to the doctor and the finger was amputated about half way down to the hand and he is now doing fine.  
 Mrs. Bun Moore of Hermiston came in Wednesday to visit her parents Mr. and Mrs. S. Ledgerwood, and her sister Mrs. Louis Mettle and her three brothers, Bert, Ed and Leo Ledgerwood.  
 Felix Johnson of range passed through town Wednesday with a bunch of beef cattle on his way to Portland.

Will McPherson of Ritter was in Ukiah Wednesday night helping to drive beef cattle. Tom Ledgerwood of the John Lay Live Stock, John Carter and Roacie Shaw all passed through Wednesday with beef cattle all headed for the Portland market.  
 Dr. Gibson of Pendleton who is practicing at Lehman Springs, visited a few days the last of the week with Mr. and Mrs. J. H. Constants. He was accompanied by his daughter, Miss Gibson of Seattle who returned to her home and the doctor returned to the springs Sunday.  
 C. L. Marr of Range passed through town Friday enroute to Pendleton, returning Sunday.  
 A fire broke out Wednesday night down on the north fork of the John Day river near the Walker ranch, which burned over about eighty acres of grass and timber. A hard fight was made to save the homes of Mrs. Walker and Granville Plant. The fire guards with help rushed to the fire and in a short time had it under control.  
 Vellie B. Peterson left Friday morning for Freewater to visit his aged mother for a few days. Mrs. Peterson is up in the eighties, but is hale and hearty for one of her years.  
 A light shower of rain fell Thursday night, while indications are good for more.  
 Owing to the extreme drought in Canas Prairies some of the wells are getting very low, but Canas Creek is raising.  
 Mrs. William Meengs received a telegram a few days ago stating that her son Herbert, who is in California was in the hospital where he would be for some time, suffering from a serious but not fatal burn which he had received, but the message gave no particulars. Mrs. Meengs and family feel very much concerned about him.  
 A forest fire is reported burning at Bear Wallow near Lehman Springs.  
 Will C. Counter formerly of Athens, but now of Ashland, traveling salesman for Parks Bros. wholesale dealers, Portland, Oregon, is in Ukiah for a few days soliciting orders for the firm.  
 C. L. Marr, while coming up the John Day grade Friday morning had some car trouble and got out of the car, when it started and ran off the grade, badly damaging his car, but so far the particulars have not been learned. He was accompanied by his wife, but no one was hurt.  
 Mrs. Felix Johnson and daughters, Regna, Addie and June of Range came over Tuesday to meet Mr. Johnson on his return from Portland.  
 Vern Duncan, who was hurt during the cowboys' convention, was taken to Spokane the first of the week to his relatives who reside there. It was discovered by Dr. Gibson of Pendleton that his hip was dislocated.  
 Mr. and Mrs. George Caldwell and Mr. and Mrs. Frank Chamberlin returned from their huckleberry trip Friday morning. They report plenty of berries, but hard to get.  
 Mrs. Iva Terry who has been in Pendleton for several weeks returned to Ukiah Thursday evening.  
 Mrs. E. L. Thrasher returned to her home near Nye Friday morning.

### PROFIT SHOWN FROM GOVERNMENT LEASES

WASHINGTON, Aug. 8.—(U. N. S.)—Royalties received from the production of minerals on leased public lands are netting the Government a neat income and rapidly are becoming one of the principal sources of Federal revenue, according to the Bureau of Mines.  
 Oil and Gas royalties are now pouring into the national Treasury at the rate of more than half a million dollars per month, an official of the bureau stated, the receipts for the month of June totaling \$565,199. The State of Wyoming, with \$295,147, was the greatest contributor, closely followed by California, with \$250,297. Royalties received to June 30 from the output of minerals on Government-owned property in the States of Wyoming, California and Montana totaled \$5,766,507.  
 The bulk of the June receipts consisted of royalties received from the production of oil, swelling Uncle Sam's money bags by \$550,795. Royalties on gas aggregated \$11,719 and on natural-gas gasoline amounted to \$2,771.  
 To July 1 the Bureau of Mines had received from the General Land Office 7,889 oil and gas prospecting permits and 257 leases. There were 311 producing oil wells on Government-leased land, and seventy-two wells were being drilled.  
 The latest records of the Bureau of Mines show that coal now is being produced from Government land in eight States: Washington, Montana, Wyoming, North Dakota, South Dakota, Utah, Colorado and New Mexico. Phosphate is being produced from Government lands in Idaho, and a potash lease has been issued in California.

