

People Here and There

J. B. Herr, cashier of the Athena State bank, was a business visitor in Pendleton today.

R. P. Harwood is circulation manager of the Portland Oregonian. With Mrs. Harwood he spent the day in Pendleton checking on circulation matters.

A second sister to George Washington, Abraham Lincoln and Harding Akimato arrived yesterday at St. Anthony's hospital. The little Japanese is the daughter of Mr. and Mrs. Shory Akimato, who to show their loyalty to the country of their adoption have named their three sons after United States presidents. Another child, a daughter, has been named June. No name has been chosen for the new arrival. Akimato is proprietor of a pool hall on Alta street.

A representative of a corporation is Miss Lavonne Stanton, who is in Pendleton today from Portland. The corporation is the Boys and Girls Aid Society, of Portland, and Miss Stanton is the society's field agent. She visits the various towns and cities of Oregon in the interests of the children. Miss Stanton states that Umatilla county homes have a total of 10 children who are being supported here. Besides this number there are scores of old society children who have been legally adopted. Offers of desirable homes are scarce at present, says Miss Stanton, and the society has 55 children in the home. This is an unusually large number as the summer average is usually about 35.

Howard Elliott, editor of the Union Pacific Magazine, was a Pendleton visitor yesterday, en route to Portland from Omaha, Nebraska. Mr. Elliott was placed in charge of the magazine when it was founded in January of this year. He was formerly employed by the railroad but later left it for the practice of law in New York. The magazine is estimated to reach 150,000 people each month and is sent gratis to newspapers, libraries and railroads employed by the Union Pacific. The August number will contain pictures and an article on the Pendleton Round-Up. Mr. Elliott's

brother, W. S. Elliott, was employed in Pendleton as a railroad man in 1888.

F. W. Falconer left last night for Monday, Mont., and other points where he will be on business for several days.

Richard Rice will leave this evening for Portland. His mother, Mrs. G. M. Rice, Miss Pauline Rice and James Rice have been spending the summer in Portland and young Rice will join them.

K. of C. Has Assets Of 15 Millions

ATLANTIC CITY, Aug. 4.—(U. P.)—During what he described as one of the most arduous twelve-month periods in American fraternal history, Supreme Secretary William J. McGinty in his annual report to the Supreme International convention at Atlantic City, showed that the K. of C. from June 30, 1921, to June 30, 1922, had added \$3,904 to its membership rolls and \$2,196,559.75 to its assets.

The total assets of the organization the report stated approximate \$15,000,000. These states lead in total membership: New York, 118,636; Illinois, 76,826; Massachusetts, 73,419; Pennsylvania, 51,867; Ohio, 41,233; Michigan, 39,139; and New Jersey, 28,504. Quebec leads the Canadian jurisdiction with 22,147 members.

NEW MOTOR LIFEBOAT LONDON, Aug. 4.—(U. P.)—A new motor lifeboat said to be the largest and most powerful craft of the kind afloat, has been launched for the Royal National Lifeboat Institution. It is called the Barnett Twin Screw.

Practically unsinkable, the Barnett Twin Screw has as many water-tight compartments as a modern battle cruiser. Her radius of action is anything up to 150 miles. She carries a life-saving net, a line-throwing gun, and a searchlight. Her engines are two of the new six cylinder 75 horsepower motors and it is said they will continue working even when completely submerged.

WHEAT SHOWED SMALL INCREASE AT CHICAGO

September grain closed at \$1.05 1-4, December at \$1.05 and May at \$1.13 1-2 in the Chicago grain market today. The closings yesterday were \$1.05 3-8, \$1.07 1-4 and \$1.12 1-4, respectively.

Following are the quotations received by Overbeck & Cooke, local brokers:

	Open	High	Low	Close
Sept.	\$1.06	\$1.08 3/4	\$1.06	\$1.08 3/4
Dec.	\$1.08	1.09 3/4	1.08	1.09
May	1.12 1/2	1.14 1/2	1.12 1/2	1.14 1/2

Wheat—The market gave an excellent account of itself and showed more strength than for some days. At the outside figures September being up around three cents over the close of the previous day, and went to less than one cent under the December, compared with two cents at the finish yesterday. The calling attention of the trade to the fact that the combined efforts of farmers to bring about orderly marketing combined with the railroad coal strike have been forced to advance their buying basis compared with September and that No. 2 hard up two cents as compared with a week ago, and one of the largest of the local houses, says it is now unable to do any more business on account of sold up, and outside markets are outbidding this market in the interior. With some of the strong interests in the trade over on the ball side, we can see no reason to change our belief that wheat is a purchase on the decline.

