Quite a lot of construction work is under way and this necessitates several detours over rougher roads. The road will be good next year, they say.

## STILL CAUSES FIRE

(Continued from page 1)

were two pacers, Peter Blue and Walla Walla Kid, a three year old filly and a brood mare and suckling colt, all racing stock, and all owned by P. L. Schell, of Walla Walla.

George A. Kelly had two horses in the barns, Miss San Francisco and Maxey Hall. These horses and Peter Blue and Walla Walla Kid are entered in the fair races for next September.

Prince Asworthy owned by Jim Dacres and Mattie McDonald, owned by W. T. Golden, were also in training to the stables.

Five of the horses rescued were taken from the barns by Earl Drennan and Conley LeRoy, two boys who were living at the grounds.

The racing horses killed were valued one at \$1900 and the other at \$1500. About \$1500 worth of harness and equipment belonging to the various horsemen was burned.

No accurate estimate of the loss to the fair association was available last night. D. W. Barclay expressed the opinion that the barns, which contained about 300 stalls for exhibition of live stock besides all the racing quarters, could not be replaced at the present time for less than \$10,000.

The fair association carried insurance, but the amount could not be learned last night.

Had the fire occurred a few weeks later it is probable that all George Drumheller's string would have been

in the stables as his racers are now at Vancouver, B. C. and were expected here in a short time to await the Walla Walla fair.

Tom Brady was also expected to bring L. C. McKay.

A young man who was so intoxicated he had to be carried out of the building, was taken to St. Mary's hospital and sometime later the hospital authorities were still in the dark as to his identity. He was not known to Sheriff Springer or others who saw him. Two other men were also in the building where the still was being escaped during the confusion of the fire and before the existence of the still was made certain.

## Writes Compromise

P.)—The threat of industrial demoralization is over, administration leaders stated today as Harding reduced to writing his compromise plan for the settlement of the railroad strike and the presidential coal committee started its work of rationing coal. The White House is confident of the settlement of the rail strike some time next week. "We will have coal," the White House insisted.

## Contents Unrevealed

WASHINGTON, July 29.—(U. P.)—Harding today forwarded his "compromise suggestions" which he believes will end the rail strike to the leaders of opposing parties today. It was sent in letter form to Bert Jewell, head of the Federated shopcrafts, and T. DeWitt Cuyler, head of the association of railway executives. The contents was unrevealed, but Jewell and Cuyler are expected to divulge the contents.

## Hotting Reported

CHICAGO, July 29.—(U. P.)—There was serious rioting here today. United States Marshal Morgan shot and seriously wounded Clifford Bailey, picket, following the alleged strikers' threat to beat up strike breaker George Wilson, strikebreaker, was beaten and kidnapped, according to railroad officials.

## Injunction Permanent

PORTLAND, July 29.—(A. P.)—The Federated shopcrafts in Portland and Eastern Oregon cities affected by the temporary injunction against picketing at Union Pacific system shops issued Tuesday, have been allowed by Federal Judge Bean until September first to show cause why the injunction should not be made permanent.

Floyd Carter suffered a broken arm Thursday while on the Great Steen ranch on Dry Creek. He and another boy were racing up the side of the barn roof next to the hill which has a shed roof with low eaves, and when Carter reached the cone he missed the bird house which is built on it and was carried over with the momentum of his rush and he ran down the opposite side of the roof, being unable to stop, and jumped off where the eaves are between twenty and twenty-five feet high. His arm was broken and it is easy to imagine how the boy must have been shaken up.

Another accident occurred Thursday on the William Harder ranch when William Clark who was hauling wheat in a high boxed wagon and spring seat was thrown out by a wheel running into a hole, and Mr. Clark being taken unaware was hurled to the ground, striking on his head and shoulder. All three of these cases were attended to by Dr. G. S. Newsom of Freewater, the services of none of the doctors nearer the scene of the accidents being available when first aid was needed.

A sixteen year old boy named Lewis was the victim of a painful accident at the dam Thursday, when engaged in cleaning his revolver it was discharged and the bullet found lodgment in the fleshy part of his thigh. Dr. C. W. Thomas was called and the wound was dressed and is not thought to be serious.

Burr Cahill, of Dayton, former resident of Milton, was a guest at the home of Mr. and Mrs. Rude Edwards Sunday.

Mr. and Mrs. Hugh Monegan of Freewater went out to the William Kibler ranch east of Walla Walla Sunday in their auto, Pat driving, and during the day he was run into by a machine driven by a woman which damaged his car enough to put it temporarily out of commission, greatly to the annoyance and inconvenience of the Monegans.

A week from next Sunday, August 6, there will be a baseball game in Echo between the Prune Pickers and the Ditch Diggers, which in all probability will be followed by a three-game series between the same teams for the championship of Umatilla county. The games will be hotly contested and will be intensely interesting.

Mrs. L. B. Storm will go to Portland Sunday and on to Seaside, coming back to Portland to take in the buyers' week at that city.

An ice cream social was given Wednesday evening on the church lawn of the Christian church by the ladies of the Sisterhood. Twenty-five dollars were cleared, the money going to help redeem the pledge of the ladies, which is to pay \$5 each Sunday towards the running expenses of the church.

Ernest Metc, an old acquaintance of the Rexroads when they lived in Butte Mont., and now a student of the Washington state university at Seattle, was a guest of the family, Wednesday.

Mrs. C. A. Rexroad says her husband, Rev. C. A. Rexroad is getting along very nicely at the Veterans' hospital at Boise, Ida., and that he had another operation some time ago, from which he has sufficiently recovered to enable him to come home in about two weeks, he hopes.

### THREE ACCIDENTS AT TWIN CITIES THURSDAY

(East Oregonian Special.)

MILTON-FREEWATER, July 29.—Mr. and Mrs. Harvey Manela have returned from a trip to the Yellowstone National Park, having been gone about two weeks.

Friends of A. E. McKnight have received word that he is improving in health, where they are staying, at Camp Sherman, Ore.

Robert Chapman met with a painful accident Thursday while helping in making hay on the Harry Huber ranch. They were engaged in hoisting hay into the barn and Mr. Chapman held onto the rope too long and one finger was drawn into the pulley, which unjointed it, necessitating its amputation.

## IN "WOMAN'S PLACE"

By John Emerson and Anita Loos

Mean to say the men aren't around for Connie when she runs for Mayor? But the stronger the men get, the weaker get their wives. Sure, Constance was chosen by the Woman's Party for beauty, not brains, but she charmed 'em all too well to suit the girls they left behind 'em.

A Comedy of Electioneering and Affectioneering

Now where, oh where is Woman's Place? What domicile should she embrace? The spinner murmurs—"In the home." The bathing girl says—"In the foam." The weary wife—"Oh, let us roam." But there's all wrong; it's in the gloom. Ling shades by rivers cool and sweet, In nook, in cranny, dim retreat, Front o'er the moon's enquiring face, Yes, there, oh, there, is Woman's Place.

It's all you like Connie for—and then some more.

A FIRST NATIONAL ATTRACTION

She stands for taxes on gloom! So vote the Talmadge Ticket in the Campaign of Smile and Guile and Style.
