ARIES (March 21-April 19). You don't have to put people to the test to sense which ones are good for you. Affirm to yourself who your allies are because utilizing your alliances will help you succeed in the next 48 hours.

TAURUS (April 20-May 20). It's too general to say that you trust one person or don't trust another. Understanding who people are and how they are likely to behave is much more useful than blanket statements of trust or distrust.

GEMINI (May 21-June 21). It's said that you're not supposed to awaken people who are sleepwalking. Similarly, it could be dangerous to offer too much outside reality to one who is living very much within a bubble of personal reality.

CANCER (June 22-July 22). Your social landscape is changing. Instead of offering signs of approval, try empathy. Ask the questions that might help you better understand how another person walks this world.

LEO (July 23-Aug. 22). Does self-improvement have to be such an endless quest? You may simply not be in the mood for it today. As Winston Churchill said: "He has all of the virtues I dislike and none of the vices I admire."

VIRGO (Aug. 23-Sept. 22). Even though you've done nothing wrong, those who misunderstand you could ask you to defend yourself. If you think you might be put on the stand, prepare a case for yourself beforehand.

LIBRA (Sept. 23-Oct. 23). Some responsibilities do not need to be taken on, and others cannot be avoided and therefore should be accepted immediately. Knowing the difference takes wisdom, which you definitely possess.

SCORPIO (Oct. 24-Nov. 21). Just because you have a right to do a thing doesn't mean you should. There are many considerations to factor into today's decisions, not the least of which have to do with the feelings of others.

SAGITTARIUS (Nov. 22-Dec. 21). While the gurus spout the glories of being "authentically you" and "living your truth," the reality is that relating well to a variety of other humans takes specialized skills that must be learned. At first it will feel like an act.

CAPRICORN (Dec. 22-Jan. 19). When the laws of supply and demand don't seem to be working in your favor, get creative. You're truly brilliant in your ability to manage the equation to better suit you.

AQUARIUS (Jan. 20-Feb. 18). Instead of avoiding negative feelings, dive right in to whatever is bothering you. Dealing directly with your challenges will liberate you. A moment of unpleasantness will be followed by hours of relief.

PISCES (Feb. 19-March 20). You can plan this day to a point, but leave yourself exit strategies too, and be willing to bail on the plan when spontaneous opportunity arises (and it will).

TODAY'S BIRTHDAY (Jan. 27). Besides putting in the work to get use out of the intellectual abundance of your birthright, you'll also apply emotional and spiritual intelligence to create the personal life of your dreams. February brings a financial breakthrough. You'll receive visitors in May and make memories. You'll make an important promise in September. Cancer and Virgo adore you. Your lucky numbers are: 40, 22, 14, 39 and 50.
