

News Notes of Pendleton

CALENDAR OF EVENTS
 May 5—County Oratorical Contest.
 May 6—County Track meet. Commencement at Pendleton High School.
 June 15, 16 and 17—Annual state convention of Spanish American War Veterans. Women's Auxiliary and Military Order of Serpents.

To Hold Food Sale
 The ladies of the Christian church will hold a cooked food sale Saturday at the Crawford's furniture store.

Get Marriage License
 A license to marry was issued Saturday at the office of County Clerk H. T. Brown to Perry Davis, garageman, and Ruth Minnis, both of Pendleton.

Wants Round-Up Ticket
 That it pays to go after the prize early in the game is a belief of John A. Nichols Jr., general sales manager of the Dodge Motor Co. He has practiced it in his own private affairs with the result that within a year and one-half he has risen in the ranks of the company from a district manager to general sales manager. He is also getting in right on the 1922 Pendleton Round-Up. Saturday Rex Ellis received a letter from Nichols in which the automobile man asks that a good ticket be reserved for him for one day of the big show.

Many Gather Flowers.
 There were just 10,679,231 wild flowers gathered yesterday on the top of Cabbage Hill. This estimate was furnished today by Ed Averill who was one of the army that invaded the heights yesterday to enjoy the scene that is afforded from the top of the hill. "I never saw so many flowers," Averill declared. There were whole fields of dogtooth violets, he reports, and violets, blue bells, wild cyclamen which is often called blue bells, grass widows, white lupin and sunflowers were particu-

larly plentiful. That unnecessary damage to the beds of the wild flowers is often done by enthusiasts who tear up the plants by the roots is an observation made by Averill.

To Build Garage
 A building permit calling for the construction of a garage on his property at 1415 E. Court street has been taken out at the city recorder's office by C. F. Tucker.

Arrested For Tire Robbery
 Hiram Cotter was arrested last night at Walla Walla on request of the local police on a charge of having stolen a tire belonging to Louis Dem. He will be brought to Pendleton to stand trial on the charge.

Moritan Caught Limit
 Charles Moritan was one of the few fortunate fishermen yesterday who succeeded in catching the limit of fish. He secured a string of 30 trout from the north fork of McKay creek. The fish were on display in Baum's window this morning.

Miss Frost Leaves.
 Miss Grace Frost who has been teaching the fifth grade at the Washington school has gone to Monmouth where she will study for the remainder of the spring term and this summer to finish the work of her course. Her place at the Washington school has been taken by Mrs. George McElroy.

Store Gang Beats Laundry.
 The Troy Laundry ball team found an aggregation they couldn't "clean" yesterday morning when they played the Peoples Warehouse and came away with the unattractive part of a 3 to 3 score. The department store team will play the Pendleton Woolen Mill team this evening at Round-Up park.

"White Eagle" in Film and Story.
 With today's issue of the East Oregonian begins the serial "White Eagle," which will run for 15 consecutive weeks. In connection with the story, the film play serial, "White Eagle" will be shown at the Arcade theatre. The first of the serials will be shown tomorrow. Ruth Roland is the star.

Elder in Office.
 George W. Elder, who in the past has been in the real estate business for himself, is now in the office of Funk & McLenn, 829 Main street, next door to Hotel Pendleton. He will handle the real estate business of the firm. Mr. Funk and Mr. McLenn will devote their time to public accounting and to insurance.

Club to Meet.
 The Pendleton Rod and Gun Club will hold a meeting this evening at the office of James H. Estes, to perfect final plans for the Northwest Shoot to be held here on Friday, Saturday and Sunday. Four squads of shooters were at Collins Park yesterday and some good scores were made. Local sportsmen will practice daily now to be in trim for the big event.

He Wants Divorce.
 That his wife once accompanied a traveling salesman to Walla Walla and did not return until the following day and that she nagged him and complained about him going to lodges are two claims made in the complaint of Harry A. Jewett against Laura C. Jewett for divorce. The couple married in 1913 at Salem according to the complaint. J. M. Schanney represents the plaintiff.

Hearing is Postponed.
 The public hearing which was scheduled to have been held here May 16 at the court house before the public service commission has been postponed until May 22, according to a message received by Mayor G. A. Hartman from the commission at Salem. The hearing will be for the purpose of coming to a decision on the petition of the Pacific Power and Light Co. for an increase in gas rates in Pendleton.

Marion Spends \$5.
 "Judge, I just naturally forgot I had a car out there." That was what Marion Jack told Judge Fitz Gerald in court this morning when he called at the office of the police magistrate to "square himself" on a charge of having parked his car on Main street after three o'clock in the morning. He paid a fine of five dollars. Mr. Jack explained that he left the machine on the street Sunday after driving into town from the country and that he had forgotten where he left it.

Shooters Will Meet.
 A meeting of the Pendleton National Rifle club members will be held Tuesday evening at the office of the forestry service in the federal building at seven-thirty. At this meeting members of the club will draw their free issue of ammunition from the government. Ways and means of securing the services of a regular army officer here when the local club shoots in medal competition will be talked over at tomorrow night's meeting. The club now has about 40 members, and interest in rifle shooting has received a healthy stimulus.

