Yards Neatly Cleaned.

The yards of the O.-W. R. & N. here have been cleaned and raked until they are almost spotlessly clean. The preparations are a part of the service being performed by the railroad in handling Round-Up crowds satisfactorily.

He Won't Parade.

Charley Bennett won't parade with the Indians this year. The reason is that he is in jail where he was sentenced this morning in city court on a charge of being drunk. He got five dollars and five days. Donald Cole was fined $15 for being drunk and disorderly.

They Skated to Round-Up.

Here is a new one in the way of transcontinental travel. Jack and Blanche Carson, who arrived in Pendleton at 10 a. m. today came all the way from Philadelphia on roller skates. They have their skates riveted to their shoes, never take them off and never accept rides. They have been on the trip since May 1921 and have covered 4305 miles. It took them over two days to skate across the Blue mountains from La Grande to Pendleton and they are willing to testify that the road at present is not adapted to roller skating. But they refused to ride when invited to do so. They are headed for the coast and will return to Philadelphia via the northern route. They are roller skating experts and hope to give an exhibition here.

An order was issued by Chief of Police W. R. Taylor this morning that no parking of cars will be permitted Friday or Saturday on Main and Court streets. On Main street parking will be prohibited on both days between Railroad and Water streets. On Saturday Court street must be kept open its entire length from Main to the intersection of Webb and Court for the Westward Ho Parade.

VETERANS FROM WALLA WALLA

(Continued from page 1.)

Prospects are that today's crowd, by the time all are seated, will be a record breaker. Shortly after 1 o'clock the grandstand was more than three-fourths filled with a constant stream of humanity surging into it. The west bleachers were more than half filled and there was a good crowd in the east bleachers.

The crowd got laughs out of the performances of the wild steers and the burros.

TWO-BAGGER IS HOMER WHEN FIELDER MUFFS IT

KENMORE, O., Sept. 21.—Baseball fans are discussing a freak home run here. It hapened in a recent game when Outfielder Jefferson scooped up a two-bagger and attempted to hurry the throw to prevent a triple. The ball bounced from his hand and went over the fence, the runner strolling home from second.

TWIN CITIES HIGH SCHOOL NOT READY FOR THE STUDENTS

W. H. Birdsell, Phone 1173, has charge of the Milton-Freewater news and circulation bureau of the East Oregonian.

MILTON-FREEWATER, Sept. 20—In the Umatilla county contest held in Pendleton last Saturday, the Milton canning club won over the only competitors, the Umapine team, in the display of canned fruit, thus entitling our girls to go to Salem next week to compete in the state contest. The names of the young ladies composing the Milton team are Miss Harriett Ahern, Miss Mildred Milby and Miss Lelah Williams. Miss Jenetta Miller one of the members of the club won the honor of having the best individual exhibit at the Pendleton contest. The club have adopted "The Canny Canners" as the name for their society, and their motto is, "What the Canny Canners can't can, can't be canned."

Many high school students were disappointed Monday morning when they presented themselves at the new building to find that it was not entirely ready and that they would have to go home and wait till Thursday.

A hunting party consisting of Rev. E. G. Judd and sons, Leslie and Ellis and Sidney Owenby went over the mountains as far as Indian creek beyond Elgin last week, returning Saturday. They saw plenty of signs of deer and got plenty of bird game. The boys declare they saw a bear one night looking at them over a log only a few feet from where they lay sleeping, but by the time they were fully aroused he had bounded away. They had a fine time but got no deer.

The Woman's Society of the Baptist church met Friday afternoon at the home of Mrs. Elmer Chastain at the state line. There were eighteen ladies present and besides the business session they sewed and served luncheon at noon. All had an enjoyable time.

S. S. Shields and W. P. Hopson went to the Yakima valley Thursday to look over the apple situation there, returning Saturday. They report the crop no better there than it is here.

E. E. Walden is building a barn on his ranch near Sunnyside.

H. C. Lamb returned Saturday from an extended trip to eastern cities, including Boston, New York, Philadelphia, Cleveland, Detroit, Chicago and Denver. Mr. Lamb was gone more than a month. He states that the fruit market outlook is not as good as some years but that it is not nearly as discouraging as it might be. He went over to Yakima Monday to look after their apple packing business at that place. They are doing business in fruit in Boise, Idaho also.

Mr. and Mrs. W. E. Jones drove to Pendleton Monday, returning in the evening.

Mr. and Mrs. George Beller entertained Mr. and Mrs. Ed Snapp and children of Helix Sunday.

Mr. and Mrs. F. K. Noordhoff and Mrs. Homer McKenzie drove over to Pendleton Monday on business returning the same evening.

William H. Wagner and son Everett started for California in his Ford, Monday morning.

Josie Nebeker, the typhoid patient, a thirteen year old girl who was taken sick while living in a tent with her parents near the Peacock Mill has been taken to the county hospital at Pendleton through the instrumentality of the local Red Cross officers here.

Lincoln Blackburn took a load of fruit to Elgin Monday.

Miss Malden's lecture in the Christian church Sunday night was a very interesting and instructive one and was enjoyed by a large audience. Her subject was a most interesting one as it was about a most interesting country and her own personal experiences as a consecrated missionary in it. After listening to her one could but feel that China is worth the consideration of all who are interested in the welfare of mankind. Miss Maiden starts for Anderson, Ind. Tuesday night, where she will enter the school which is maintained for the purpose of qualifying missionaries for their work. She will remain there a year and will then return to Milton to be a short time with her relatives and friends, after which she will return to her work in China, where she has many native friends anxiously awaiting her return to them.

Williams and Olinger went to Liberty Bond, Wn., Tuesday by train. Their sawmill is located at that place.

Kenneth Cameron has gone to Forest Grove, Oregon to attend school at that place.

Mr. Mard, representative of the Winchester Fire Arms company was doing business in the Twin Cities Monday, his wife accompanying him. They are acquaintances of the Cheshires.

Last week there were a man and his wife camping in the Milton park for several days who had traveled from one end of the country to the other, having been out several months, and they paid the parks great compliment, for they said on leaving, that they enjoyed the time they stayed in it more than they had in any other in all their travels.

The proprietors, Mrs. Fred Baker and Mrs. Martin Harrah, left the naming of their new store near the telephone office to their customers, who were invited to write a suitable name on a slip of paper, signing their name to it and depositing it at the store, and the name seeming to the judges as the most appropriate would be selected as the one the store would go by. Miss Myrtle Grosgebauer was the lucky party and she got the five dollar basket of candy. The name chosen was "Bon Ton."

Mrs. Charles McConnell of Boise, da, is visiting at the home of Mr. and Mrs. George McConnell of Couse Creek. Mrs. McConnell is on her way home from a visit with her son in Seattle. She just recently lost her husband who was a brother to George McConnell.
