WASHINGTON RELAY PROSPECTS BRIGHT

UNIVERSITY OF WASHINGTON, Seattle, April 25.—(Special.)—Entries in the University of Washington relay carnival, which is to be held here April 29, are coming in fast and all prospects point to a successful meet. Occidental college of Los Angeles has just telegraphed acceptance of the invitation to enter the relay carnival, but has not sent in entries yet. Idaho will enter a ten-man team also. Its stars will be G. Gill, holder of the Idaho two-mile record, time 8:50, and R. Harach, holder of the Idaho half-mile record, 1:37.4. NORTHWEST TENNIS SCHEDULE ANNOUNCED

One of the cleverest galaxies of stars ever assembled at an early summer classic are expected to enroll for the initial struggle here, and some entries have already signified their intention of being on hand when the first umpire climbs his painful way onto his umbrella-covered restrum. July 17—Washington state championships, Seattle. July 24—British Columbia Mainland championships, Vancouver. July 31—British Columbia championships, Victoria. August 7—Pacific Northwest championships, International doubles, junior, and boy's sectional championships, Tacoma. August 14—British Columbia class court championships, Vancouver. BUCKAROOS WILL MEET DAYTON AGAIN THURSDAY

The Pendleton Buckaroos will meet Dayton Thursday afternoon in a postponed game on the Dayton diamond. The game was scheduled to be played April 16 but was postponed because of rain. Manager Lou Pinson of the Buckaroos announced the game last night. The local team will play at Milton-Freewater Sunday. Special practice has been called for tonight at 4:30 and all members of the team are urged to be out by Pinson. One or two of the regular players will be unable to make the trip Thursday and hard practice will be necessary to put the team in condition for the game. A practice game may be arranged for tomorrow night with either the Rich team or the Central team. Manager Pinson asks that all fans planning to attend the game who have machines be in front of the Charles Co. at noon to take the players to Dayton.

The Two "Bills" To Do Heavy Cup Defending

BY HENRY FARRELL
(United Press Staff Correspondent.)
NEW YORK, April 25.—America's "Bills"—Tilden and Johnston—are almost sure to do all the heavy work defending the Davis Cup this summer. Richard Norris Williams and Weston Washburn have a huge "drag" with the association, so much so, in fact, that better players than they despair of getting a place of honor on any list or any team that is selected during the present regime of the association. The third, fourth and fifth positions on the team, however, are purely honorarily. Those fortunate get the reward of being allowed to appear on the courts and have their pictures taken as members of the defending combination. However, unless, like it happened last year, the Americans have a runaway, the Messrs. Tilden and Johnston will do all playing.

Storm Center

Elmer Dover, assistant secretary of the treasury, is a center of a political storm that may result in the resignation of high government officials. Politicians say President Harding supports him in opposition to Secretary Mellon and Internal Revenue Collector Blair.

Tilden, the world's champ, is a certainty, as he called off a trip to England to defend his Wimbledon championship, so that he might be in the best condition for the greatest classic of all tennis.

Johnston, the wiry little Californian, is not sure to play, not that there is any better player, but because he has not decided to come east. When the time rolls around, however, something more than business will have to pop up to keep him away from Forest Hills.

Vincent Richards, the great Fordham boy, may be a third member of the team. Ranked as the third best player in the United States, Vinnie was almost sure of a place on the team until he ran afoul of the national association.

Lawrence Rice, Newton Center, Mass., has a good chance to be selected. Practically unknown a year ago, Rice has rushed to the front with astounding speed and he is one of the most talked of players in the game today.

Rice defeated Tilden in the Rhode Island clay court tournament last fall and this spring he defeated Richards in the Bermuda championships. Tilden was state last fall and Richards was runner-up from the flu this spring but this does not detract much credit from Rice's name, because last fall he was extending consistently all the big stars of New England and they have some good ones in those parts.

LENGLEN WILL NOT RETURN TO U. S.

BY WILFRID FLEISHER
(United Press Staff Correspondent.)
NICE, (By Mail to French Press)—Suzanne Lenglen, French tennis champion, hopes to meet Mrs. Molla Bjurstedt Mallory in the international championship tournament which will open in Brussels on May 12. Lenglen's plans, however, are still dependent upon her doctor.

"My doctor only allows me to play in moderation yet," she told the United Press. "He finds my heart too big" and my nerves are all upset. I have to take lots of drugs—how do you say?—medicines, I mean.

"Mrs. Mallory told me that she expected to take part in the Brussels tournament and I am looking forward to meeting her again if my doctor will allow me to play when the time comes."

Lenglen's doctor has been lenient, during the Riviera tournaments in which the French champion has shown brilliant form carrying off the mixed doubles and ladies doubles trophies here and playing in exhibition games at Cannes. She did not enter the singles, however.

Lenglen will defend her national title in Paris after returning from Brussels and expect to play in Wimbledon in June.

Asked whether she contemplated returning to the United States she replied "certainly not."

"I was ill all the time I was in America from the moment I landed," she said. "I do not know whether the climate had anything to do with it, but I only had one desire and that was to get back to France and get well as quickly as possible."

Lenglen appeared wrapped in a brown sport coat with a big fur collar.

The Cleanest Farms In Any Community

FORDSON farms have that reputation. Early fall plowing is what keeps these farms free of weeds.

"That's easy to talk about, but how are you going to plow when the ground is so hard and dry, and the weather so hot that a team can't work?" That, probably is your objection to the formula.

"Use a Fordson-Oliver Plowing Outfit," is the answer. Heat and hard soil and dry weather don't bother a bit when you use Fordson power instead of horses. Early fall plowing with a Fordson tractor and an Oliver No. 7 plow will enable you to turn over the soil the time you know it will do the most good.
