50,000 KLAN MEN ASSEMBLED AND 57 MILE PARADE HELD

JOLIET, Ill., June 6.—At least 20,000 members of the Ku Klux Klan gathered in the woods two miles south of Plainfield, near here and initiated 3000 new members into the secret hooded organization.

There was no noise connected with the gathering of the concourse of people who flocked into and through Plainfield from 4 o'clock in the morning until after 1 o'clock in the morning. The ceremonies of initiation began promptly at midnight and gave promise of lasting well into the morning.

Quick Lunch Served. Hot dog stands were set up and soft drinks, cigars and every cress refreshment were served, sprang up apparently from nowhere. Bonfires were started here and there, seemingly miles apart, and the space between was jammed. There was loud talking and laughter, but until the ceremonies began there was no sign of organized action.

When the fiery cross was lifted 15 feet into the air and lighted the emblem of the Ku Klux Klan told the people who watched the dim proceedings from a distance what was going on and what was to come.

The next instant the white robes were on and the scene took on a weird appearance. Two motorists who spent nearly the entire evening trying to count the approximate number present, reported that they drove past 57 miles of automobiles lined up side by side.

The spokesman of the Klan announced to the newspapermen that the meeting was the largest ever held in America by the Ku Klux Klan.

BOBBED-HAIRED GIRLS WILL BUY BACK LOCKS IS EXPERT PREDICTION

DEFIANCE, O., June 6.—Bobbed haired American girls will be buying their hair back soon at snug prices.

Of course, it may not be their own hair, but, in that case, some other fair one will be paying a good sum for the tresses which young lady No. 1 so gladly relinquished not long since.

In other words, the bobbed hair craze is merely the result of some clever promotion on the part of the beauty shops which have found little profit in their profession, except through the sale of the elaborate coiffure.

That's the report of one habitue of the beauty shops in many larger cities who thought it safe to divulge the information in Defiance, Ohio, in the belief it "wouldn't get out." According to this information, the beauty shop proprietors have given her the following story:

"Receipts began to dwindle when the 'rat' and the 'switch' and the 'transformation' went out of style. So, to put matters on a bed-rock foundation (no reference to the head intended), the bobbed hair fad was pushed energetically. Everyone entering a beauty shop was given a comprehensive argument on the desirability of short hair. That campaign is now at its height.

"And in anticipation of the reaction, there now are appearing the most elaborate combs and transformations. How can they be worn? Only with the elaborate coiffure. "During the coming summer the full fashions will emphasize hair and more hair. And when the formal social season opens in late September watch the rush for the beauty shops. And watch the artful molders of feminine attractiveness sell back to their artless sisters their very own tresses at a commanding figure."

The case was brought by the United Mine Workers of America against the Coronado and other coal companies, arising out of Arkansas strikes of 1904.

Bobby is the eighth child born to Mr. and Mrs. Baker within the last 12 years. The other 25 children were born to Baker by six other wives. Mrs. Baker, the seventh wife, is 35 years old.
