BLUE SKY LAW WANTED IN WASHINGTON STATE

WHEAT PRICES ARE HIGH AGAIN TODAY

VANCOUVER, Wash., Dec. 12.—Washington's lack of a blue sky law is taking more than \$20,000,000 a year out of the state, J. Grant Hinckle, secretary of state, who was here on a visit today, declared. Mr. Hinckle recently attended the national convention of secretaries of state and learned that the popular cry against the burden of direct taxation is heard in practically every state.

Legislation providing for a blue sky law in this state will be passed on in the near future, Mr. Hinckle indicated. The "wildcat" corporations, which incorporate under the lenient Washington laws and except for selling stock do business elsewhere, will have to seek some other state to get a charter, if the proposed law is passed, the official declared.

GUN CLUB WILL HOLD XMAS SHOOT SUNDAY

A Christmas turkey shoot such as was held just before Thanksgiving will be held next Sunday, December 17 at Collins park, by the Pendleton Rod and Gun club, according to a decision made by the organization at a called meeting last night at the office of J. H. Estes.

The time to make preparations for the shoot is short, but the committees appointed last night by President F. W. Lampkin are about the same that served for the Thanksgiving shoot, so everything is expected to be in readiness Sunday morning when the sport begins.

The committees include: G. H. Wyckoff and George Baer on the purchase of turkeys, geese and duck; F. W. Lampkin, C. G. Matlock and W. A. Rhodes, on advertising and printing; J. H. Estes, H. M. Hanover and Leslie Gibbs, in charge of games; Fred Earl, Earl Kirkpatrick and F. E. Welch on lunch which will be furnished free to all visitors; H. C. Bowman in charge of grounds; C. G. Matlock, M. J. Barthel, J. C. Schaeffer committee on finances and ammunition; and Sol Baum and Jack Allen on transportation.

An invitation from the Spokesmen Review to participate again in that paper's telegraphic shoot was read. No definite action on the proposal was taken at last night's meeting. The question was left open for further investigation. Some sentiment for new shooting in the telegraphic shoot this year was expressed.

W. H. Ashe, deputy game warden, asked the club to lend its support to efforts to have the season for Chinese pheasants cut down to eight days with a bag limit of 15 birds and to declare an open season for Hungarian partridges of the same length with a 10-bird bag limit. This suggestion met with the approval of the club members.

'LAW ABOVE PARTY' IS WOMAN JUDGE'S SLOGAN

CLEVELAND, O., Dec. 12.—Probably but few of those who voted for Judge Florence E. Allen as a member of the Ohio supreme court knew whether she was a republican or a democrat. Independence of any party affiliation was stressed in the campaign that brought Judge Allen an never before conferred upon a woman.

"Law above party" and "efficiency in the bench" by more business methods" were two points she hammered strongly in her election to the judicial position she is skipping from—that of judge of the common pleas court of Cuyahoga county and the one she is entering. The woman jurist declares she will take office "with no other obligations than those I owe to the people I am to represent."

Judge Allen made her race as an independent from the start, securing nomination by petition and carrying on her campaign through women's organizations in most of the counties of the state. She defeated Judge Benson W. Hough, a colonel in the 169th infantry, Rainbow Division, who had the solid support of the republicans.

Miss Allen has selected her election was not alone due to her qualifications, but to thousands of women throughout Ohio who regarded her the outstanding symbol and embodiment of their own ideals and incarnation.
