**The Hills**  
 In velvet clad, they stand  
 Clear-cut, against the sky.  
 Each tree is like a hand,  
 Pointing upward, high.  
 Oh, if the soul could stand—  
 Tho' all the world pass by,  
 And reach, with eager hand,  
 Always toward the sky!

## OUTBURSTS OF EVERETT TRUE

## Pickford Divorce An Election Issue

CARSON CITY, Nevada, Sept. 5.—(C. P.)—Mary Pickford's divorce and a four cornered fight for the republican senatorial nomination were the high lights in the Nevada state primary held today.

Interest in other issues lagged.

Mary Pickford got into the fight—not in person of course—through the candidacy of Judge Frank P. Langan, who granted her a divorce from Owen Moore, against Attorney General L. B. Fowler, who prosecuted the state's suit to annul the divorce, for election to the supreme bench.

The issue has come to center largely around the Pickford divorce and has attracted great interest, with the pro-Mary and anti-Mary factions sharply divided.

United States Senator Key Pittman is without opposition for the democratic senatorial nomination, but for the republican nomination, which will carry the responsibility of opposing Pittman at the general election, the following four candidates were engaged in a strenuous campaign: Congressman S. S. Arantz of Simpson, Nevada; Assemblyman Charles Chandler of Ely, Nevada, who was speaker of the assembly at the last session of the legislature; Former State Senator P. Boul of Las Vegas, Nev.; Attorney A. Grant Miller, one time socialist candidate for the U. S. senate and now a republican.

Col. C. H. Moore is the chief candidate for the republican congressional nomination, while for the democratic nomination Gilbert Ross of Reno, at present state bank examiner; Attorney C. L. Richards of Reno and former State Senator H. W. Huskey, also of Reno, are the candidates.

### The Beginning of Disillusionment

Small Boy: "I ain't never saw a mermaid and I don't think I'm ever going to see one."

### The End of It All

Midnight, and in the Elks club sat a young man huddled in a chair. A friend entered.

"Hello—Smithers," he said, "not going home yet?"

"No," came a despairing matter, "I—I daren't."

"Why, what's the matter?"

"Matter? It's the end of everything; it means ruin—grief—and a spotted life."

"Oh Smithers—come on and have a drink; that'll help."

Smithers clenched his fists, "Nothing can help me," he moaned in agony. "I have come to the end of all things. At 8 o'clock I phoned my wife and gave her a perfectly good excuse for not coming home and now, there his voice broke in a sob: 'I've forgotten what I said.'"

The Hoover lifts the rug from the floor, like this—flutters it upon a cushion of air, gently beats out its embedded dirt, and so prolongs its life.

The perennial beauty of a valuable rug is the reward of frequent and thorough cleaning. Such cleaning is easy to perform with The Hoover, because it beats... as it sweeps, as it suction cleans. All injurious embedded grit is fluffed out by gentle beating. All stubborn litter is detached by swift sweeping. All loose dirt is withdrawn by strong suction. Only The Hoover combines these three essential operations. And it is the largest-selling electric cleaner in the world.

You may have a Hoover placed permanently in your home for a nominal sum, and its purchase arranged on convenient terms. You may also have it demonstrated for you any time, either in your home or in our store.

**Your gauge will PROVE Red Crown's economy**

Stop at the Red Crown sign the next time your tank needs filling, and then keep track of your mileage.

You'll find that "Red Crown" takes you farther on a gallon, and gives you a more powerful, sweeter-running engine.

"Red Crown" vaporizes rapidly and uniformly in the carburetor and is consumed completely in the cylinders. Every gallon is the same, wherever and whenever you buy it.

Fill at the Red Crown sign—at Service Stations, at garages, and at other dealers.

**RUSSIA UNABLE TO PAY FOR ENGINES ORDERED**

STOCKHOLM, Sept. 5.—After having ordered 1,000 locomotives from an engineering firm here and having received 300 of them, the Russian government has intimated that it is now unable to pay.

When the contract was made it was agreed that the engines were to be paid for as they were delivered, and the manufacturers obtained a guarantee for their money.

It is now considered probable that the Soviet government will cancel the balance of the order, and that the present financial state of Russia and the failure of the Genoa and Hague conferences is responsible.