WAR DEPARTMENT GIVES RECOGNITION TO HILL'S

PORTLAND, Ore., Aug. 4.—The commanding officer of the Ninth Corps Area at San Francisco has sent a communication to the Hill Military Academy of Portland in recognition of its military work to the effect that H. M. A. students will receive credit for drill in the colleges or universities in the R. O. T. C.

This action was taken following orders from the war department, and signed by Robert C. Davis, acting adjutant-general. Captain Earl C. Plegel, U. S. A., has been assigned by the war department to conduct the military work of the academy as professor of military science and tactics. Students will resume their drill immediately upon the opening of the Fall session, September 15.

TWO BOOZE VENDERS PLEAD AND PAY FINES

The making of beer and moonshine within the limits of Pendleton promises to become a less profitable business than it is rumored to have been heretofore if the present pack of deputy sheriffs is maintained in a move to clean up places where sales are made. Two raids have been made within the past 24 hours, and three offenders were caught.

S. E. Bollinger and J. Hoagland were grabbed by Deputy Sheriff Jake Marin and a federal officer yesterday afternoon about 5 o'clock. The arrest of the two men followed a search of a house on the north side of the river. A still was found together with 150 gallons of mash and about 10 gallons of the finished product. This morning before Justice Joe H. Parkes, Bollinger entered a plea of guilty. He was fined \$300 and costs. Hoagland pleaded not guilty and his trial was set for Monday afternoon at 2 o'clock.

At 8 o'clock last night the same officers made a raid on the J. A. Johnson place on Jane street on the south hill. They found 38 bottles of beer. Johnson appeared before Justice Parkes this morning and paid a fine of \$25 and settled the costs of the case.

A "hooring party" was held at the court house this afternoon in which the beer and whiskey was emptied into the gutter.

SENATOR GOODING WANTS PROBE OF NEWSPAPERS

WASHINGTON, Aug. 4.—(U. P.)—Senator Gooding, republican, today demanded a probe into the nation's newspapers to determine the reason for their attitude on the pending McCumber-Fordney tariff bill.

ENGLISH GAMBLERS FAVOR AUSTRALIANS TO WIN DAVIS CUP

WIMBLEDON, England, Aug. 4.—The betting is six to four that the Australian team—Gerald L. Patterson, James Outram Anderson and Patrick O'Hara Wood—will win the Davis Cup.

Australians have dominated the great British tournament. Gerald Anderson won the Men's Singles against Randolph Lycett, whose tennis was learned in Australia. Anderson and Lycett beat Patterson and O'Hara Wood after the best fought Men's Doubles ever seen in England. O'Hara Wood and Mille Lengten won the Mixed Doubles against Lycett and Miss Ryan.

All discussion is now raging as to who is the best of these three Australians. Anderson began the tournament by playing such tennis as has never been seen in British, even by men who played with the great Doherty, Norman Brooks, Anthony Wilding, Larned Holcombe, Ward and McLaughlin. On his form against Brinn Norton, the South African star, he played such tennis that probably no man in the world could have hoped ever to win a set from him.

But in the next round O'Hara Wood, with his beautiful all-round

play, ran him to five sets and nearly beat him. And against Patterson, on one of his temperamental days, although the game went to five sets he never really looked like wanting.

This year we have seen a new Patterson. The old service is still there—but very much faster—and the second service is practically as fast as the first. But the weak backhand has been eliminated, and a dominating chop stroke has been introduced that makes the present British champion more than fifteen a game better than he was two years ago.

Anderson was the popular figure of the meeting and the favorite of the crowd. All his lapses from form were forgiven and the general impression was that if this man is not the world's champion he certainly will be in the future. But the crowd forgot its old dislikes for Patterson, although everything O'Hara Wood did was loudly applauded.

If Anderson strikes his form in the Davis Cup, then America may be prepared for a new revelation in lawn tennis. There have been times at this meeting when his service, driving and powers of anticipation have been almost uncanny. But there have been days, especially in doubles, when he has played like a beginner.

Despite this there is unlimited British money to back Australia against the United States at the rate of six to four.

WERK'S Red Oil Soap

"I Never Heard of It." That is a remark sometimes made when we mention WERK'S Red Oil Soap.

During a recent demonstration of WERK PRODUCTS in Aberdeen, Washington, a surprising and very pleasant incident occurred, as shown in the following:

"I called at the Lindner & Leitch Grocery to see if the 'Werk's Red Oil Soap' they advertised in the same 'Werk's' soap I have known for forty years; and that I sold for twenty-seven years in my Altonau Grocery on Price Hill, Cincinnati, where my daughters are still selling Werk's Soap. I know that the manufacturers always maintained the quality. Sometimes it was harder to sell, but I always knew I was putting out a soap of the very best quality. I am much pleased to see WERK'S RED OIL SOAP for sale on the Gray's Harbor. Mrs. E. Dieder, Cosmopolis, Wash."
