### International Issues

**Rally On Bond Market**  
 NEW YORK, Aug. 30.—(A. P.)—Influenced largely by the better tone of the stock list and foreign exchange rates, yesterday's bond market rallied briskly from the previous day's acute depression, international issues showing pronounced strength.  
 French municipals rose 2 1-2 to almost 4 points over the low levels of Monday, with active buying of the Bordeaux, Lyons and Marseilles groups. French 7 1-2s rose 1 3-4 points and Belgian 8s one point. Among other foreign issues, Havana electric 5s were prominent for their advance of 1 3-4 points.  
 Domestic industrials and utilities were featured by American Telephone convertible 6s and 4 1-2s, which advanced 1 1-2 to 2 points in sympathy with the increased price of that company's stock.  
 Rails were irregular. Norfolk & Western convertible 6s, St. Louis & Southwestern consolidated 4s and Seaboard Air Line consolidated 6s gained 2 points, while Chicago & Alton 3s and 2 1-2s lost 3 1-2 to 4 points, with similar reactions in Atch-

ison adjustment 4s stamped, Northern Pacific 3s and Colorado & Southern 4 1-2s.  
 Liberties were inclined to ease in early dealings, but rallied later with the improvement in the general list. Total bond sales, par value, were \$12,850,000.  
 A banking syndicate offered at par and accrued interest \$1,500,000 7 1-2 per cent gold bonds of the Rosemary Manufacturing company, these finding a ready sale.  
 Favorable interpretation of current news developments imparted a buoyant tone to the stock market yesterday, active issues recovering Monday's losses and advancing to higher ground on grains ranging from one to six points.  
 President Harding's assurance that no immediate seizure of coal mines and railroads was contemplated, although authority for such action was desired in case of great emergency combined with reports of increased car loadings and Chicago dispatches which indicated the railroad labor board's refusal to make the so-called "living wage" the sole basis for fixing the new scale of maintenance men,

caused a more active demand for railroad shares, which advanced from one to more than three points.  
 Chicago & Northwestern closed the day with a net gain of 3 1-4 and Canadian Pacific with 3 1-8, while gains of 1 1-2 points or more took place in Reading, Union Pacific, Great Northern preferred, Atlantic Coast Line, Lehigh Valley, Norfolk & Western and a few others. Chicago & Alton issues were reactionary.  
 Public utilities displayed marked improvement, new high records for the year being established in the group by Brooklyn Edison, North American, Western Union, American Telephone and Columbia Gas of Baltimore.  
 Steel shares also participated extensively in the upward movement, United States Steel common making up its quarterly dividend of 1 1-4 per cent on very heavy dealings. Further confidence in the future of the steel industry was indicated by the advance in wages announced by the Colorado Fuel & Iron company. Independent steels, as a group, followed the course set by the premier issues.

**Kansas City Livestock Market.**

Phone 55 or call at the store. We will gladly make arrangements.

## Clover Leaf Dairy and Market

Phone 55 521 Main St. Yours for better meat and dairy products.

## Make Lodge The Goat For All Troubles

BOSTON, Aug. 30.—(U. P.)—With the state primaries only two weeks away Massachusetts' political cauldron was bubbling merrily for what is expected to be the greatest battle of ballots in years Sept. 12.

Senator Henry Cabot Lodge's fight for renomination easily stands out as the big event. His nomination papers were signed by 60,000 voters, a record for the state. Opposing him for the legislature, whose platform includes the League of Nations, prohibition and the Newbury case.

As a result of much criticism of the administration's method of handling the rail and coal strikes situation, there is an undercurrent of speculation as to whether some voters will seek to show their displeasure by voting against Lodge.

President Harding's address to congress on the strike situation received much unfavorable comment there, even in the Republican press. During the hot weather the every-day-citizen worried little about his coat, laundry for next winter, but with warnings from State and Federal officials of a certain shortage, that same citizen is beginning to cast about for someone to blame for the situation.

In the Democratic ranks Sherman L. Whipple, a nationally known lawyer, is waging an aggressive campaign for nomination for the United States senate. Whipple has the full support

of Mayor James M. Curley's city machine, a formidable weapon. Colonel William A. Easton, another prominent democrat, will contest with Whipple for the senatorial nomination.  
 Former Governor Samuel W. McCall, who it was feared for a time might enter the senatorial race as an independent Republican, failed to file nomination papers.

## Heart of Arizona Indian on Wrong Side of His Body

PHOENIX, Ariz., Sept. 30.—An Indian in a local hospital has furnished a new wrinkle for medical science to iron out. The Indian is said to be a victim of tuberculosis and was found by physicians to have his heart on the right side of his body. The man's liver is also said to be reversed and he has a double rib on one side.

## Big Fight On For N. Hampshire Jobs

CONCORD, N. H., Aug. 30.—(U. P.)—Whirlwind campaigns are the order of the day in New Hampshire as the primary elections of September 5th draw near. Many candidates are out for the various state offices and a furious campaign is being waged.

Among the candidates for the democratic gubernatorial nominations are John C. Hutchins of Sanford and Albert W. Noone of Peterboro, who were primary rivals for the same office several years ago, the latter winning by a few votes, only to be defeated in the elections. Major Fred H. Brown of Somersworth, a former Dartmouth athlete, is also a candidate for the democratic nominations.

Arthur G. Whittemore of Dover and Winsor H. Goodnow of Keene seek the republican nomination for governor.  
 A great deal of interest has been aroused by the eleventh hour candidacies of former Governor Robert F. Bass of Peterboro and former Congressman Raymond D. Stevens of Landaff, for seats in the state house of representatives. Bass, a progressive republican was one of the seven governors who signed the famous letter that requested Theodore Roosevelt's entrance into the presidential campaign of 1912.

If it's true that the big stick has been whittled into a putter, use it anyway, Gamaliel. Bean 'em with the putter.
