PUBLIC ENDOWS THE NOBEL PRIZE AWARDS

The Swedish Academy of Sciences announced to-day that Mrs. Gosta d'Alby, of Sweden, had been appointed to the post of Nobel prizes. Mrs. d'Alby is the widow of the late Lord, and her appointment makes her the first woman to hold the position of Nobel prizes. She will receive the prize in Stockholm on December 10.

NEW AUTO ENGINE IS SUCCESS IN FRANCE

French Dec. 30.-The famous French automobile manufacturer, A. D. T. C. A., has announced that its new engine has been a great success. The engine is said to be the most powerful engine ever built, and it is expected to revolutionize the automobile industry.

Dodge Brothers SEDAN

Many women who could afford more expensive closed cars prefer the sedan for its personal use. They find it easier to drive, easier to pack, and more comfortable on the road and in the city. These car owners also appreciate the greater efficiency and neatness of the sedan at higher prices.

The upholstery is done in genuine mahogany woven in a regular pattern. The seats are upholstered in rich, soft, and durable material, which can easily be cleaned and cared for.

First disc wheels (with anti-tire) on the under side of the car and in two wheels in a most effective way with the new grime and sometimes which Dodge Brothers have recently brought to the market of the body.
