

News Notes of Pendleton

CALENDAR OF EVENTS
 August 23 to 29—Northwest conference of the Methodist Church at Milton.
 September 18 to 21—Second Annual Northwest Grain and Hay Show.
 September 21, 22, 23, Round-Up.

Lumber Man Visits
 E. C. Van Petten, owner and manager of the Van Petten lumber interests, is a visitor in Pendleton today from his home in Ontario. Several lumber yards and three hardware stores are included in the string of properties which Mr. Van Petten owns.

Interests and Judge S. A. Lowell and Judge Will R. King the interests of Annie Hays. After a request for a rehearing, the case was re-argued, Kash and wife winning the decision.

Little Daughter Born.
 Mr. and Mrs. Will Isaac are the parents of a baby daughter born yesterday. The new arrival weighs eight pounds.

Baby Girl Born
 Mr. and Mrs. Will Isaac are the parents of an eight and one-half pound daughter born Thursday morning at St. Anthony's hospital. Mother and daughter are getting along very nicely.

To Entertain Directors.
 Roy W. Ritter will be host tomorrow evening at a dinner for the board of directors of the Rotary Club. Guests have been asked to the Storck & Ritter ranch on the reservation.

Pendleton Has Shower.
 Breaking a long spell of 40 days of drought, a light shower fell in Pendleton this morning. The rain, which was not heavy enough to stop harvesting operations, was accompanied by the low temperature of 82. The minimum last night was 64. The barometer registers 29.80 and the weather is unsettled, says Major Lee Moorhouse.

Alleged Thief Arrested.
 Jack O'Leary, wanted by Wallawa county authorities for the alleged theft of a two-year-old spotted Arabian stallion from Enterprise, was arrested last night at 11 o'clock at Freewater by James Dyke, deputy sheriff. The horse and saddle and the rest of the outfit were recovered at Freewater at the time of the arrest, according to information secured by the sheriff's office. O'Leary will be brought here this afternoon where he will be held for the Wallawa county officials.

Funeral is Held.
 Funeral services for the late John P. Hill were held this afternoon from the residence of Mr. Hill's son, James Hill, Rev. W. A. Gressman, pastor of the Christian church, officiated. Active pall bearers were Frank Frazier, E. W. McComas, Thomas Thompson, Frank Carl, John Montgomery and Charles Hamilton. Honorary pall bearers were Dr. J. C. Griswold and Len Smith, of Helix; Charles Carter, John Bentley, R. Alexander, Major Lee Moorhouse, John Bean and Lot Livermore.

Murphy Is New Director.
 Tom Murphy is a new member of the board of directors for putting on the Happy Canyon show, according to arrangements that have been made. The selection of Murphy followed after Harold Brock requested that if possible he be released from duty. Brock's resignation was accepted, and Murphy was appointed last night and met with others of the board who met to plan for certain phases of the show. Meetings are being every night by Philo Rounds and some members of the board who are slowly rounding up the program. "The way the boys are working and planning convinces me that we will have a well worth while program," is the way James S. Johns, president of the board, expresses himself.

Mystery Baffles Marin
 Deputy Sheriff Jake Marin is still wondering about the meaning of a cache he found near Immigrant Springs on a trip up there Wednesday. He found in a dugout a quantity of cash which was destroyed. In a cabin he found two hats, one a new Panama with the crown chewed out, evidently by a rat. Then a little further along he discovered a blind top over a second hold in the ground. A search was continued to try to open up the second subterranean place of mystery, but the shovel was broken before access to its chamber could be secured. Whether the place was planned as a liquor cache, or whether it may be connected with foul play or some sort on residents of the hills is a mystery that is still awaiting a solution.

Do You Realize How Our Advertisements Help You

First: They save you money directly by telling you about special purchases, and reductions we are able to make. Otherwise you might never hear of them. Incidentally they save you time and energy, they direct you to the best bargains without your having to hunt them out yourself.

Second: They are your protection and guarantee of reliability. When you promise a person something and do not live up to it, you lose a friend. Just so with a store, when we put our word back of a thing it must be good or we lose your good-will. Friendship is priceless to us. It is something we cannot afford to lose. A store that advertises must be dependable.

GOLD SUPPLY IS LARGEST IN HISTORY

WASHINGTON, Aug. 11.—(U. S. S.)—Gold held by the central banks of all principal world powers now amounts to \$7,851,000,000—a new record. This sum is an increase of \$1,233,000,000 in two years. The increase is due to the fact that Governments by restrictive gold policies have brought gold out of hiding. Then there has been a steady flow of new gold from the mines.

Of the world's total the United States has 40 per cent, or \$3,170,000,000. Most of this gold is in the possession of the twelve Federal Reserve Banks of the Federal Reserve System, or in the vaults of the United States Treasury and its branch depositories. The grand total of all available gold does not include gold in Russia.

The Federal Reserve Board is authorized for the statement that the major part of Russian gold has found its way into the reserves of other countries. Most of it has reached the vaults of the reserve banks in the United States. The Russian central reserve gold fund originally amounted to \$757,000,000 in 1912.

America's gold holdings have risen at a tremendous rate since the Great War. Total gold stocks in the United States in 1912 were \$691,000,000. Five years later it had increased to \$2,245,000,000.

Gold reserves of Great Britain and France have dropped considerably in the past two years because of heavy shipments to the United States to pay obligations. Japan is absorbing much of the gold that is now going out of the United States. Japan now stands fourth in the list of principal gold holders.

Since November, 1912, there has been shipped into the United States \$1,280,000,000 in gold. This came chiefly from England, France, Canada and Sweden. The total gold exported in that period was \$734,000,000, sent mainly to Japan, Argentina, China, Hongkong and British India.

Since the armistice the balance of trade with South America and the Orient has been in favor of the United States and the stream of gold to those portions of the world has been somewhat checked.

Financial authorities believe that the movement of gold to the United States from existing stocks has about run its course. At the present time the country is getting no more than the equivalent of new gold produced. Imports from Great Britain represent largely the output of the South African mines.

GYPSY HONEYMOON TRIP

CONSTANTINOPLE, Aug. 11.—(A. P.)—Mr. and Mrs. Walter Curt, of Caldwell, N. J., who were married here July 22, and who were married here on a trip of 10,000 miles around Europe. They will travel all the way in a small American camionette, with a chauffeur-cook, and a small tent of oiled silk. When the weather is too inclement for the tent, they will sleep in their motor car. Their honeymoon will take in Greece, Bulgaria, Rumania, Siberia, Poland, Czechoslovakia, Germany, Holland and France, averaging about 100 miles a day. They expect to complete their caravan-journey in time to reach New York on Thanksgiving Day.

The results of Dr. Curt's observations will be embodied in a series of economic studies for the American State Department.

The Woman's club of Coquille is perfecting plans for the celebration of the city's 50th birthday.
