FRIDAY, JANUARY 2, 2015

ARIES (March 21-April 19). You're looking for a bit of surprise in your relationships. You'll be attracted to people who know how to behave themselves and yet, every so often, choose not to.

TAURUS (April 20-May 20). Each person you talk to -- and you'll talk to many in your current outgoing mood -- is a chance to influence and be influenced. You'll be changed by the people you meet, and you'll change them right back.

GEMINI (May 21-June 21). Stay focused when the afternoon brings useless distractions. Don't pay attention just because "they" think it's important. You're among "them," but you're not one of them.

CANCER (June 22-July 22). Your fantasies about what you'll be able to achieve will prove to be well within reason, especially since you're taking the time to ready yourself for high output and maximum production.

LEO (July 23-Aug. 22). If multitasking really does exist, listening cannot be one of the tasks. Listening requires full attention. When you give it a fraction of attention, mistakes happen that will set you back.

VIRGO (Aug. 23-Sept. 22). You have love in your life. This contributes to your attitude of enthusiasm. Your soul will thrive. You feel grateful, and you thank people who may or may not deserve it.

LIBRA (Sept. 23-Oct. 23). Seek connections with greatness. Great people encourage you to be great, too. Limit your time with anyone who can't get behind your dreams -- the condition is unlikely to change.

SCORPIO (Oct. 24-Nov. 21). You're principled, but in some situations, if you don't bend to accommodate the different personalities of your group, you're not going to be a part of what's going forward. Step back for perspective.

SAGITTARIUS (Nov. 22-Dec. 21). Life feels like doing a push-up today -- when you're doing it right, there is no part of the exercise that's not work. The benefit is that you'll be stronger for the effort, and you'll look better, too!

CAPRICORN (Dec. 22-Jan. 19). Your habit of putting things in a favorable light will make you a valued friend and a well-paid employee. So many offers are coming your way for fun and business that you can afford to be choosy.

AQUARIUS (Jan. 20-Feb. 18). Remember those plans you wrote down only a few weeks ago? Well, your soul is already leading you in a different direction. The casual contacts you make will be helpful to your work later on.

PISCES (Feb. 19-March 20). Underused talents will now get a workout. It's better to apply your passion to a project than to a person. People won't know how to absorb all of your energy right now, but a well-chosen project will love you back.

TODAY'S BIRTHDAY (Jan. 2). Your whole being vibrates with excitement about your mission. Don't wait for the money to pursue your dream. Do it on the scale you can afford and gain fans. Support is more important than dollars. Let go of the expendable things that draw your energy away from this important purpose. Success comes in April. Leo and Gemini people adore you. Your lucky numbers are: 3, 14, 33, 19 and 50.

EO-7373
SECRETARY OF STATE NOTICE OF PROPOSED RULEMAKING
Oregon Department of Agriculture, Food Safety & Animal Health Program, Administrative Rules Chapter #603, Sue Gooch, Rules Coordinator, (503) 986-4583. Amend: 603-011-0610, 603-011-0615, 603-011-0620, 603-011-0630. RULE SUMMARY:
Bovine Trichomoniasis is a sexually transmitted parasitic infection caused by the microscopic protozoan Trichomoniasis foetus. The disease is spread primarily by infected bulls that do not exhibit symptoms. Infection causes reproductive failure resulting in significant monetary losses to the beef industry. Oregon's bovine trichomoniasis import and disease control rules are included in OAR 603-011-0610 through 0630. There have been advances in laboratory testing technology and a significant increase in knowledge of the disease. Additionally, there is a national effort to harmonize interstate testing requirements on bulls. For these reasons we propose updating definitions, clarifying testing procedures and amending importation requirements. The quantitative polymerase chain reaction (qPCR) test is the preferred laboratory diagnostic test nationally. It is a particular category of test with multiple companies manufacturing kits, machines and reagents. Removal of specific references to trade names in the rules is proposed. We would like to clarify that trichomoniasis testing be performed by a certified veterinarian. The current wording refers to a certified person. We also propose that the qPCR test be the defining test for importation purposes and that the virgin status age of bulls be amended from 12 months to 18 months of age. These changes will harmonize Oregon's rules with the majority of states. Last day for public comment is January 22, 2015.
