ARE PENDLETON VISITORS.

Mrs. Merle Chessman and children, Peggy and Robert Blakey, of Astoria, are guests at the home of Mrs. Chessman's grandparents, Mr. and Mrs. William Blakey. They formerly resided here. Mr. Chessman, who is editor of the Astoria Budget, will join them later and will be here for the Round-Up.

MIL. AND MRS. CUTLER HERE.

Mr. and Mrs. Oscar Cutler are Pendleton visitors and are guests of Mrs. Cutler's parents, Mr. and Mrs. A. J. Black. Mr. Cutler, who is employed by the state highway department, has been stationed at Union, but in future will be at Entorprise where Mr. and Mrs. Cutler will reside after their visit here.

RETURNS FROM PORTLAND.

Mrs. James H. Sturges returned yesterday from Portland.

RECEPTION PLANS MADE.

The annual reception, given by members of the Parent Teacher Association in honor of the teachers in local schools, will be held September 15 at the Umatilla county library. Mrs. William R. Wyrick has been appointed by Mrs. Thomas Hampton, president of the Parent-Teacher Council, as chairman of the committee on general arrangements.

Mrs. Wyrick has appointed the following as heads of the various committees: Mrs. J. R. McCook, invitations; Mrs. L. A. McClintock, decoration of the auditorium; Mrs. Fred L. Leavelle, arrangement of the receiving line; Mrs. Willard Bond, refreshments and decoration of the club room.

Pendleton's address of welcome will be given by George Hartman, mayor of Pendleton, while Mrs. W. B. McNary will extend the welcome to the Parent Teacher Association. Algor Fee, member of the school board, will give the address in their behalf, and the response will be by some member of the high school faculty.

There will be musical numbers by Mrs. Mae Hazar Gray, Mrs. S. H. Forshaw and Mrs. H. E. Inlow.

QUEENS ARE HONORED.

Miss Edna McAtee, of Pendleton; Miss Nellie Swartz, of La Grande; and Miss Bertha Esato, of Walla Walla, the three queens of the Pendleton Labor Day celebration, were honored at a dinner party last evening at the Minute Cafeteria.

Other honor guests were Miss Lena Waldorf and Miss Marie Bowman, Miss Swartz's attendants; Miss Lucile Saling and Miss Ruth Douglas, attendants for Miss McAtee, and Miss Ina Henderson and Miss Leone Nelson, Miss Esato's maids.

Covers were laid for seventy guests, the table being most attractive with centerpiece of asters. Alex Manning was toastmaster and responses were made by Judge Stephen Lowell, Rev. George L. Clark, Mayor George Hartman and others. Quartet numbers were sung by the Apollo quartet.

MARRIAGE IS SOLEMNIZED.

Pendleton friends have received the announcement of the marriage of Miss Esther Earl and Arthur Frankin, of this city. The marriage was solemnized last Thursday in Walla Walla but is just being made known following a wedding trip to L. Frade and Mrs. Frade's home. Both graduates of the Pendleton high school, Mr. Frankin is associated in business with Gray Brothers' Grocery.

A BANQUET THAT WAS ALMOST A TRAGEDY

Three years ago at a banquet I was stricken with acute indigestion. Two doctors worked over me for an hour before I came to. I had had severe colic attacks before, but nothing like that. No doctors or medicine gave me permanent help until a friend, who was at the banquet, advised me to take a course of Mayr's Wonderful Remedy, which I did with wonderful results. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—For sale by all druggists.

GASOLINE 60 CENTS A GALLON IN PARIS

PARIS, Sept. 5.—(A. P.)—Gasoline consumption for automobiles is such a serious question here, with gas costing from 55 to 60 cents a gallon, that recent French tests to develop better carburetors are being continued.

Cars smaller and lighter than those generally used in the United States, recently have averaged about 60 miles to the gallon of gasoline in official public contests. The winner in the principal competition of this sort made 61 miles to the gallon.

Large cars, weighing more than 4,000 pounds, averaged close to 16 miles to the gallon in the recent Strausburg race of 440 miles over the Grand Prix course and under the same regulations. This was the first race of this kind organized by the Grand Prix of France, and it proved such a success that a similar contest is announced for next year.

These results, however, were under the special conditions that govern all such affairs, and admittedly are not attainable by the average driver, particularly in the United States.

Several cars of a popular American make competed in the Lemans test for light cars, and their showing illustrates the progress made in economical fuel. Equipped with the same carburetor as the winner that made 61 miles an hour, one ran 25 miles on a gallon, and another made only 20 miles.

These economy tests, according to carburetor manufacturers, taught them lessons that will show next year in improved design, but so far there has been no revolution in engineering that is applicable to automobiles in general.

Racing tests, however, give a misleading idea of results, for the cars that then average 60 miles to the gallon operate normally at about 35 miles to the gallon. The difference is explained as due to six factors: the use of a special gasoline; equipment with the best carburetor; carburetor adjustment to get a weak mixture that would not serve in ordinary driving; expert driving; perfect mechanical condition of the car and special adjustment of the motor for high speed.

HOME DEMONSTRATION IDEAS FOR HOUSEWIVES

Choice of Color
 No one should adopt a color because it is new or fashionable; also do not give way too much to your personal likes—while you may adore purple—the full effect of this color on your complexion can only be judged by a more critical eye than your own.—V. D.
