Landowner Makes Visit
 Mrs. Katherine Timmerman and two children have arrived from their home at Oakland, Calif., for a visit of about one month. Mrs. Timmerman is the owner of a big wheat ranch near Helix, and she will take care of business affairs during her visit.

Likes Looks of Wheat
 "Umatilla county is in the lead of all the wheat country I've seen," is the way William Kennedy expressed himself after he had made an inspection of the wheat lands of the county. He left today at noon for Portland. He is auditor of the Portland Flour mills.

Johnson Is Released
 Olie Johnson, arrested yesterday on a charge of passing worthless checks, was released last night after he settled the costs of the case and made good the losses he caused others by passing checks without funds. The charges against him were not withdrawn, but prosecution will be withheld during his good behavior. Johnson is said to be a willing worker as long as he is away from the temptations of the "wet" dealers.

30 Scouts Will Go
 There will be 30 boy scouts who will enjoy the annual outing vacation trip this year, according to the list which has been compiled. They will go to Immigrant Springs and will leave Monday morning at 6 o'clock. Vincent Hunter will assist H. J. Kirby in the executive work at the camp. Following is the list of boys who will make the trip: Harold Green, Fred Bennon Jr., Elmer Warren, Willie Lang, George Summerville, Howard Summerville, Louis Harthorn, Norris Graham, Archie Lang, Allen Carden, Truman Gadow, Thomas Downs, Alfred Downs, Allen Temple, Gerald Englehart, Eugene Patten, Edward Hale, Dick Blydenstein, Clarence Flynn.

Harvesting Moves Rapidly
 Early ripening of grain, caused by the hot winds and the hot weather of the latter part of June and early July caused farmers to get at harvesting of grain early this year. The weather has aided them by reason of freedom from rain. As a result the crop will be in the warehouse much earlier than usual, according to reports from farmers. R. J. Cresswell, who farms the Henry Taylor ranch, reports that harvesting was completed there yesterday noon. The machinery has already been shedded, and by tonight all of the wheat will be in the warehouse, he declares.

Gerdon Keane, Leonard Kearney, Willis Leckfider, Raymond Rugg, Stanley Richardson, Gilbert Perard, Donald Swainbank, Melvin Lovell, Russell Lovell and Claire Smith.

Leach Is Held.
 James E. Leach is in the county jail where he is being held by the local officials for the Spokane authorities. He is wanted for contempt of court. He is fighting extradition.

Divide Fund Four Ways.
 The county fair fund of \$2,509.12 has been divided into four parts for use this year, according to action taken by the county court yesterday afternoon. W. W. Green will be given the use of \$500 to be applied to premiums in connection with school work. The Hermiton Hog and Dairy show, The Northwest Grain and Hay Show and the East End Fruit show will secure \$669.70 each for their use.

Spark Falls Through Floor.
 A spark from a kitchen range at the Snyder home, 627 Pine street, fell through a crack in the kitchen floor and ignited kindling in the basement underneath today, shortly after 1 o'clock. The fire department succeeded in extinguishing the flames with a loss of only about \$25. A boy was very nearly run over by the fire truck on the way to the fire, according to Fire Chief W. E. Hingsold. The lad was riding a bicycle. A warning against citizens taking risks of this sort has been issued by the chief.

Use Hose On Spiders.
 One of the best remedies against the red spiders which are causing serious damage to the foliage of shade trees in the vicinity of Pendleton is to spray the trees with plenty of cold water with the garden hose. This recommendation is made by Fred Bennon, county agent. An inspection of shade trees in the city was made yesterday by a member of the Parr's Rose Gardens florist shop, and it is reported that quite a lot of damage has been done. The spiders bother particularly in dry years. Bennon says. The eggs are laid on the under side of the leaves, and the spider makes his living by eating the leaf. Poison spray may be used, but it is more economical to use water once or twice a day, Bennon says.

Dave's Pup Eats Heartily.
 There is trouble in the sheriff's family at the court house. It all happened because of the antics of a blooded bird dog pup which is the pride and joy of Dave Lavender's life. The pup bears the name of Cleo and like Cleopatra of old, she is a source of sorrow to many. This morning Sheriff Zoeth Houser discovered that a perfectly good pair of suspenders belonging to him were entirely ruined, and by getting some teeth prints and doing some other careful investigating work, he was able to fasten the misdemeanor on Cleo. A little later the source of Cleo's sins was further increased when it was found that a new pair of shoes belonging to Deputy Sheriff Lavender had made good provender. A special cell for the pup will be constructed, the services of Guy Cook having been secured for this purpose.

JULY WHEAT MADE ONE CENT DROP TODAY

July grain showed a drop of one cent below yesterday's closing price according to the Overbeck and Cooke Co. report, the price being \$1.19 1/2, September grain, \$1.08, December \$1.19 1-5. Yesterday's closing prices were \$1.11 1/2, \$1.08 3/4 and \$1.10 1/4 respectively.

Open High-Low Close
 July \$1.10 \$1.11 1/2 \$1.10 \$1.10 1/2
 Sept. 1.07 1/2 1.08 1/2 1.06 1/2 1.08
 Dec. \$1.10 \$1.10 1/2 \$1.09 1/4 \$1.10 1/4
 Wheat—Trade was small and the market fluctuated in an irregular manner on evening up of contracts over the week end. At one time prices declined sharply on scattered liquidation, but immediately recovered the losses when on shorts attempted to cover. Uncertainty as to the disposition of July contracts on Monday undoubtedly had much to do with the indifferent attitude of the trade in general. Receipts of 469 cars in Chicago met only a fair demand, and premiums were a shade easier. Export trade was less active than the past several days, but this was regarded as the usual Saturday lull, and that renewed buying will take place next week, with early settlement of the rail and coal strikes in prospect, we look for a return of confidence and a better market, especially if exporters continue buying as they have been for the past week.

JACKSON COUNTY HOLDS RECALL ELECTION TODAY

MEDFORD, Ore., July 29.—(U. P.)
 The town is torn asunder today over the recall of Sheriff Terrill. Feeling is running high between the Klan faction which seeks Terrill's removal at the recall polls today, and the anti-Klan faction backing Terrill.
 D. Lowe, reputed Klansman, is arrayed against Terrill for office. Meanwhile the grand jury hearing of the evidence in the alleged Klan outrages adjourned until Monday, when Arthur Burr, a negro bootlick, claiming rightful treatment by the nightriders, will testify.

DELINQUENCY OF KANSAS CITY GIRLS INCREASING

KANSAS CITY, Mo., July 29.
 Within a period of two years juvenile delinquency among girls has increased 20 per cent, according to Judge E. E. Porterfield, of the Kansas City juvenile court. This percentage increase can be attributed directly to the lure of bright lights and the gay mothers of today, the judge declared.

"For the first time in the history of this court I have observed that the girls are going back on me," Judge Porterfield explained. "I am shocked. The girls of today are far too independent for their own benefit. For some inexplicable reason the majority among the youths of today—boys and girls—refuse to listen to the advice given by their elders. "The mothers who are constantly seeking entertainments outside of the home and those who make a practice of leaving their broods to the care of a trained nurse are partially responsible for the utter disregard with which girls are treating the moral code."
 Historical data has it that there was once a period when little girls "were made of sugar and spice and everything nice." But those days are pronouncedly gone now, court attendants declare.
