

People Here and There

Fred George, fish merchant, was a visitor in Pendleton today. "It's getting warmer down in our part of the world," he reports.

Wheat in the west end of the county is beginning to need rain, says H. C. Fraasletter, a farmer of Echo, who was a visitor today in Pendleton. He predicts a half crop in that section.

Kent O. Mitchell represents the New York Life Insurance Co. and has headquarters in Chicago. He was here yesterday and in company of J. DeWilde made an inspection of farm lands in the county.

PILOT ROCK PICNIC

(Continued from page 1.)

were present on the platform and were awarded their diplomas of graduation by Supt. W. W. Green. In the future it is planned to make this cere-

mony one of the attractions of the day's activities.

A concert by the Pendleton United School Boys' band under the leadership of A. W. Lundell was one of the pleasing features of the day. Races and other sporting events filled out the morning's activities. In the afternoon there was a hotly contested game of ball between the Weston and Pilot Rock teams. The home team carried off the honors in a well played game by a score of 8 to 4.

In the evening dancing was enjoyed until a later hour.

125 SCHOOL PUPILS

(Continued from page 1.)

Miss Marie Fletcher, in costume of brilliant red and yellow, made an excellent paper. Archibald Blakeley received much applause for his interpretation of "The Spirit of Unrest" in a solo dance.

The opening number of the page-

ant was the "Dance of the Rats," by boys and girls of the fourth grade. This was followed by the "Dance of the Villagers," by the girls of the sixth and seventh grades.

The pageant next shows a battle between the rats and villagers for the possession of Hamlin, the rats winning. The "Pied Piper" enters and drives the rats away. Upon being refused payment for his piping, he entices the children to the Mountains, where the dainty "Dance of the Wood Sprites," and the "Swinging of the Crystal" takes place. The children are led home by the "Spirit of Unrest." Florence Fletcher and Lucille Beck played the part of "The Stars" and danced very cleverly in costumes of blue.

Those who saw the pageant speak high praise of Miss Eva Hansen, physical training director who directed the affair and who is responsible for its success.

AIRPLANE WRECKED IN ENGLISH CHANNEL

FOLKSTONE, Eng., June 3.—(I. N. S.)—A London-Paris airplane fell into the English channel off this port. It later was reported a steamship bound for Boulogne picked up two bides. It is believed the machine is one which left Crydon aero-drome at 10:30. This plane was piloted by aviator Morin and carried two passengers.

FRENCH DEMAND THE WITHDRAWAL OF NOTE

PARIS, June 3.—(A. P.)—Premier Poincare in a memorandum forwarded to the United States and all powers which have been invited to attend the Hague conference on Russian affairs, demands the Soviet government withdraw its memorandum, presented at the Genoa conference May 11, as a condition for French participation at the Hague meeting.

Canada gives employment to 15,000 skilled automobile mechanics.

PARENTS AND PUPILS

(Continued from page 1.)

have already indicated an intention to attend.

The practice school will be in session during the mornings. The first, second and third grades will have their sessions at the Field school where Mrs. Clara M. Pratt will be the supervising teacher critic and will direct the instruction.

The remaining five grades, the fourth, fifth, sixth, seventh and eighth will have their classes at the high school. The critic teacher for the fourth, fifth and sixth grades will be Miss Florence Beardsley, and the critic for the seventh and eighth will be Miss Florence Enschende, both of the regular staff of the state normal at Monmouth.

Among the other instructors who have been named are Mrs. Ora Read Hemenway, who will be in charge of physical education. Intermediate grade methods will be in charge of Mrs. W. A. Barnum. Miss Agnes Campbell will have charge of the art work, and Supt. W. W. Green will give instruction on rural school problems including class room management.

The summer normal will be in session five days a week from June 19 to July 28.

There are seven manufacturers of automobiles in Belgium.

OLCOTT IN HOT WATER

(Continued from page 1.)

through the press that you have removed Charles E. Gates, mayor of Medford from the state board of fair directors.

