WESTON, Oct. 21.—Mr. and Mrs. L. H. Dowd and family of Washington, Washington, formerly of Weston mountain, stopped to visit their daughter, Mrs. Millie Gould and family last week while on their way to their new home in McMinnville, Oregon. Claud Hart came over from Walla Walla Wednesday to visit his sister, Mrs. Dorey Sams, and family.

The potato harvest will be finished by the last of next week. The weather has been ideal and some of the large amounts are Ralph Lansdale, 1250 sacks; Willie Gould, 1875 sacks; and on the Shad Price farm 2750 sacks. W. L. Rayborn will commence the middle of the week. E. E. Tucker, Chas. May, E. E. Faust and Badderley & Fuller will finish next week.

There has been but one frost this fall, and in some places the vines were too green to dig earlier.

Mrs. Harry Beathie of Weston, was a week end visitor at the Dick English home.

John Wroe of Wild Horse visited his cousins on the mountain last week.

Mrs. Jim Jones of Athena is cooking for the potato harvesters on their mountain farm.

Ernest March's hired men had an unlucky day recently when one of them fell out of a prune tree, breaking his arm and another was kicked by a horse and laid up for some time, almost breaking his leg.

The Weston Mountain Community Club held its regular monthly meeting at the community club room Saturday evening, October 14. After the regular routine of business, Col. Paul H. Weyrauch of Walla Walla, president of the Blue Mountain Good Roads Association, was introduced. He gave a very interesting talk on the all important subject of the Weston-Elgin highway, pointing out the necessity of a continuous hammering at the sources of revenue for building this highway. The great benefit this road will be to Weston mountain in the way of agricultural development and a much greater populated community. Colonel Weyrauch also spoke at some length on the necessity of farmers' organizations. What has been, is being and will be accomplished through such organizations. He urged the potato growers to make the Weston Mountain Seed Potato Growers' Association a 100 per cent membership association and if they would bind themselves together in an iron-bound contract the results will be very gratifying.

E. M. Smith, cashier of the Farmers' Bank of Weston, and Mr. Lampson of Kennewick, Wash., were visitors at the Community Club Saturday evening.

We mean to do no frightening—A loosened nut needs tightening.

Too much stress cannot be laid upon the importance of exact auto-adjustment. Each bolt should be in place and each nut properly tightened. Your steering gear should be working perfectly and every part of the car's mechanism should at all times be doing its bit. It would be well for us to examine your car frequently.
