BILL INTRODUCED IN HOUSE TO EXTEND MALFEASANCE STATUTES TO INCLUDE OFFICIALS WHO DEPRIVE OR ATTEMPT TO DEPRIVE PERSONS OF LAWFUL RIGHTS

RESCUERS HEAR SIGNALS FROM ENTOMBED MEN

Blasts Heard at Regular Times by Rescue Workers Who are Tunneling into Mine.

EXPECT TO REACH MEN TOMORROW NIGHT

Committee of Mine Officials Admitted That Possibly the Men Were Signalling.

JACKSON, Cal., Sept. 5.—(U. P.)—Rescue workers today estimated that they will reach the shaft of the Argonaut mine where the miners are imprisoned tomorrow night. Air shafts laid from the Argonaut to the Kennedy mines increases the air pressure. The diggers estimate there are seventeen feet of rock before the soft dirt is reached. The last round of shots by the night shift tilted the tunnel with soft dirt showing that the 250 foot drift is near. If the drift is not badly caved progress when it is reached will be rapid.

Timors of signals from the imprisoned miners again spread rapidly today among the miners. Rescue workers working on the 3600 level declared they heard blasts on the 3900 level at regular times. Half an hour later they heard two more shots. Superintendent V. Garbarini of the Argonaut mine today broke the silence of the rescue committee regarding the reported recurrence of blast signals from the prisoners. He admitted the possibility the men were alive and signalling. The whole town is now tense awaiting the shock of finding the men dead or alive.

PUBLIC WARNED AGAINST USING BOOZE POWDER

WASHINGTON, Sept. 5.—(A. P.)—Home brewers and anti-Volsteadians, beware the "Booze Powder," is the warning sent broadcast by the post office department, in a recent circular. For steaming a title of "dehydrated" alcoholic beverages of reinvented names is a steady job of the fraud section of the department.

Using the reputation of German chemists certain German concerns have distributed hundreds of thousands of circulars in the United States, offering for "one dollar only" Rhine wine, moselle, sherry, port, bordeaux, burgundy, tokay, munich beer, pilsener, porter, etc. in a dried form, says the post office. From the powder a gallon or two of the beverage indicated on the package can be made, the spurious circulars claim.

Despite the issuance of fraud warnings and fraud orders, many people are still sending money to these German concerns only to have the money returned to them by the post office department. If these powders contained alcohol their importation would be prohibited and since they do not have the latent possibilities advertised they violate the mail fraud statutes.

A significant requirement adds the department warnings is that every advertising circular insists on payment being made in American currency.

TODAY'S ROUND-UP TICKET SALE SET FIRST DAY RECORD

History repeated itself this morning when J. J. Hamby, long the first buyer of tickets at the Round-Up, was the first to get tickets when the window opened at the box office on Alta street. Next in line was his son, John Hamby, with the Smythe-Louergan Co. third. George Baer, business manager, and Ernest Boylen, who is in charge of the office, state that today's sales exceeded the first day totals of 1931. Up to noon, \$4000 had been taken in. Many people are buying the limit of twelve seats. There are still some good second row boxes and some small end boxes left. Both Mr. Baer and Mr. Boylen commented upon the spirit shown by the ticket purchasers. The controversy for tickets was absolutely eliminated and there were absolutely no complaints regarding the sale.

FORMER GERMAN KAISER TO MARRY SOON

BERLIN, Sept. 5.—(U. P.)—The former German Kaiser is expected to be married to Princess Hermine of Reuss, it was learned from an authoritative source. The wedding, according to present plans, will occur in October. The princess recently visited Doorn, where the former emperor is living in exile, but traveled incognito and the journey was made so quietly that only a few knew of it. News of the engagement is still a secret in Germany. It is speculated it is expected to cause a sensation, dividing the aristocracy into two camps. The princess owns a large estate at Saarlouis, Prussia, Silesia. She formerly was the wife of Prince Schoenach-Caroth, who died of lung trouble during the war while fighting with the dragon guards.

Fourteen thousand spectators saw the little Californian win the tournament for America. Johnston's victory made three out of four for the American team. Stockingless Craze Becomes Familiar on Deauville Beach

DEAUVILLE, Sept. 5.—(U. P.)—The stockingless craze which has become familiar on the beach of Deauville has now penetrated the Casino. Groups of newly-arrived Americans can be seen in the baccarat room of the Deauville Casino every evening debating whether the young lady playing at a near-by table or promading from a group of spectators at one take to another is really wearing marvelously matched flesh-colored silk hose or whether her limbs are garbed in nature's tan. The fact that in the majority of cases lack of stockings is not even noticed is ample evidence that the phenomena of this new style of evening dress are generally using the greatest care that their entire costumes are in harmony with the genuine flesh tint. The vogue of the flesh-colored silk hosiery has made it an easy step to the entire omission of any stockings at all. Contrasts are being avoided, and the bare limbs are invariably in harmony with silver or light colored silk slippers, as well as a soft cream or tan evening gown. "Why not?" demanded an American girl stopping at the Hotel Normandy, when scandalized mother objected to the adoption of the mode introduced by some of the Parisiennes at the Casino. "This is a summer resort, isn't it? And silk hose cost on an average of three times as much in France as they do at home!"

JEWELL ISSUES MESSAGE FROM HIS HIDING PLACE

Machinists' Head Throws Down Gage of Battle to Harding and the Federal Courts.

WASHINGTON, Sept. 5.—(U. P.)—Representative Huddleston, democrat, of Albany, today introduced a bill aimed at the "Daugherty injunction," which would extend the malfeasance statutes to include any government official, "who by means of his authority, deprives or attempts to deprive any person from his lawful freedom of speech, press or assembly." Huddleston contends the Chicago injunction is illegal. The bill provides a penalty for violation of his bill, the maximum sentence being 10 years and \$10,000 fine.

WASHINGTON, Sept. 5.—(U. P.)—The white house said today that the government would not attempt to abridge the liberties of strikers by too rigid enforcement of the injunction. Extend Injunction. WASHINGTON, Sept. 5.—(U. P.)—President Harding and his cabinet today discussed the extension of the Daugherty injunction to include all persons rendering aid in any form to the striking shipmen. Johnston, president of the International Association of machinists, \$5,000 of whose men are involved in the railroad strike.
