When I announced a few days ago that I was to turn \$100,000.00 worth of this wanted merchandise into the homes of the people of Eastern Oregon, the wise ones scoffed, said impossible—it can't be done. But they didn't know J. N. Brisbois, "the Man in Charge." From the way the economical people have flocked to this store the past ten days, it will not only be done but will be done in a very much less time than I had anticipated. It's no secret. I simply made prices so low on this high class merchandise that thrifty people within 75 miles can't afford to stay away, and remember that when you buy here tomorrow or the next day or the day after or any day you may come, you can buy your head off for in most instances you will be getting less than wholesale cost, and every purchase is backed with the Guarantee of Satisfaction your money back (with the exception of piecemeal goods cut to your order.
