HOROSCOPES

By Holiday

WEDNESDAY, JANUARY 7, 2015

ARIES (March 21-April 19). You've built up plenty of goodwill, and now it's your turn to relax. They might not remember all the things you did, but they will definitely remember how you made them feel.

TAURUS (April 20-May 20). You might be surprised at whom you'll influence. You can be sure that the impression you make will travel long distances and extend far into the future, too.

GEMINI (May 21-June 21). You're generous now -- maybe too generous. Think twice before you share to prevent yourself from accidentally giving away what you should have kept for yourself.

CANCER (June 22-July 22). Use reverse psychology. People will want what they think they can't have. Create a sense of scarcity around what you're offering. When something is too abundant, it will be perceived as common and undesirable.

LEO (July 23-Aug. 22). Make big plans, because without them, you'll be reacting to life instead of creating it. Not all of your plans will work out, but you'll sure be better off for having made them.

VIRGO (Aug. 23-Sept. 22). If you don't believe something should be yours, then you won't be able to obtain it. Work on your own feelings of worthiness. You really do deserve this, and the only one keeping you from it is you.

LIBRA (Sept. 23-Oct. 23). You can't help it that you're drawn to highly competitive arenas. But with your high level of focus, you put the odds in your favor. You'll spend many tireless hours on the same activity until a breakthrough is inevitable.

SCORPIO (Oct. 24-Nov. 21). When people are not understanding you, it's natural to want to repeat yourself, loudly. However, such a tactic won't work. You need new words instead. Change your language and approach.

SAGITTARIUS (Nov. 22-Dec. 21). You can't help but wonder whether life would have been different had you made another choice. Rest assured, you made the right choice then, and today brings a kind of proof you'll find quite satisfying.

CAPRICORN (Dec. 22-Jan. 19). You have so much on your mind that socializing might not seem like a huge priority. But make a weekend plan anyway -- you'll be glad when Saturday comes around.

AQUARIUS (Jan. 20-Feb. 18). Where you spend your time will be crucial to the way relationships develop. A comfortable environment will allow you to shine. If you're not comfortable, it will be better to leave than to try to make things work.

PISCES (Feb. 19-March 20). Today brings a chase of some kind. Don't assume anything about the thing or person you're after. This situation will require you to be fully aware and on your game.

TODAY'S BIRTHDAY (Jan. 7). Instead of focusing on improving yourself, put your energy into knowing and leaning on your strengths. This month is a high point in your personal life, and you'll grow in confidence in the early part of the year. February will throw you a professional curveball. April and July will bring magical travel experiences. Cancer and Pisces people adore you. Your lucky numbers are: 40, 12, 1, 38 and 16.
