 Mr. and Mrs. Lee Johnson are at La Crosse, Wash., where they will visit a few days with Mr. and Mrs. Nelson.  
 The new school home for the district north of Athena has been completed. School started Monday with six pupils enrolled. Miss Edith Booth is the teacher.  
 Mrs. Bert Ramsey left Sunday for Portland, she will make an extended visit with relatives in the Willamette Valley.  
 The high school football team played the Stanfield team at Stanfield Friday afternoon. Athena won the game by a score of 43-0.

### TEACHERS KICK ON TIME QUESTIONNAIRE

DETROIT, Mich., Nov. 1.—Defiant and indignant that they should be asked to explain how they pass their non-working hours, many teachers in Detroit high schools are said to have refused to answer a questionnaire which has been submitted to them.  
 The report, which principals are collecting, will be sent to C. O. Davis, secretary of the North Central Association of Colleges and Secondary Schools, Ann Arbor.  
 Among the questions which have excited the ire of numerous teachers are:  
 How many minutes did you spend on Saturday and Sunday last?  
 "A" In physical recreation?  
 "B" In social recreation?  
 "C" In unprescribed professional study?  
 "D" In purely cultured activities?  
 "E" In religious and charitable activities?  
 "F" In civic activities?  
 "G" In purely personal activities other than those listed?

**VALUABLE WEDDING GIFT.**  
 BERLIN, Nov. 1.—(U. P.)—A crown containing seven hundred diamonds set in platinum, the smallest diamond half a carat, the whole bauble costing eight hundred million marks, will be the wedding gift from the kaiser to his bride, Princess Hermine. Expensive jeweled ear rings will bring the wedding gift total to a billion marks. The radical press is bitterly condemning Wilhelm's "trinketing," declaring it bad for Germany.

**HENRY J. TAYLOR**  
 The name of Henry J. Taylor, pioneer farmer of Umatilla county, will be upon the Democratic ticket as a farmer candidate for Joint Senator. Mr. Taylor is a consistent advocate of  
**Tax Reduction**  
 and says that tax reduction can be accomplished if we will elect legislators who will honestly try to do so. He favors the strictest economy in the expenditure of the people's money and a liberal support of the public schools. He is opposed to the  
**Monopoly School Bill**  
 for the reason that its adoption will add to the already intolerable burden of taxation approximately \$2,500,000 for additional school buildings and grounds, and an annual additional burden of approximately \$2,000,000 for maintenance and operation, and for the further reason that it would destroy parental authority and deprive the fathers and mothers of their constitutional right to religious freedom in the education of their children in the "fear and admonition of the Lord," as well as their education along other lines. A vote for Henry J. Taylor is a vote for genuine tax reduction and in the interest of every father and mother in this district and in the state.  
**Vote No. 29 X for Henry J. Taylor**

## Perfection of the NEW EDISON Demonstrated in Unique Tone Test at the First Christian Church

It is asking much of any device of metal and wood to expect it even to approximate the tones of the human voice.  
 Yet before a large audience in the First Christian Church yesterday, the remarkable NEW EDISON proved beyond a shadow of a doubt that a mechanical instrument can RE-CREATE the very living voice of a famous singer.  
 Harvey Hindermeyer, well-known tenor, sang in direct comparison with the RE-CREATION of his voice by the NEW EDISON. Even critical hearers could detect no difference between Mr. Hindermeyer's actual singing voice and its RE-CREATION.  
 Could any other phonograph sustain this test? No other has ever attempted it.  
 All that has been claimed for the unequalled realism of NEW EDISON RE-CREATIONS is established in fact by yesterday's matchless performance.  
 Mr. Hindermeyer took his place on the stage beside a

graceful Chippendale cabinet. The delight of his golden voice reached out through the auditorium to scores of attentive music-lovers.  
 Unexpectedly—he stopped singing. The NEW EDISON at his side took up the thread of his song, and, in the full, rich tones of the tenor, continued it alone.  
 Singer and phonograph alternated to the end. So exactly like Mr. Hindermeyer's living voice was the RE-CREATOR voice from the NEW EDISON, it was only by watching the movement of the singer's lips that they could be certain of the distinction.  
 Similar tests were made by The Dann Trio. Their instrumental selections could not be distinguished from the RE-CREATED performance—depth and quality of tones were identical—no difference could be found.  
 With the conclusion of the concert, it had been proved that the NEW EDISON is truly the artist in all but physical presence. Could better evidence be offered than the personal experience of a discriminating audience utterly convinced.

## The NEW EDISON

"The Phonograph With a Soul"

Was the instrument used yesterday a special model? Most emphatically, NO! Taken from regular stock, this NEW EDISON is known as an Official Laboratory Model. Each Official Laboratory Model in our stock is guaranteed to sustain the same test of direct comparison with living artists. One of these remarkable instruments is waiting to be delivered to YOUR home. Come in and hear it. And let us tell you about our Budget Plan, which brings this model into your home for no more than you would "pay down" for a talking machine.
