HOROSCOPES

— By Holiday —

TUESDAY, JANUARY 20, 2015

ARIES (March 21-April 19). You're ready to go to the next level and the right tools will be key. Invest in the best materials you can afford. It will make all of the difference in how your work comes together.

TAURUS (April 20-May 20). Your success hinges on your decision to take on the challenge. Resolving to do something is half of the action itself. That's why it's worthwhile to deliberate on which resolutions are worthy of you.

GEMINI (May 21-June 21). There's power in yielding. Instead of opposing the flow, give in and let it carry you, trusting the wisdom of natural forces. Besides, you're not really alone. Water signs will ride this one out with you.

CANCER (June 22-July 22). You'll be attracted to that person who seems to have a secret. Maybe this secret is not one thing in particular, but a unique way of thinking, living and being.

LEO (July 23-Aug. 22). It's natural to question "How did I get here?" The "here" in question can seem so very far from where you started. The better question though is: "What now?"

VIRGO (Aug. 23-Sept. 22). While one person is busy in thought the other has already implemented a course of action and is learning from it. Put yourself in the second position -- don't think about it, just try it.

LIBRA (Sept. 23-Oct. 23). Many of your adventures have started by choice but today's begins in fate. Your ability to recognize and act upon the opportunities in the moment makes for good fortune.

SCORPIO (Oct. 24-Nov. 21). When you are near the ones who are dearest to you, the smallest interactions can bring the biggest joy. When you can't be with dear ones, try and seek kindred spirits.

SAGITTARIUS (Nov. 22-Dec. 21). Don't be afraid of hard work, especially if there's a physical component to it. Sometimes before you get renewed you have to be soundly worn out.

CAPRICORN (Dec. 22-Jan. 19). It is said that artists are merely channels for unseen creative forces. That may be true, but your version of said "channel" is so quirky and unique that even if the muses did most of the work, you'll get all of the credit.

AQUARIUS (Jan. 20-Feb. 18). When you ask a question, that's the moment the other person will know that you don't know. When you don't ask, ignorance could go on forever. It's better to ask.

PISCES (Feb. 19-March 20). Wind, rain, barometric pressure -- of all the forces that can change the world, love is still the most powerful. Do not doubt that your small, loving interactions person-to-person will make a difference.

TODAY'S BIRTHDAY (Jan. 20). Your dreams of the future are better than your history and with persistence you will get there. Be realistic with work and fanciful with love in February. Then, in March, reverse it. Negotiations favor you in April. June is your chance at an exotic trip, though you'll have to make it a top priority for it to really happen. Pisces and Libra adore you. Your lucky numbers are: 44, 49, 13, 29 and 16.
