TO THE REPUBLICAN VOTERS OF  
UMATILLA COUNTY

RE-ELECT FRANK SLOAN

He stands for all the interests of Umatilla County—he believes in holding her great power and influence as she now stands and is against county division. Here are some of the things he did in the legislature:

Upon arriving in Salem the evening before the House convened in the special session December 14th, 1921, he went to work and before the Speaker had called the Representatives to order Sloan had enough names pledged to defeat the Direct Property Tax in the House as the following shows:

"We, the undersigned, members of the House of Representatives, agree one with another and absolutely pledge ourselves that we will not vote for any bill, measure or resolution submitting to the voters of the State any proposition to finance the '1925 Exposition' by any tax scheme upon real property.

This move more than anything else saved your homes from a mortgage to finance a World's Fair in Portland.

And with the bill killed in the House, the Senate knew the measure was lost.

Think this over before you vote.

And remember, that when others were favoring a tax on gasoline for farm tractors, Frank Sloan stood solid in the committee room for five weeks for this exemption and it was due to his persistency that the exemption you now enjoy is directly attributable.

DEPOT WILL BE  
BUILT AT BOARDMAN

(East Oregonian Special)

BOARDMAN, Or., May 16.—The following letters have been received by the secretary of the Commercial club of this place from the Portland offices of the O. W. R. & N. Co.

"In answer to your letter of May 9th, am pleased to advise you that we have received authority for construction of the depot at Boardman and we will commence actual work as soon as the material now under order can be assembled.

"Yours very truly,  
"J. P. O'BRIEN."

"In answer to yours of May 9th, I am greatly pleased to advise that I have arranged with our operating department to show Boardman as a 'flag stop' for trains 23 and 24 in new time card effective May 21st.

"Yours very truly,  
"W. McMURRAY."

Needless to say the above information will be a real cause of rejoicing to the Boardman district, and ends a long campaign of effort for such service and accommodations the accomplishment of which has been delayed from time to time owing to adverse conditions. We understand the depot will be of standard type like the one at Messer, and with the possibility of passengers being able to take or leave the night trains at Boardman instead of having to use the Messer station should be so much appreciated by the traveling part of our population, as to increase the business for the road for these trains enough to make this effort on their part to cooperate with us worth while.

Victor Hango, who was the successful candidate for rural carrier out of Boardman at the examination Dec. 9th, has taken up his work, following the retirement of Leo Root who has run the route for nearly three years, but who was finally debarred because Mrs. Root is postmistress.

Mrs. Claire P. Harter entertained the students and teachers of the high school at a social evening candy pull last Saturday, at her home three miles southwest of town. All report a very enjoyable time.

Solve Problems  
Of Importance to  
U. S. Industries

By DAN DOHERTY.

(United Press Staff Correspondent).

PHILADELPHIA, May 15.—Many problems of the most vital importance to American industry and commerce, chief among them being an American policy regarding loans to foreign countries and interests, will be discussed at length at the Ninth National Foreign Trade Convention which opened here this morning.

Another important subject which will be discussed is the financing of our foreign trade by the huge surplus stock of the world's gold now held in this country.

These subjects will be handled by the nation's best known economists, men of industry and financiers, who will discuss them from practical and not theoretical points of view. Subjects that will be discussed following the two which are considered the most important are the American merchant marine, the development of our inland waterways as an adjunct to our foreign trade, currency and exchange conditions abroad and the necessity of foreign trade to make permanent American prosperity.

Fully 4000 of the nation's leaders in manufacturing, merchandising, agriculture, banking and transportation attended this morning's general session.

The general sessions are being held in the Academy of Music which has a seating capacity of 4000. The group sessions and the trade advisers service are housed in the Bellevue Stratford Hotel, where hundreds of the delegates are stopping. The other hotels of the city are also crowded with delegates, indicating that the convention is one of the largest, if not the largest, convention ever held in this city.

View the Harbor.

This afternoon a large number of delegates will take a steamer trip down the Delaware river to view the harbor and large water-front industries. Aside from this there will be no "junkets" or side "treats," which usually attend a convention. The three days will be devoted entirely to business—discussion of ways and means of causing a slow but sure revival among all lines of business.

The program for all sessions has been so arranged that the thought of restoring prosperity by an expansion of exports that will absorb 20 per cent surplus of American production over domestic consumption, will be uppermost in the minds of the delegates.

There will be four general and nine group sessions, the latter taking up in detail the features of dealing in foreign trade that are of intimate concern to the American manufacturer, farmer and shipper.

The Trade Adviser Service, this year one of the most important adjuncts of the convention, will be handled by approximately a hundred men actively engaged in or connected with export trade, who will be at the service of the delegates seeking information or advice on foreign trade problems of looking for new markets.

Real Estate to Speak.

Among those who will address the convention are manufacturers, bankers, exporters, shippers, economists, advertising experts and credit men. Agriculture will not be forgotten. For the first time at these conventions a real "dirt farmer" will address the body. He is Harvey D. Sconce, Vermillion county, Ill. An owner of thousands of acres of farm lands, his subject will be "The Interest of Agriculture in Foreign Trade."

