But Captain Matray's stories of adventures and the Henty fiction, based on historical events, are gone with the youth of today, who can get more exciting war and sea stories from the newspapers or from the veterans of the World War, according to

The love stories continue to favor with the suffragist sex. While many young girls are paying fifteen cents to read Bertha M. Chay, they are outnumbered five to one by the purchasers—married women—who, finding their own married lives, put up running true to form with washing babies, dishes and clothes, seek the paperbacks for entertainment.
