

# News Notes of Pendleton

**CALENDAR OF EVENTS.**  
November 25—Football, Columbia College and Pendleton.

**Scouts Challenged**  
Boy Scout Troop No. 1, of La Grande, has challenged the Pendleton troop, No. 1, for a basketball game. The local scouts hope to meet the La Grande scouts before Christmas or if that is impossible, soon after Christmas.

**Boy Makes Record**  
Furdy Cornelison, son of Rev. J. M. Cornelison, who is a Freshman in the high school at Walla Walla, received an average grade of 95 1/4 for the first term. This record beats that made by any other one of the 250 students. If the boy is able to make the highest record again during the next term, he will be presented with a bronze medal.

**Turkeys Retail 35-Cents**  
Turkeys are retailing in Pendleton markets at from 35 to 40 cents, this being the price for dressed fowls which are ready to be cooked for the Thanksgiving dinner. Last year they sold at the retail price was 45 cents. The birds

are very plentiful this year, dealers state. Chickens retail at from 20 to 32 cents, some at from 30 to 35 cents and ducks at the same price.

**Car Turns Over**  
G. W. Blairs, proprietor of the La Grande-Pendleton Stage, had an accident this morning when his Cadillac car turned over about five miles southeast of Mission on the Cabbage Hill grade. The stage was coming toward Pendleton and met a Ford, which Mr. Blairs states was on the wrong side of the road. In attempting to stop his car, the wheels slid on the icy grade and the big car turned over. W. R. Ross of Meacham, and Hal Flora of La Grande were passengers. They suffered slight bruises. The windshield and top of the car were damaged to some extent. "It is the first accident I have had during the 12 years I have been driving. We were going at a slow rate of speed, or the accident might have proved serious," the stage owner said.

**Get Marriage License**  
A license to wed has been issued at the office of the county clerk to Max Dudley, a farmer of La Crosse, Wash., and Juditha Friedly, a teacher, of Pendleton.

**Has Tombs Removed**  
Eugene Hampton is a patient in St. Anthony's hospital where his tombs and adenoids were removed this morning. He is the son of Mr. and Mrs. Thomas Hampton.

**He'll Have Chickens**  
George Pfoiler has secured a building permit which calls for the construction of a henhouse, 80 by 20 feet, on his property on Cedar street. The estimated cost of the building is given as \$150.

**Two Buy Cadillacs**  
Robert Jones is the owner of a Cadillac phaeton which was recently delivered to him by Glen Stater, local salesman for the company. Senator Henry J. Taylor has also contracted for the delivery of a machine.

**To Be Operated Upon**  
Miss Jane Roosevelt is in Walla Walla where she will undergo an operation for gitter. The operation will be performed by her uncle, Dr. Howard Keyser. Miss Roosevelt is the daughter of Mr. and Mrs. C. E. Roosevelt.

**To Open Bids Wednesday**  
Bids for the construction of the Duff school in district number 92 will be let Wednesday afternoon at 2 o'clock in the office of W. W. Green, county school superintendent, according to a statement made today. The old building was recently destroyed by fire. The plans and specifications for the new building are on file at the superintendent's office.

**Police Get Car**  
A Dorr car bearing a Walla Walla license has been picked up by the Pendleton police and is being held for its owner. Chief of Police W. H. Taylor thinks that the machine may have been stolen and left on the streets here. A check is being made to ascertain if possible whether the car is being advertised as stolen.

**Wants To Foreclose**  
J. A. Bradley has brought suit in circuit court against Clifford H. Gordon and others to collect about \$2,500 which he claims is due and unpaid on notes. The plaintiff, who is represented by George H. Bishop and John C. Harwood, also seeks foreclosure of the mortgage which he claims was given as security for the loan.

**Plan to Co-operate**  
Orchardists in the Stanfield district have worked out a co-operative plan of tree pruning whereby they will be able to get a part of their work done while they receive instruction on the best method of pruning, according to Fred Hennion, who with Prof. C. L. Long, horticultural extension specialist, met with orchardists there yesterday. Several of the owners of the larger orchards agreed to pool their own efforts and cash to furnish the services of one extra man to go from one orchard to another until each owner has received one half day's work from the group. While the work is being done, the best method of pruning will be explained by Hennion. The plan provides for practical work along with the school training.

**What This Buffalo Physician Has Done For Humanity**  
The picture which appears here of Dr. Pierce of Buffalo, N. Y., was taken in 1910. As a young man Dr. Pierce practiced medicine in Pennsylvania and was known far and wide for his great success in alleviating disease. He early moved to Buffalo and put up in ready-to-use form, his Golden Medical Discovery, the well-known tonic for the blood. This strengthening tonic is made from a formula which Dr. Pierce found most effective in diseases of the blood. It contains no alcohol and is an extract of native roots with the ingredients plainly stated on the wrapper. Good red blood, vim, vigor and vitality are sure to follow if you take this Alleviate Extract. Dr. Pierce's Golden Medical Discovery cures away pimples and annoying eruptions, tends to keep the complexion fresh and clear. This Discovery cures the disordered conditions in a sick stomach, aids digestion, acts as a tonic and purifies the blood. Write Dr. Pierce's Invalids Hospital in Buffalo, N. Y., and receive confidential medical advice free. Send for trial pkg. tablets. All druggists sell Discovery, tablets or liquid.

PENDLETON OREGON

**WOULD PRESERVE SEA LIONS FROM DEATH**

PORTLAND, Ore., Nov. 23.—(A. P.)—To check if possible the destruction of sea lions off the Oregon coast by men working under the direction of the state fish commission, an investigation of the feeding habits of sea lions has been ordered by E. W. Nelson, chief of the bureau of biology, Washington, D. C., according to H. C. Steele, federal game warden for Oregon and Washington.

The direct purpose of the investigation, according to Steele, is to save if possible the thousands of sea lions off the Oregon coast rocks as part of the wild life of the state. They constitute one of Oregon's natural resources, it is said, and should in time become a tourist attraction.

Killing of the animals has been going on for two or more years under the direction of the state fish commis-

Of this year's crop 24.4 per cent is estimated to grade No. 2, and 13.5 per cent is estimated to grade No. 3. The percentages of the crop grading No. 4, No. 5, and below No. 5 are 2.3 per cent, 2 per cent, and 0.7 percent, respectively. Thus more than three-fourths of the 1922 crop is estimated to grade No. 1 and No. 2.

**Women Militarists During Demonstration**

Large numbers of feminine "black-shirts" accompanied the Fascist army on its march into the Italian capital. The women militarists are organized into fighting groups but have been restrained by Mussolini from taking part in the violent outbreaks.
