Government Bonds Gain on Slow Market.

NEW YORK, Nov. 1.—(A. P.)—Strength of United States government bonds, which advanced 4 to 22 cents on \$100, was the outstanding development in yesterday's irregular bond market, the main trend in which was downward.

The new government 4 1/4 per cent bonds, which sold last week as low as 98.80, were sold at 99.50 today, showing a gain of 6 cents on the day. Liberty 3 1/2's advanced 10 cents and the first 4 1/4's 22 cents.

French 7 1/2's and 8's dropped to new lows on movement in today's dealings and were fractionally above the lowest of the year, but the French municipal issues were inclined to harden. The individual feature in the foreign group was the drop of 3 1/4 points in Swiss 5's. Swiss 6's, Jurgen 6's and Cuban railroad 5's each yielded a point, while Bordeaux 6's, Lyons 6's and Swedish 8's moved up a point each.

Speculative railroad issues were under pressure most of the day, but a slight recovery was noted in final dealings. Erie convertible series A dropped 2 3/8 points, while declines of 1 to 1 1/2 were registered by Erie general 4's. St. Paul convertible 4 1/2's, Pennsylvania consolidated 4 1/2's, Seaboard Air Line consolidated 6's, New York Central refunding 5's, Illinois Central refunding 4's, Denver & Rio Grande refunding 5's and Texas & Pacific firsts.

The few exceptions to the downward trend were Iowa Central 4's, Seaboard Air Line refunding 4's, 8's, Paul convertible 5's, Frisco income 6's and Pennsylvania general 4 1/2's, all up 1 to 2 points.

In the industrial and public utility groups there were several weak spots, the more prominent being Chile Copper 6's, Cuba Cane 7's, International Paper 5's series B, Wilson convertible 6's, Julius Mayer 7's, and Manati Sugar 7's, all down a point or more.

Armour 4 1/2's and Atlantic Fruit 7's were among the few industrial gainers, 1 to 1 1/2 points respectively. Total sales, par value, were \$12,600,000.

There were a few comparatively small offerings today, the largest being the \$2,500,000 issue of first-mortgage 26-year sinking fund 6 per cent gold bonds of the William Davies Company, Inc., which sold at 99 1/2 to yield 6.02 per cent.

Despite the cold spell, late Friday, stacking and work on irrigation ditches goes merrily on. The difficulty experienced the past few weeks in getting men to work on ditches will be offset as soon as the last hay is in the stack. It is expected by Project Manager H. M. Schillings. He anticipates that many of the farmers and their helpers who have been busy in the hay fields will turn to the reclamation service for employment within the next week or two.

Hermiston's Birth Rate Showed a Noticeable Increase

Hermiston's birth rate showed a noticeable increase during the past week. Friday there was born to Mr. and Mrs. Claude L. Finley, a boy. Sunday Mr. and Mrs. Lyle D. Thiden were beaming over the arrival of a fine boy at their home. Both babies are sturdy youngsters and all concerned are doing nicely. It was reported by Dr. W. W. Hiseley, attending physician.

Veterinarians Here are Puzzled over the "Freak" Pig

Veterinarians here are puzzled over the "freak" pig born in Eber D. Massie's herd last Saturday. The pig is apparently normal in every way but his heart is on the outside of his body just between the fore legs. For 15 hours after the birth the animal lived and his heart beat regularly on the outside just as it would on the in. Every beat of the organ could be plainly seen. Stock experts are of the belief that the pig could have lived had it been possible just after birth to operate and restore the heart to the inside of the body. Death is believed to have resulted from the pig lying in such a position that the organ could not function properly.

IONE-HERMISTON GAME CALLED OFF BY IONE

(East Oregonian Special.)
HERMISTON, Nov. 1.—The killing frosts of the past few nights were checked here last night by a slight rain that fell in this locality throughout yesterday afternoon and evening, so long as it remains cloudy there is small danger of frost, according to Charles Taylor, official weather recorder here of the United States reclamation service.

The coldest point reached here during the chilly snap was 22 degrees above. Meteorologist Taylor reported. The thermometer reached this both Saturday and Sunday nights.

Due to the lateness of the season, practically nothing suffered from the frost. Green points and tomato vines were withered but all potatoes are matured now, it is said. Trees that three days ago were thick with foliage are now blank and bare and autumn
