can establish his innocence and that he has not been in Ocean View for three years.

### BREAKDOWN SEEN IN IMMIGRATION BARRIER

WASHINGTON, April 25.—A serious breakdown in the government's barriers against the smuggling of immigrants into this country is threatening, according to Senator Lodge, republican leader of the senate.

Lodge warned that between 400 and 700 members of the federal immigration service would be suspended between now and July 1 due to lack of funds to pay their salaries. This lay-off of trained men, who have spent years in ferreting down immigrant smugglers, will be due to the refusal of Congress to pass a deficiency appropriation for the service, Lodge said. "I think the crippling of the immigration service through failure to pass a deficiency appropriation is a very serious matter," Lodge said. "It will undoubtedly lead to a great deal of smuggling."
