YIELDS OF WHEAT IN COUNTY ARE SPOTTED

Yields of wheat in Umatilla county are much more spotted than usual, according to reports that are heard from all parts of the county. On an average yields are in excess of what farmers had estimated just before the harvesting season started.

From as low as eight and nine bushels to a maximum of slightly more than 40 bushels the acre is the story told of how the wheat has weighed out in the warehouse. Some of the grain is pinched, but quality is similar to yields in that it has exceeded expectations in most cases.

Many smaller operators have already finished their harvesting and some of the larger ranches are also done of this year's crop. With two weeks more of good harvesting weather, it is thought that nearly all of the wheat in the lower sections of the county will have been harvested. Some may remain in the foothills and on Weston Mountain yet to be cut by that time.

Local grain dealers declare that there is absolutely nothing doing in the way of trading in wheat here now. The market price is depressed, and the continued rail strike is also held responsible for a lack of activity on the part of exporters, with a lot of shipping in under way, but the wheat being sent to the coast by some of the crop that was contracted earlier in the season.

CHICAGO WHEAT PRICES REMAIN STEADY TODAY

Wheat prices quoted today from the Chicago Grain Market show closings as follows: September \$1.65 2-5, December \$1.07 1-4 and May \$1.12 1-4. Yesterday the closings were \$1.55 5-8, \$1.07 2-4 and \$1.12 1-4, respectively.

Following are the quotations received by Overbeck & Cooke, local brokers:

	Open	High	Low	Close
Sept.	1.65 1/2	1.06	1.04 1/2	1.05 3/4
Dec.	1.07 1/4	1.07 1/2	1.06 1/2	1.07 1/4
May	1.11 1/4	1.12 1/4	1.11 1/4	1.12 1/4

'THE RED SCOURGE' AND THE FOREST FIRE

"On the tenth day of July a man set fire to more than a score of homes. Every home was entirely consumed and there was no insurance. The man went on his way, if not rejoicing, at least without visible evidence of regret. He had no fear of punishment because the homes he had destroyed were not yet built; they were still in the tree trunks awaiting the magic wand of industry to give them habitable form. But economically these homes were destroyed as surely as though the trees had been spade into lumber and the lumber into structures. And this is the way it happened:

"It was the vacation season and an automobile carrying a party of tourists stopped on a road that wound through a magnificent stand of Douglas fir, in western Washington. The travelers sat in rapturous admiration of the quiet forest scene and chaperoned over the great trees that columned their majestic beauty as far as the eye could see. One of the men of the party lit a contemplative cigarette and tossed the match to the side of the road.

"Half an hour later an airplane forest patrol flying high above the mountain range saw yellowish smoke billowing over the tree tops. He moved his control and turned in that direction. Upon the chart in the machine before him he located the fire immediately. Then returned quickly to a mountain fire station ten miles away.

"After what seemed an interminable wait, the patrol noted vigorous signs of men at work. They were combating that most terrifying, most unmanageable and dangerous of all rebellious elements—the forest fire. For a day and night and another day the battle waged. Grains, trees, bark as the charred trunks around them, went to the last stages of exhaustion, fought on, setting away underneath, disintegrating, long and trees heating out the sinking fringes of advanced ground fire, shouting one to another

HOME DEMONSTRATION IDEAS FOR HOUSEWIVES

- * Graham or Whole Wheat Bread
- * 8 cups graham flour, unsifted.
- * 2 cups sifted white flour.
- * 2 teaspoons salt.
- * 1/2 cup brown sugar.
- * 1/2 cup Karo, or sugar.
- * 1 yeast cake.
- * 2 cups hot water.
- * 2 cups milk, scalded and cooled.
- * 2 tablespoons fat.
- * Dissolve yeast, sugar and Karo or sugar in lukewarm water. Add fat, then flour and salt gradually. Knead very thoroughly and set in warm place to rise until doubled in bulk. This requires about two hours. Turn dough onto kneading board and mould into three loaves. Cover and let rise about one hour. Bake one hour in slower oven than used for white bread.

above the crackling inferno of heat and smoke, panting like hunted animals around the water barrels where they slaked their thirst with the lukewarm liquid, but gaining, almost imperceptibly at first, yet gradually with greater certainty as the weary hours dragged on. And amid the confusion and crash of falling timber the ranger and his foremen generalised the battle.

"Several days later a wide, barren scar lay upon the mountainside, still smouldering in places where the black splinters of the charred stumps pointed like accusing fingers, and still sent out masses of yellowish white smoke. The scar covered hundreds of acres and it would continue to smoulder and smoke for weeks, while all about in the adjacent woods were fire guards constantly vigilant to see that the enemy did not creep out and strike again.

"And far away the automobile tourists journeyed carefree and utterly unconcerned. At a sawmill they stopped for a few minutes to watch the logs in slow process from the pond to the hand saws. 'What a share,' exclaimed the man with the cigarette, in a burst of sentimental revolt, 'What a shame to cut down these beautiful trees!'

WORN NERVES

Nervous troubles, with backache, dizzy spells, queer pains and irregular kidneys, give reason to suspect kidney weakness and to try the remedy that has helped your neighbors. Ask your neighbor!

Mrs. A. A. Byrd, 304 E. Bluff St., Pendleton, says: "I wasn't feeling well and was having trouble with kidney complaint. I had severe catches in the small of my back and felt miserable at times. The trouble was caused by heavy lifting. I tried easily and became easily excited. I was so nervous and cross nothing pleased me. As Doan's Kidney Pills had helped another member of the family, I used a box. They rid me of the backache and all the other symptoms, making me feel like myself again."
