Edna Wallace Hopper, 62 year old Hopper, who is soon to be in Pendleton as a part of her western tour.

Answering to the age of 61 and still happy, is Edna Wallace Hopper, with 25 years ago was the famous Belasco star, and who is headed to appear here in person at the Hill-voll theatre. Edna Wallace Hopper is the most talked of and discussed woman in America today. More newspaper stories have been written about this woman than about most public officials. Her every word about rejuvenation has been recorded and heralded. "You must have three things to be really young," says she, "a young face, a young body, and a young spirit, and you can't have one without the other. In order to get young you must look young, otherwise you will be ridiculous. In order to look young one must have a young face and hair."

CHAIRMEN NAMED FOR RED CROSS DRIVE IN CITY; STARTS NOV. 11

County Will Once Again be Canvassed to Assist Greatest 'Mother in the World.'

Umatilla county will once again respond to the plea of the "greatest Mother in the World," when the annual Red Cross Roll Call opens on Saturday, Armistice Day. The county chapter, of which Geo. L. Clark is chairman, has appointed L. C. Scharpf chairman of the city drive. Others on this committee are J. V. Tallman, Judge Gilbert W. Phelps and H. E. Inlow. Chairmen for the various parts of the city are: L. Rogers, J. C. Woodworth, K. F. Ayer, W. E. Brock, John Vaughan, Clarence Penland, H. L. Simpson, Mrs. Sam Nelson, Mrs. Will Wyrick, J. E. Akey, Lester Hamley, Norborne Berkeley, T. H. Hampton, Mrs. Carmen Cole and Mrs. Clara Porter Smith.

For the county drive, Jim Spruce is chairman of the committee of which the other members are C. P. A. Loewig, Dr. W. D. McNary and Joseph N. Scott. Other workers have not yet been appointed. Rev. Clark, in appealing to the people of the county to give their aid, said this morning: "Again the American people are brought face to face with a golden opportunity to assist in the solution of humanity's problems, an opportunity to show forth the real sympathetic heart; an opportunity to prove that a great commonwealth will not forget an opportunity to demonstrate the ardent determination to carry on to times of peace as well as in times of war. This opportunity comes in the form of an appeal from the American Red Cross."

"The funds will enable the Red Cross to prosecute its work in the future, as it has done in past years. In order to do what is expected of it—its duty to do what must be done in this county during the coming year, the Red Cross must have at least \$2000 in a county of 25,000 people and in a county which a few years ago was \$24,000 for such work. It seems that a goal of \$2000 should be easily reached. To tabulate some of the results of the past year's work of the Red Cross is but to remind you of what you have done in the past. Meetings will be held frequently."
