Harvest has begun and the barley and wheat are of fine quality. Mr. Collins accompanied W. L. Thompson from Portland to California.

Mrs. Brownell states that she is enthusiastic regarding the Round-Up since reading "Let 'er Buck" Colonel Charles Wellington Furlong's book.

Gets Out of Control
 One good way to fall heir to a lot of wrath from Fire Chief W. R. Ringold these days is to set a grass fire without taking every precaution to see that it will not get beyond control and become a menace to property. A grass fire this morning did go wild and threatened a house and garage at Blaine and Washington streets. The department was called out at about seven-thirty to combat the blaze. The loss was small, but for a time the house of Mrs. Wyrick was in danger.

Receives Market Road Money
 One-half of the market road money was received yesterday from Sam Kosar, secretary of state, for the state highway commission, by Treasurer C. K. Cranston as Umatilla county's first quota for the year. The check was for \$33,003.07. Mr. Cranston also reports that quite a little money is being received now by reason of the collections on personal property being made by the county assessor, R. O. Hawks. Several hundred dollars have been collected during the past two weeks.

Alleged Bootlegger Grabbed
 A fight early this morning in the room of Charles Howell in the Bowman hotel led to the raiding of the room by the police and the arrest of Howell on a charge of bootlegging. He was released on bail. M. Martins and Alvin Slade were arrested on a charge of disorderly conduct at the same time. They are said to have been fighting in Howell's room which caused the police to investigate. Baseball minds do not seem to be altogether in accord as to whether the official major league ball of today is the same "rabbit" with which ordinary hitters became extraordinary sluggers, over night, during the last several seasons. Some hold that it comes back at them off the bat at the lethargic, sluggish pace of a cannon ball.
 It is, they say, one of those "hello, good-bye" things. Others claim "it's rabbit" is now almost extinct on the ball field.
 However, these latter recollect their theories with the fact that Tommy Griffith never a hard hitter almost killed Wilbur Hubbell in Philadelphia with something that left his bat like

self, Mr. Cooper as clerk and Mr. Miller as director.
 Which tells the matter down to the following question: Is Lee a barker or is he a law-abiding citizen? The answer is yes, provided plus is an excellent coverage.

Union Village, Vt.—"I was weak and nervous and all run-down. I could not walk across the floor without resting and I had been that way for weeks. I saw your advertisement in the paper and after taking one bottle of Lydia E. Pinkham's Vegetable Compound I felt the good it was doing me and I took seven more in all. Before I finished I was able to work nine hours a day in a steam laundry. I cannot say too much in favor of your medicine. I trust all sick and suffering women will take it.