Claims Cruel Treatment.
 That her husband has for many years treated her in a cruel and inhuman manner and has nagged at her are some of the charges made by Audrey L. Shannon in her suit for divorce against William Shannon which has been filed in circuit court. The couple married in 1901, according to the complaint, and they have three children, the oldest of whom is 19 years of age. The plaintiff, who is represented by Peterson, Bishop and Clark, asks for the home, property and for other property in the amount of one-third of the real property owned by her husband.

National forests are not fireproof. Stop the man-made forest fire.

Called by Illness.
 A. W. Lundell left yesterday for June where he was called by the illness of his mother.

Kuhns On Trip.
 J. C. Kuhns, Umatilla county forest supervisor, is at Corporation Ranger Station on an inspection trip today.

Shop is Renovated.
 The beauty shop of which Miss Kathryn Boone is proprietor, is being renovated. The shop is in the Judd building and other quarters in the building are to be improved also.

Income Tax Men Here.
 F. B. Cauthorn and T. M. Maloney, of the Portland office of the Internal Revenue, are making Pendleton their headquarters while checking up on business firms and individuals whose returns are unsatisfactory to the department. They will be here for three weeks. Mr. Cauthorn's family is well known at Oregon and Cauthorn Hall, on the O. A. C. campus, was named for his grandfather.

CROP PRODUCTION ONLY SLIGHTLY REDUCED BUT VALUES CUT TO HALF

WASHINGTON, D. C., May 8.—A gross wealth valued at \$12,566,000,000 was produced by the farmers of the United States during 1921, according to an estimate recently completed by the U. S. Department of Agriculture. This amount is approximately two-thirds of the aggregate value of farm products in 1920 (\$18,263,000,000) and approximately one-half of such value for 1919 (\$23,783,000,000).

During the same period, 1919 to 1921, the production of 19 crops, which represent about 95 per cent of the total crop acreage, fell but 8 per cent. Placing the average quantity of production of these crops for the 5 years 1910-14 at 100, crop production in 1919 was 108; in 1920 it was 117, and in 1921 it was 100. The quantity of crop production in 1919 was about the same as during the preceding 7 years; that in 1920 was the largest ever recorded; and that in 1921 was the lowest since 1913.

abroad by the U. S., is under way. Dr. Carlos Sampaio, perfect of the Federal District of Brazil, Edwin V. Morgan, the American Ambassador, and Frank L. Packard, the architect, charged by President Harding to plan construction of the building, delivered the principal address and broke the ground for the structure.

The Protect, speaking in English stressed importance of the new American Building will have in cementing existing friendships between the people and governments of the two largest republics of the two continents.

Dr. Sampaio declared he believed the fact that the United States will construct its first embassy in Brazil is probably the greatest expression of the cordial relations and ever-increasing friendship between his country and the United States. He was enthusiastic regarding the effect the action of the United States Government will have in strengthening these relations.

Packard pointed out the sentiment sponsoring the action of the United States in making provisions for erect-

tion in the Brazilian Capital of the building which is to serve as the American building during the world fair and exposition celebrating the 100th anniversary of Brazil's independence, and afterwards as a permanent home for the United States Ambassador.

Protected forests mean health, scenic beauty, wealth.

Prevent forest fires in Oregon's outdoors.

Used As Index Numbers
 In announcing these valuation figures the department calls attention to the fact that they are to be considered only as index numbers of wealth production on farms. They do not represent cash received or actual income. Moreover, the figures are subject to fluctuations in the purchasing power of the dollar.

The total value of all crops in 1921 is estimated at 7,925,000,000. In 1920 this value was placed at \$10,909,000,000, and in 1919 at \$15,423,000,000. The decrease in the 1921 figures clearly indicates the drop in prices of farm products during the past two years.

The total value of animal products declined from \$8,361,000,000 in 1919 to \$7,334,000,000 in 1920 and to \$5,339,000,000 in 1921. A comparison of the declines in crops and animal products shows that crop prices started on their downward course first.

Forest fires have destroyed communities. Take no chances.

FIRST U. S. EMBASSY BUILDING UNDER WAY

RIO DE JANEIRO, Brazil, May 8.—(U. P.)—The first American Embassy building to be constructed

Everybody Enjoys Home-Made Bread

Why Not Make Some This Week—Here Is A Recipe Easy To Follow

WHITE BREAD

6 cup Flour ½ cup Kingsford's Corn Starch ½ cup lukewarm Water
 1½ teaspoons Salt ½ Yeast Cake 1 pint Milk, scalded 2 tablespoons Mazola

Scald the milk, cool till lukewarm and add Mazola. Sift the flour, corn starch and salt together. Dissolve the yeast in the lukewarm water; add it to the milk and stir in the dry ingredients. Knead on a floured board for twenty-five minutes. Place in an oiled bowl, rub the top very lightly with Mazola, cover loosely with soft cloth, and rise over night.

IT is not necessary to purchase both a bread and a pastry flour. By using ¼ cup of Kingsford's Corn Starch to ½ cup of any good flour the percentage of gluten is decreased and the starch content is increased so that home prepared flour will make a lighter and finer grained cake.

FREE Ask your grocer or write Johnson-Lieber Company, Portland, Oregon, for beautiful folder of the new Kingsford's Corn Starch recipes
