COOLING SYSTEM SPECIALISTS

• Radiators • A/C • Heaters

In 1981 Darrel & Rhonda Sallee opened their doors in a service station on Hermiston Ave. From that one-man shop, their business has grown into one of the largest heat exchange specialty businesses in the Northwest. Rhonda credits their success in being pro-active and staying abreast of the latest technology & repair procedures. This is accomplished through their multiple trade associations that they are active in as well as the vast network of contacts they have made in over 40 years in the business.

Keeping current on new repairs & purchases of new equipment has kept Auto Kool in the forefront of their industry. We are the largest warehouse of A/C parts and radiators with lines from cars to trucks and tractors.

Their alliance with CDS (Clean Diesel Specialists) has allowed Auto Kool to clean Diesel Particulate Filters (DPF's)... a process which eliminates the need to replace the DPF, and at a fraction of the cost of a new unit. They also offer retrofits for semis, tractors and stationary units, both services which aren't normally offered locally.

305 N. First St., Hermiston • 1-800-231-5665 • www.autokool.com