### CHANGE OF LIFE WOMAN'S TRIAL

Proof That Lydia E. Pinkham's Vegetable Compound is of Great Help at This Period

Metropolis, Illinois.—"I have taken Lydia E. Pinkham's Vegetable Compound and it is all it claims to be and has benefited me wonderfully. I had been sick for eight months with a trouble which confined me to my bed and was only able to be up part of the time, when I was advised by a friend, Mrs. Smith, to try Lydia E. Pinkham's Vegetable Compound and Liver Pills. I was so much benefited by the use of these medicines that I was able to be up and about in two weeks. I was at the Change of Life when I began taking the medicines and I passed over that time without any trouble. Now I am hale and hearty, do all my housework, washing, ironing, scrubbing, and cooking, all there is to do about a house, and can walk two or three miles without getting too tired. I know of several of my neighbors who have been helped by your medicines."  
 Mrs. ESTMA CULVER, 705 E. 7th St., Metropolis, Illinois.  
 Depend upon Lydia E. Pinkham's Vegetable Compound. Nervousness, irritability, heat flashes, headache and dizziness, are relieved by this splendid medicine.

Mirror Reader, trained nurse, has filed suit for \$2,500 against Sigmund Scheraga's store, because, she alleged in her petition, she was "shocked and upset" when a wall mirror fell and struck her on the head. The mirror didn't break until it struck the floor—but it brought hard luck to Miss Reader and, perhaps, to Sigmund Scheraga.

### OHIO JUDGE HAD KNOWN CHIGGERS; RELEASED MAN

CINCINNATI, Aug. 8.—"I guess I did park too long, Your Honor," a man admitted to Judge Meredith Yeatman in police court here. "I had been out blackberrying, and I was trying to get something that would relieve me from the chiggers."  
 There was a sympathetic look in the Judge's eyes. "I know just how you feel," he said, suspended the costs in the case and sent the prisoner home to scratch.

homes in one brief hot summer. I look in unseen places in the forest, avoiding the watchful eye of the forest patrol and fire lookout.  
 I am the worst enemy of present and future prosperity in the Northwest.  
 I am FIRE IN THE FOREST!

I laugh at the forest rangers in red glee as the little flames, children of mine, race through the tall tree tops. You are warned against me, but you heed not.  
 I am relentless, I am everywhere, in the forest, in the camp fire, at the sawmill, with the fisherman and tourist; the incendiary is my friend.  
 I bring waste and blackness to the green mountainside, floods to the cool, clear streams; I dry up the little bubbling springs; I clear out the fish and drive away all wild life; I turn a cool forest camp into a desert waste.  
 I bring ruin, disaster, and death to prosperous towns, counties and states. I rob children of schools and pile up taxes on the shoulders of their parents.  
 I destroy, consume, shrivel up and wipe utterly away the forest wealth, leaving nothing but white ashes and the skeletons of trees.  
 I am the worst enemy of present and future prosperity in the Northwest.  
 I am FIRE IN THE FOREST!

## A Guide to What's Good to Get

SOME one has said that if bread and butter were new inventions they would have to be advertised before people would accept them as standard articles of food.

Even in this progressive age, folks are somewhat wary of leaving the beaten path. They stick pretty close to the things they know, when those things come up to their expectations. That is why alert merchants and manufacturers strive to tell about their products and their services in the advertising columns of the daily paper. They want you to know what they have to offer, in the belief that when you do know, you will be interested, and perhaps inspired, with some of their own enthusiasm.

Thrifty men and women find that it pays to read the advertisements. It enables them to rest assured that they are not overlooking anything. It lets them know where to locate some desired product or service; where to go for "this" or how to get "that" to best advantage. Without its direction they would overlook much and consequently lose much. They would live in ignorance of many things that might add materially to their wealth, health and happiness.

Make advertising your guide to what's good to get.

Read it—reflect on it—it pays!