Governor Sprout of Pennsylvania will be one of the principal speakers at the banquet which will close the convention. His subject will be "Foreign Trade and Domestic Prosperity."

Among the speakers who will address the general session of the convention, which will be presided over by Alva B. Johnson, are: Dr. J. T. Holdsworth, Pittsburgh; James S. Alexander, New York; J. C. Alsworth, Portland, Ore.; Charles M. Muchnic, New York; J. L. Ackerson, Chester, Pa.; W. H. Stevenson and James A. Farrell, Wallace A. Atwood, Worcester, Mass.; R. S. MacElwee, Washington, D. C.; Julius H. Barnes, Fred I. Kent and other well known men.

FOR REPRESENTATIVE.

I hereby announce myself as candidate for the office of Joint Representative of Umatilla and Morrow Counties, on the Republican ticket. If elected I promise to faithfully and honestly perform the duties of the office, working at all time for the best interests of the people of this district and the State of Oregon.

I favor legislation tending to eliminate waste in public expenditures and reduction of the taxes wherever possible, consistent with sound public policy.

Slogan.  
Constructive economy, and a fair distribution of the tax burden.

DR. I. U. TEMPLE

Republican Candidate for Representative, 23rd District.

If I am nominated and elected I will represent all the people of Umatilla county, regardless of party affiliation. I will not favor any clerk or clan.

I will solicit the co-operation of my constituents and every organized body of men working in the interest of the state and Umatilla county in particular.

I will favor the millage tax to support the state colleges but will oppose additional appropriations therefor.

I will endeavor to reduce taxes by placing on the tax rolls property heretofore untaxed and equalize taxation by taxing intangible property and incomes.—Paid Adv.

Served in 1919 regular and 1920 special sessions of the legislature.

The Oregon Voter summarized his record last week as follows:

"Hustling, capable member. Led many fights. Knew what was going on. WORTH ABOUT TEN INEXPERIENCED MEN IN EFFICIENCY. Knows the ropes."

He is a son of Idaho pioneer of '59. His American lineage dates back to revolutionary times. He was reared a Methodist and contributes to that church. He is a Mason. He is 100 per cent American and is not a Ku Kluxer.

He says the legislature should set a public example in tax reduction and that this example should be followed by County, City and district budget makers.

He will oppose the pendulum swing of all radical action and guard and advance these counties and Eastern Oregon.

REPUBLICANS!

Shall Oregon continue to hold the pre-eminence Shall she forge ahead as a leader in the Republican party?

Answer "Yes!"--Vote X 13 for Ralph E. Williams for  
Republican National Committeeman

IN the presidential election of 1916 when there was dissension and division everywhere Oregon was the only state west of the Missouri river to go Republican. Harmony!

Progressives and Republicans united in giving credit for this remarkable achievement to Ralph E. Williams, national committeeman since 1908.

In recognition of this and other services Ralph Williams was elected vice-chairman, the second highest honor within the power of the Republican National Committee to bestow. It is a position of influence to be reached only by years of faithful and intelligent service.

Ralph E. Williams Hires Orientals  
While Hundred of Ex-Service Men Need Work

PRESIDENT OF DISABLED VETERANS' AUXILIARY SCORES WILLIAMS.

Mrs. George L. Williams, president of the Disabled Veterans' auxiliary, addressed a letter to Ralph E. Williams, republican national committeeman, Thursday night, demanding an explanation of why he employs Oriental labor in his hop yards at a time when many ex-service men are jobless.

Williams is one of the largest hop dealers in Oregon.

Mrs. Williams' letter follows:  
DISABLED VETERANS' AUXILIARY  
Portland, Or., May 11, 1922.  
Mr. Ralph E. Williams,  
517 Board of Trade Building,  
Portland, Oregon.

Dear Sir: Positive evidence having come to my knowledge that you employ oriental labor in

your hop yards, while hundreds of unemployed war veterans and other American citizens are vainly seeking work, I have felt it my duty as president of the Disabled Veterans' Auxiliary to inquire your reasons for this attitude.

Controlling, as you do, the stock in several banks and ranking as one of Portland's wealthy men, there would appear to be no financial reason why you should not employ at a reasonable wage your fellow American citizens who need work to support themselves and dependents, and exclude all oriental labor.

One feature that has impressed itself forcibly upon my attention is the fact that the example set by you is one that may influence other employers. You are not

merely a private citizen. You are the republican national committeeman and, as such, the head of the party organization in this state and you therefore owe it to the republicans of Oregon to furnish by your own conduct a correct example for other employers to follow.

I have no racial prejudice against orientals. I simply feel that the unemployment problem since the armistice has become so acute that our own American folk should be taken care of to the entire exclusion of oriental labor. You are a wealthy man and can easily afford to employ American help at proper wages.

Your very truly,  
MRS. GEO. L. WILLIAMS,  
President, Disabled Veterans' Auxiliary.