A courteous letter from you asking for Mayor Gate's resignation would have been of small importance and would have received no criticism from myself and other citizens of Southern Oregon, but a summary removal, coupled with the press statement that "This action is taken under the provisions of section 4023 Oregon laws, for the good of the service," is quite a different matter.

When my mind drifts back over the past six eventful years that Charlie Gates has been mayor of the city of Medford, this statement heralded broadcast over the state, that he has been removed for "the good of the service," arouses within me a profound resentment. When I recall the unselfish and unstinted services that he has given this community in the last six years, without hope of expectation of reward, financial or otherwise; when I remember the dark days of 1917-1918, with the world in flames, and Charlie Gates with his only son in France and one daughter nursing in the army camps, was giving every waking hour, every ounce of energy, every dollar of resource he possessed, in the righteous cause of his country, leading and stimulating every movement and activity that was put forth by the people of Jackson county to support the mighty armies that this country was rushing to the battlefields of France—with all those things fresh and vivid in my mind, I do not feel that I care to have my freedom of action hampered by being

connected with an administration that sees fit to play politics with the reputation and standing of one of Southern Oregon's best known and best loved citizens.

Previous to the primary, I voluntarily wrote you, tendering my support. That pledge has, to this moment, been fulfilled to the limit. Your action, which cannot be interpreted other than a direct insult to the citizenship of Southern Oregon, and has been so accepted, compels me to withdraw that pledge, reserving the right to use the prerogatives that are possessed by every citizen.

It is with sincere regret that I sever my connection and association with the splendid men who make up the same organization of the state of Oregon, and with the wonderful work in which they are engaged.

Very respectfully yours,
BERT ANDERSON.

Other stories from Medford, printed in Portland newspapers, are to the effect that Anderson was the Olcott manager in Jackson county during the primary election. He is credited with having done much to swing Jackson county into the republican column and the idea is expressed that the Olcott-Anderson episode may cost the governor that county in the election this fall.

NINE MOTOR RACES AT SALEM TODAY

SALEM, June 3.—Nine events, including motorcycle, stock car and professional auto races are on the programme for the race meet at the state fair grounds at Salem this afternoon. It will be the first race meet in Western Oregon for many months to be under the sanction of the American Automobile association, and a big crowd is expected. For the benefit of Portlanders the time for starting the programme has been set at 3 o'clock, motorists thus being able to leave Portland after lunch and arrive in time for the opening flag.

The complete programme for this afternoon's race meet follows:

1.—Dealers' parade around the track, in which Portland and Salem automobile dealers will participate with their latest model cars.
2.—Motorcycle race for Salem riders only to determine motorcycle championship of Salem; distance, 10 miles.
3.—Free-for-all motorcycle dash, five miles.

4.—Stock car race for cars of 220 cubic inches piston displacement and under, 19 miles.
5.—Stock car race for cars of 300 inches and over, 16 miles.
6.—Free-for-all stock car race, 15 miles.

7.—Professional car race for cars of 300 inches and over, 10 miles.
8.—Professional car race, free-for-all, 15 miles.

Some of the fastest stock and professional cars in the northwest, as well as some of the speediest motorcycles in this part of the country are entered. At least half a dozen cars will make the start in every event, and in several of the races the entries will be so numerous that preliminary elimination heats may have to be run.

The 15-mile free-for-all professional race, the final event will be the big race of the day. Nine of the fastest dirt track race cars on the Pacific coast are entered in it. To

SOME PEOPLE LIVE WELL ON LITTLE MONEY

They know how to buy food, how to cook it and how to keep it so that flavor and nourishment are fully retained. That's the whole secret.

No well-informed housewife, for instance, would be without ice in early Spring. The weather is too changeable; the temperature is too warm. The food might not spoil so badly that it could not be used; but it would lose the appetizing flavor which makes eating a pleasure and it would have less of the nourishing quality which your children especially need.

From now on, ice should be taken regularly. It actually saves money.
