The perennial beauty of a valuable rug is the reward of frequent and thorough cleaning. Such cleaning is easy to perform with The Hoover, because it beats... as it sweeps, as it suction cleans. All injurious embedded dirt is fluttered out by gentle beating. All stubborn dirt is detached by swift sweeping. All loose dirt is withdrawn by strong suction. Only The Hoover combines these three essential operations. And it is the largest-selling electric cleaner in the world.

You may have a Hoover placed permanently in your home for a nominal sum, and its purchase arranged on convenient terms. You may also have it demonstrated for you any time, either in your home or in our store.

ALABAMA MAN DOESN'T KNOW WHETHER HE HAS POLITICAL JOB OR NOT

GADSDEN Ala., Sept. 4.—Somebody is always starting something.
 Two years ago the qualified voters of Etowah county elected T. B. Cohen to serve as chairman of the board of county commissioners. For two years matters went along swimmingly. Then some impulsive person—possibly searching for something else—started snooping around. His "snooping" brought to light the startling fact that Cohen's predecessor, H. A. Wise, had been elected four years before to serve until January 1, 1923.
 By some inexplicable oversight election officials, as well as both Cohen and Wise, had been under the impression that commissioners were elected for only a four year term, whereas the law says it should be six.
 The question now rages in Etowah county: Who is who, anyway?

GETS PERMIT TO BUILD OLD-STYLE LOG HOUSE

KENTUCKY CHURCH DROPS GERMAN CHARACTERISTICS

CINCINNATI, O., Sept. 4.—(I. N. S.)—Amended articles of incorporation for the St. Paul Evangelical Church of Newport, Ky., with the Secretary of State, omitting the word "German," which formerly was included in the title. Services in the German language, which formerly were conducted the greater part of the time, are to be held in the future but once a month.
 Cincinnati, O., Sept. 4.—(I. N. S.)—Cincinnati's building commissioner opened his eyes and whistled the other morning when he received a request for a building permit from H. C. Steward, of Fernbank, calling for the erection of a log cabin. The applicant explained to the astonished commissioner that the house was not to be a camp or a lodge, but a residence for himself and his family. "These new-fangled houses are the bunk," he said. "There's nothing in the world equal to a good log house and I know this one will be first class because I'm going to cut and hew the logs myself."
